Nothing in this rule shall apply—

(a) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or,

(b) to the filling for private use and not for sale of any safety cartridges to the amount allowed by these rules to be possessed for private use.

4. If any person manufactures an explosive in contravention of Rule 3, he shall be punished with fine which may extend to three thousand rupees.

5. An explosive shall not be possessed except under and in accordance with the conditions of a license to possess the explosive granted under these rules:

Provided that this rule shall not apply—

(1) to a person possessing for his private use and not for sale—

(a) Gunpowder to an amount not exceeding on the same premises, 30 lbs., or in lieu of the said quantity of gunpowder, 15 lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive.

(b) 150 lbs. of any explosive contained in ammunition of the 1st division of the 6th (ammunition) class.

But so that in the case of any explosive other than gunpowder or an explosive of the 1st division of the 6th (ammunition) class, the person so possessing the same must within 12 months previously have obtained a certificate from a Superintendent of Police that he is a fit person to keep such explosive. A fee of four annas shall be paid for such certificate.

Exception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorize the possession for private use—

(a) of any explosive whereof the possession has been prohibited absolutely by notification under Section 5 of the Regulation; or,

(b) where the possession of an explosive has by notification under that section been prohibited subject to conditions, of any such explosive except subject to those conditions.

(2) to the possession of an unlimited quantity of fireworks belonging to the 2nd (maunfactured fireworks) division of the 7th (firework) class, if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days in a safe and suitable place, and with all due precaution for the public safety: and if information has been previously given to an Inspector of Police of the Taluk in which the place is situated, of the intended possession of such fireworks.

(3) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with these rules.

6. If any person possesses an explosive in contravention of Rule 5, he shall be punished with fine which may extend to one thousand rupees.

7. An explosive shall not be sold except under and in accordance with the conditions of a license to sell the explosive granted under these rules.

Provided that this rule shall not apply to any person selling any explosive, which for his own private use he lawfully possesses, to any person who is not legally prohibited from possessing the same.

8. If any person sells an explosive in contravention of Rule 7, he shall be punished with fine which may extend to five hundred rupees.

(b) Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.

9. Licenses to manufacture, possess, and sell, or to possess and sell, or to possess an explosive of the 1st (gunpowder) class or of the 1st division of the 6th (ammunition) class or of the 7th (firework) class to such total amount during the currency of the license, and in such places as shall be approved by the licensing officer, may be granted by the District Magistrate:

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200 lbs. of gunpowder, 500 lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 200 lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

10. The following fees shall be paid for every license granted under the last foregoing rule, namely :--

(1) a fee of twenty rupees for every license to manufacture, possess, and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;

(2) a fee of ten rupees for every license to manufacture, possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;

(5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ; and

(7) a fee of eight annas for every license to possess explosive.

11. Every license granted under Rule 9 shall be in Form A, B, or C, in the schedule hereto annexed as the case may be, and shall be subject to the conditions prescribed therein.

12. If any person commits a breach of any condition subject to which a license under Rule 9 is granted, he shall be punished with fine which may extend to five hundred rupees, and an additional sum of one hundred rupees for each day that such breach shall continue after he shall have been required to rectify the same by a District Magistrate or any subordinate Magistrate or any Police Officer, not below the rank of an Inspector, authorized in this behalf by a District Magistrate or by any person authorized by the Government by Mysore to inspect explosives but so that the total amount of such fine shall not exceed the maximum fixed by the Regulation.

(c) Licensing of the manufacture of other explosives.

13. Licenses to manufacture explosives other than those referred to in Rule 9 shall be granted by the Government of Mysore on payment of such fees in such form for such term and subject to such conditions as the said Government may in each case prescribe: provided that the said Government shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

14. If any person commits a breach of any condition subject to which a license under rule 13 is granted, he shall be punished with fine which may extend to three thousand rupees.

(d) Licensing of the possession of small quantities of explosives.

15. Licenses for the possession at such places as shall be approved by the licensing officer of any specified explosives (other than those whose possession has been prohibited absolutely under Section 5 of the Regulation) shall, if the quantity to be possessed at the same time does not exceed 60 lbs., be granted by the District Magistrate.

16. Every license granted under Rule 15 shall be in Form D in the schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

17. If any person commits a breach of any condition subject to which a license under rule is 15 is granted, he shall be punished with fine which may extend to one thousand rupees.

(e) *Licensing of the possession of any specified explosives.*

18. Licenses for the possession of any specified explosives (other than those whose possession has been prohibited absolutely under Section 5 of the Regulation) shall be granted by the Government of Mysore in accordance with the following procedure:—

(1) The applicant shall submit to the District Magistrate an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.

(2) The application shall specify such of the following matters as are applicable, namely:—

(a) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear and the buildings and works from which it is to be kept clear or the distances to be maintained between the magazine, or any part thereof, and other buildings and works;

(b) the situation, character, and construction of all the mounds, buildings and works on or connected with the magazine, and the distances thereof from each other;

(c) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine; and

(d) any special terms which the applicant may propose by reason of special circumstances arising from the locality, the situation, or construction of any buildings or works, or the nature of any process or otherwise.

(3) Upon receipt of the said application—

(a) The District Magistrate shall cause a notice of the application to be published, in the Official Gazette or otherwise, calling upon any person who may have objections to the establishment of the magazine in question, on the proposed site, to deliver a written statement of such objections to the said District Magistrate on or before a given date, not less than one month from the date of the publication of the notice.

(b) Where the site of the proposed magazine is situated within, or within one mile of, the limits of the jurisdiction of any municipality, the applicant shall serve on such municipality notice of the application and of the date of hearing by the District Magistrate.

(c) The District Magistrate shall either inspect the site of the proposed magazine himself, or shall require a report by the Sub-Divisional Magistrate within whose jurisdiction it is situated, after personal inspection.

(d) If any statement of objections is received, the District Magistrate shall fix a day as early as practicable after the expiration of the month required under (a) for hearing the objectors, and shall give notice thereof to them and to the applicant.

(e) After hearing the objectors, if any, and making any further inquiry which he may think necessary, or, if no statement of objections is received, after the inquiry required by (c), the District Magistrate shall forward the application to Government, with a report of the proceedings taken of the particulars of the objections, if any, and with his own opinion and recommendation on the whole case. The Government may, thereupon, either grant the license applied for, either in accordance with the recommendation of the District Magistrate, or with the addition of any additional restrictions and pre-

cautions as may be deemed proper, or may refuse the license.

(*f*) If the Government grant a license, it shall forward the same to the District Magistrate, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license; but, until so confirmed, the license shall not come into force.

19. A fee of twenty rupees shall be paid for every license granted under Rule 18.

20. Every license granted under Rule 18 shall be in Form E in the schedule hereto annexed, and shall be subject to the conditions prescribed therein.

21. If any person commits a breach of any condition subject to which a license under Rule 18 is granted, he shall be punished with fine which may extend to one thousand rupees.

(*f*) *Licensing of the sale of explosives.*

22. Licenses for the sale of explosives may be granted by the District Magistrate to any person licensed to possess the same.

23. A fee of twenty rupees shall be paid for every license granted under Rule 22.

24. Every license granted under Rule 22 shall be in Form F in the schedule hereto annexed, and shall be subject to the conditions therein prescribed.

25. If any person commits a breach of any condition subject to which a license under Rule 22 is granted he shall be punished with fine which may extend to five hundred rupees.

(*g*) *Supplementary.*

26. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that in connection with his magazine or licensed premises he fills for sale or otherwise any cartridge for small arms with the said explosive, provided that he observes the following regulations, namely:—

(1) There shall not be in the room in which such filling is being carried on more than 5 lbs. of gunpowder or 3 lbs. of any other explosive, except it be made up into safety cartridges; and

(2) any work unconnected with the making of the cartridges shall not be carried on in the room while such filling is being carried on;

(3) there shall not be in the room while such filling is being carried on any fire or any artificial light except a light of such construction, position and character as not to cause any danger of fire or explosion;

(4) the room in which the filling is carried on shall be detached from the magazine, but in the immediate neighbourhood thereof, and at such distance therefrom as may be specified in the endorsement hereinafter referred to;

(5) the licensee shall previously give notice to the authority which grants his license that he intends to carry on such filling of cartridges as is allowed by this rule and have the license endorsed by such authority.

27. A person licensed to possess an explosive shall not be required to take out a license for manufacture by reason that in connection with his magazine or licensed premises, he, by filling cartridges, making charges, drying, sifting, fitting or otherwise, adapts or prepares the said explosive for use exclusively in his mine or quarry or in some excavation or work carried on by him, or under his control, provided that he observes the following regulations, namely:—

(1) There shall not be in the workshop in which such adaptation or preparation is carried on more than 100 lbs. of gunpowder or 25 lbs. of any other explosives.

(2) Any work unconnected with such adaptation or preparation shall not be carried on in the said workshop while such adaptation or preparation is being carried on.

(3) The said workshop shall be detached from the magazine, but in the immediate neighbourhood thereof and at such distance therefrom as may be specified in the endorsement hereinafter referred to.

(4) An explosive of one description shall not be converted into an explosive of another description and shall not be unmade or resolved into its ingredients.

(5) The licensee shall previously give notice to the authority which grants such license that he intends to carry on such adaptation or preparation as is allowed by this rule and have the license endorsed by such authority.

TRANSPORT.

(a) *Licensing.*

28. No explosive need be transported under license except where such license is required under the Mysore Arms Regulation 1890, and the rules made thereunder.

(b) *Packing.*

29. The following regulations shall be observed with respect to the packing of explosives for conveyance :—

I. Each class of explosive shall be separately packed.

II. An explosive not being an explosive of the 2nd and 3rd divisions of the 6th (ammunition) class or of the 1st division of the 7th (firework) class, shall, if not exceeding 1 lb. in the case of explosives of the 3rd (nitro-compound) class or the 4th (chlorate-mixture) class, and in the case of other explosives not exceeding 5 lbs. in quantity, be contained in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping.

III. In every other case, the explosive shall be contained in a double package. The inner package shall be a substantial case, bag, canister, or other receptacle, made and closed so as to prevent the explosive from escaping, and the outer package shall be a box, barrel, or case of wood or metal or other solid material and shall be of such strength, construction, and character that it will not be broken or accidently opened, or become defective or insecure whilst being conveyed, and will not allow the explosive to escape. Provided as follows :—

(a) If the explosive is of the 1st (gunpowder) class or the 2nd (nitrate-mixture) class or the 2nd division of the 3rd (nitro-compound) class, the quantity of explosive in any one outer package shall not, in the case of explosive of the first two classes, exceed 100 lbs., and in other cases 50 lbs. If the explosive is picric acid, the inner package must be of such a nature as to effectually prevent any picric acid from coming into contact with any basic metallic oxide.*

(b) If the explosive belongs to the 1st division of the 3rd (nitro-compound) class or to the 4th (chlorate-mixture) class, the inner package shall be without any metal in its construction, and the inner or outer package or both shall be thoroughly water proof. No one of the inner packages shall contain more than 10 lbs., and the aggregate quantity of the explosive in any one outer package shall not exceed 50 lbs. But water-proof packing will not be required in the case of (i) explosives of the 2nd division of the 4th (chlorate mixture) class or of (ii) ballistite, blasting gelatine, camphorated gelatine, cordite, gelatine dynamite, gelignite and such other explosives

* NOTE.—This rule is intended to prevent picric acid being packed in a case lined with certain metals, such as zinc or lead, which would result in danger arising from the formation of a picrate. Water-proof bags inside powder-barrels are suggested as a simple and safe method of packing picric acid for transport or storage.

which do not yield up the nitro-glycerine in contact with water, as the Government of Mysore may hereafter notify in the Official Gazette.

(*c*) 1. If the explosive belongs to the 1st division of the 6th (ammunition) class, it shall be contained in a box, barrel, or case of wood, metal or other solid meterial and of such strength, construction, and character that it will not be broken or accidently opened or become defective or insecure while being conveyed and will not allow any explosive to escape.

2. If the explosive belongs to the 2nd division of the 6th (ammunition) class, the following rules shall apply, *viz*:—

(i) A shell or torpedo containing any explosive material, wheth ich shell or torpedo be separate or form part of a rocket or c up- pliance, shall be packed in such manner as may be specially ed by the Government of Mysore or by a person specially aut y that Government to inspect explosives.

(ii) Any explosive material when made up into a cartric or charge for cannon, shells, mines, blasting, or other like pur ses, shall be packed in the manner required for the same explosive material when not so made up.

Provided that where a double package is required, the enclosing case of such cartridge or charge, if it satisfies the conditions required for the inner package, may be held to be such inner package.

(iii) Any other explosive of the 2nd division shall be packed in a box, barrel, or case of wood, metal or other solid material, and of such strength, construction, and character that it will not be broken or accidentally opened, or become defective or insecure whilst being conveyed, and will not allow any explosive to escape: and any one such package shall not contain more than 100 lbs. of ammunition except with the consent of and under conditions approved by the Government of Mysore or by a person specially authorized by that Government to inspect explosives.

(*d*) If the explosive belongs to the 3rd division of the 6th (ammunition) class, it shall be packed in a double package. The inner package shall not contain more than 2 lbs. of such explosive and not more than 50 lbs. shall be contained in the outer package.

(*e*) If the explosive belongs to the 1st division of the 7th (firework) class, it shall be contained in a double package. The inner package shall be a substantial canister, case or other receptacle hermetically closed, and containing no more than 1 lb. of explosive, and no more than 20 lbs. shall be contained in the outer package; and

(*f*) If the explosive belongs to the 2nd division of the 7th (firework) class it shall be contained in a box, barrel or case of wood, metal or other solid material, and of such strength, construction and character that it will not be broken or accidentally opened or become defective or insecure whilst being conveyed, and will not allow any explosive to escape, and the quantity of explosive in any one package shall not exceed 100 lbs.

IV. Whatever be the amount of the explosive and to whatever class or division of a class it belongs, the following conditions shall be observed:—

(*a*) The interior of every single, or inner or outer package, shall be kept free from grit and otherwise clean;

(*b*) Every package, whether single or double, when actually used for the packing of an explosive, shall not be used for the packing of any other explosive of the same or any other class or for any other purpose, except with the consent specially obtained from and under conditions approved of by the Government of Mysore or a person specially authorized by that Government to inspect explosives;

(c) There shall not be any iron or steel in the construction of any single or inner or outer package unless the same is effectually covered with tin, zinc, or other suitable material;

(d) On the outermost package there shall be affixed, in conspicuous characters by means of a brand or securely attached label or mark, the word "Explosive" followed by the name of the explosive or other description of the contents, and the name and address of the owner or sender, and a red circle 1½ inches in internal and 3 inches in external diameter or as nearly that size as the dimensions of the package permit.

(e) The amount of explosive in any single package, or, if there is a double package, in any one inner or outer package, shall not exceed the amount specified in the foregoing regulations, except with the consent of and under conditions to be approved by a person specially authorised by the Government of Mysore to inspect explosives.

V. In special cases the Government of Mysore or any person specially authorised by that Government to inspect explosives may allow explosive to be transported when packed according to the packing rules of the country where it was manufactured.

30. If any person commits a breach of any of the foregoing regulations relating to the package of explosives for conveyance, he shall be punished with fine which may extend to one thousand rupees.

(c) *Mode of conveyance.*

31. The following regulations shall be observed with respect to the conveyance of explosives—

I. No explosive shall be conveyed from place to place unless packed in the manner provided for in Rule 29.

II. There shall not be conveyed in any carriage or boat, which is being used for the conveyance of an explosive, any explosive of a different class and division of whatsoever nature, which contains its own means of ignition unless it be sufficiently separated therefrom to prevent any fire or explosion which may take place in one such explosive being communicated to another.

III. No explosive shall be loaded or unloaded except between sunrise and sunset, but this regulation does not apply to explosives which fulfil the conditions laid down in Rule 32, Regulation I.

IV. Whilst the explosive is being loaded on, or unloaded out of any carriage or boat, no fire or artificial light nor any article which is liable to cause or communicate fire or explosion—such as charcoal, lucifer matches, articles for striking a light, petroleum, or any spirit or oil or substance liable to give off an inflammable vapour at a temperature below 125° Fahrenheit—shall be, or shall be allowed to be brought, had or used dangerously near to such carriage or boat, and no smoking shall be allowed in, on or dangerously near to the same; provided that when the use of a light for the purpose of such loading or unloading is unavoidable, a lamp of such construction, position and character as not to cause any danger from fire or explosion may be used, and no person while handling any explosive—except explosive of the 1st division of the 6th (ammunition) class or the 2nd (manufactured firework) division of the 7th, (firework) class, if packed in accordance with the packing rules—shall wear boots or shoes with iron or steel nails, heels or tips.

V. In loading or unloading any explosive, the casks and packages containing the same shall be passed from hand to hand and not rolled upon the ground; they shall not be thrown or dropped down, but shall be carefully deposited and stowed.

VI. The explosive shall not be conveyed except in the interior of a carriage so enclosed on all sides with wood or metal, or in the hold of a boat having a deck so closed as effectually to protect the explosive against accident by fire from without. If the explosive

cannot be so secured, it shall be completely covered with painted cloth, tarpaulin or other suitable material so as to effectually protect it against communication of fire.

VII. There shall not be any iron or steel in the interior of the portion of the carriage or boat with which the case containing the explosive is or may become in contact, unless the same be effectually covered with leather, wood, cloth or other suitable material.

VIII. In stowing of explosive due precautions shall be taken by means of partitions or otherwise and by careful stowing to secure such explosive from being brought into contact with, or endangered by any other article, or substance conveyed in such carriage or boat which is liable to cause fire or explosion; and if the explosive is dangerously affected by water, due precautions shall be taken to exclude water from coming into contact with such explosive.

IX. The amount of explosive conveyed in any one carriage or boat at any one time shall not exceed 2,000 lbs., unless the carriage be so enclosed on all sides with wood or metal, or the boat have a deck so closed, as effectually to protect the explosive against accident by fire from without, in which case the amount of explosive conveyed shall not exceed the following:—

In any one carriage on a railway	10 tons.
In any one other carriage	2 tons.
In any one boat	10 tons.

This regulation must be read subject to Regulation XVI contained in Rule 33 dealing with the conveyance of explosives by railway.

X. Nothing in Regulations III, VI, VII, and IX, contained in this rule shall apply to any explosive of the 1st division of the 6th (ammunition) class, provided all due precautions are taken for the prevention of accidents.

32. The following regulations shall be observed with respect to the conveyance of explosives otherwise than by railway:—

I. No explosive shall be conveyed in a carriage or boat whilst carrying or plying for public passengers, unless the quantity be less than 20 lbs. of explosive of the 1st division of the 6th (ammunition) class, 10 lbs. of explosive of the 2nd division of the 7th (firework) class, or 5 lbs. in the case of other explosives and notice has been given beforehand to the person in charge of such carriage or boat: provided that there shall not be conveyed in any such carriage or boat, any explosive of the 3rd (nitro-compound) class, the 3rd division of the 6th (ammunition) class or the 4th (chlorate-mixture) class except—

i. Detonators packed in sawdust or other similar material to the number of 200, provided that the amount of explosive of the 5th (fulminate) class in the detonators shall in no case exceed in the aggregate 3 ozs. (a certificate to this effect being given by the person by whom the detonators are tendered for transport); provided also that no other explosive is carried in the same compartment.

ii. Blasting gelatine, camphorated gelatine, gelatine dynamite, gun-cotton and such other explosives of the 3rd (nitro-compound) class as the Government of Mysore may hereafter notify in the Official Gazette, which may be carried in the form of cartridges up to the limit of 5 lbs.

II. The person in charge of carriage or boat containing explosive shall not drive or conduct the same in a dangerous or reckless manner and shall take all due precautions to avoid fire and explosion and no person shall do any act or thing in relation to the explosive which tends to cause fire or explosion, and is not reasonably necessary for the conveyance of the explosive or for work immediately connected with such conveyance, and a person who is intoxicated

shall not have charge of any carriage or boat conveying explosive and shall not be permitted to be in or on or attending the same.

III. With respect to the conveyance by carriage or boat of explosive of the 2nd or 3rd division of the 6th (ammunition) class or of the 1st division of the 7th (firework) class or of larger quantities than 20 lbs. of explosives of the 1st division of the 6th class or 5 lbs. of explosive of the 2nd division of the 7th class or than 2 lbs. of any other explosive, the following regulations shall be observed :—

(1) A person shall not forward to any warehouseman or a carrier a consignment of explosive, unless he has given notice to such warehouseman or carrier beforehand stating the name and quantity of the explosive proposed to be conveyed, and the name and address of the proposed consignee, and has had an intimation that the warehouseman or carrier is prepared to receive the consignment; and a warehouseman or carrier shall not make such an intimation, nor receive such consignment, unless he is prepared to receive it, and forthwith to despatch the same or to deposit it in a magazine or at a place at which a person is licensed or authorized to possess the same.

(2) The carriage or boat conveying the explosive shall be in charge of, and constantly attended by, some competent person, or by a sufficient number of competent persons, and such persons shall not stop or delay on the way except in such cases and for such periods as are actually necessary and in no case where such stopping would be attended with special public danger.

33. The following regulations shall be observed with respect to the conveyance of explosives by railway :—

I. No person shall send for carriage upon any railway any consignment of an explosive unless he has given to the officer in charge of railway station previous notice in writing, which at the option of the Railway Administration may extend to 48 hours, of his intention to send such consignment, and stating the true name, description, quantity and mode of packing of the explosive proposed to be conveyed and his own name and address and also the name and address of the proposed consignee, and unless he has had an intimation in writing from an authorized officer of the railway that such consignment will be received.

II. No explosive which a Railway Administration shall by any notice or regulation, for the time being in force, notify that they will not receive, shall be brought, sent or forwarded to, or upon any railway of the said Railway Administration.

III. Consignments of explosives shall be sent to the forwarding station and shall be received by the railway servants, only at such times, between sunrise and sunset, as the Railway Administration may appoint; and every package containing any explosive proposed to be conveyed on any railway shall immediately on arrival at the station be unloaded and placed in a safe place under the special direction of the officer in charge of the station.

IV. An explosive shall be removed by the consignee from the receiving station during the twelve hours of daylight after arrival; if this condition is not strictly complied with, the Railway Administration may return the consignment to the consignor at his risk and expense. And it shall in the meanwhile be kept as far away from the station buildings as possible, in the waggon it was conveyed in, or if unloaded, shall be completely covered with tarpaulins or other suitable material, and, if necessary, shall be protected by a police guard.

V. The Railway Administration may refuse to receive any package which they suspect to contain any explosive packed or sent in contravention of the regulations contained in these rules. And in case any pack age, which the Railway Administration suspect, shall be upon any railway, they may open or require to be opened any such package, to ascertain the fact, at the risk and expense of the consignor, and may return the explosive contained in the package

to consignor, at his risk and expense, keeping the package pending such return in the manner prescribed in the preceding rule.

VI. All gunpowder under despatch or receipt by a Government arsenal depôt or factory shall be loaded or unloaded in the railway vans by Government servants employed in such arsenal, depôt, or, factory.

VII. Subject to the exceptions provided for in clause (e), no explosive shall be conveyed by passenger train except of the kinds and in the manner hereinafter specified in this Regulation.

(a) Safety cartridges for small arms and percussion caps for small arms and safety fuzes for blasting, also fog-signals for railway use may be conveyed by passenger train in ordinary waggons or carriages.

(b) Detonators packed in sawdust or other similar material to the number of 200 may be carried, provided that in no case the amount of explosive of the 5th (fulminate) class in the detonators exceeds in the aggregate 3 ozs. (a certificate to this effect being given by the person by whom the detonators are tendered for transport); provided also that no other explosive is carried in the same compartment.

(c) Blasting gelatine, camphorated gelatine, gelatine-dynamite, gun-cotton and such other explosives of the 3rd (nitro-compound) class as are notified under the provisions of Regulation I of Rule 32 may be carried in the form of cartridges up to the limit of 5 lbs.

(d) Sporting gunpowder or non-safety cartridges packed in the double cases as before provided, so long as the gunpowder is contained in one-pound tin canisters packed in a stout wooden case with an outer covering of tin or zinc completely spark proof; or in metal-lined cases of a pattern approved by the Railway Administration. But no outer cases shall contain more than 25 lbs. of gunpowder, and the total consignment of gunpowder or non-safety cartridges by one train shall not exceed 80 lbs.

(e) Explosives may be carried by mixed trains on any line on which purely goods trains are not running subject to the following conditions:—

(1) that not more than one vehicle containing explosives is forwarded at any one time by a mixed train;

(2) that the precautions prescribed for conveyance by goods train are observed;

(3) that the waggon containing the explosives is always placed behind the carriages for passengers and separated from them by at least four intervening waggons;

(4) that immediately a waggon containing explosives arrives at a section more than 5 miles in length on which purely goods trains are running, it is detached from the mixed train.

VIII. Every waggon used by a railway for the transport of explosive shall be furnished with sufficient means for firmly securing the packages from movement during transit.

IX. Not more than five carriages containing explosives shall be loaded or unloaded at any railway station, or be conveyed by any one train at any one time; and the quantity of explosive to be contained in any one carriage shall not exceed two-thirds of the normal load, unless the carriage shall be specially built for the conveyance of explosives and approved of by the Government of Mysore or a person specially authorized by that Government to inspect explosives But nothing in this clause shall be held to apply to separate consignments of safety cartridges for small arms.

X. There shall not be conveyed in the same carriage with any explosive, any lucifer or other matches, fuzees, pipe-lights, acids, naphtha paraffine, petroleum or any other volatile spirit or substance liable

to give off an inflammable vapour at a temperature below 125 degrees Fahrenheit, or otherwise liable to spontaneous ignition, or to cause or communicate fire or explosion.

XI. The consignor shall attach to the consignment note a certificate or, provided the original is produced for verification, a copy of a certificate signed by a person authorized by the Government of Mysore in this behalf or by any person authorized to give such a certificate in British India that the explosive, if it is an explosive of the 3rd (nitro-compound) class or the 4th (chlorate-mixture) class, is of the standard purity and has undergone no deterioration since its manufacture; and further, in the case of explosives of the 1st division of the 3rd class, that the cartridges have been examined and show no signs of exuded nitro-glycerine or other liquid nitro-compound or of liquifaction. The consignor shall also certify that the explosive has been packed in accordance with the packing rules of Mysore or of the country where it was manufactured.

The certificate above mentioned shall contain sufficient information to admit of all packages being easily recognised.

XII. In the case of explosives belonging to the 3rd (nitro-compound) class, or the 4th (chlorate-mixture) class, the outer package shall be marked with the dates of the manufacture, packing and examination of the explosive.

XIII. The certificate referred to in Regulation XI shall be valid for six months after date; but nevertheless any Railway Administration which accepts the explosive for transport may demand a fresh certificate for explosive presented for conveyance between the 1st of April and the 15th of October (both inclusive).

XIV. Packages containing explosives of the 3rd (nitro-compound) class, the 4th (chlorate-mixture) class, the 2nd and 3rd divisions of the 6th (ammunition) class or the 1st (firework composition) division of the 7th (firework) class shall be stowed in one layer only and secured so as to prevent movement during transit. The gross load in any one waggon shall not exceed 3 tons. But if the packages are in rectangular form and are properly secured so as to prevent movement during transit, they may be stowed in any number of layers not exceeding five and the gross load in any one waggon shall be limited to 5 tons.

XV. No explosive belonging to the 3rd division of the 6th class shall be carried in the same train with any explosive belonging to the 3rd class or the 4th class.

XVI. Packages containing explosives of other than those referred to in Regulation XIV shall not be stowed in more than three layers one above the other. But if the packages are in rectangular form and are properly secured so as to prevent movement during transit they may be in any number of layers not exceeding five. In the case of safety cartridges packed in tin-lined service-pattern boxes there is no restriction.

XVII. Waggons used for the carriage of explosives shall be examined to see that they are spark-proof, and have been cleaned out before they are loaded. Hair-cloth, hides, or other suitable material shall be spread on the floor of the waggon and between each layer of packages, except when the packages are covered with gunny or felt, or contain safety cartridges for small arms, packed in tin-lined service-pattern boxes.

XVIII. Waggons containing explosives shall be loaded and unloaded on sidings distant as far as possible from the station buildings.

XIX. The loading and unloading of explosives when once begun shall be diligently proceeded with between sunrise and sunset until the same is completed.

XX. When the train is being marshalled, waggons loaded with explosives may be shunted by a locomotive, provided that they are separated from the engine by not less than three waggons containing no explosive, nor easily inflammable substance; this precaution is not necessary with waggons specially constructed for the carriage of explosive. The speed of these movements shall be restricted to 5 miles an hour; they shall be superintended by a duly authorized officer, who will be held responsible for the observance of these orders. Flying shunts are strictly prohibited.

XXI. Waggons containing explosives shall be placed at the end of the train, away from the locomotive, and shall be close coupled to one another, as well as to the adjoining waggons, and must be preceded and followed by three waggons not loaded with explosive or other traffic of an inflammable nature.

XXII. If the waggons employed in the transport of explosive or immediately adjoining them, are provided with brakes, the brakes shall on no account be worked while such waggons are running.

XXIII. Waggons must in every case be locked when loaded with explosives.

XXIV. All operations connected with the transhipment of explosives at junction stations shall take place during daylight.

34. If any person commits a breach of any of the foregoing rules relating to the mode of conveyance of explosives, he shall be punished with fine which may extend to one thousand rupees for each such offence.

GENERAL.

35. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

36. If a person licensed to manufacture, possess or sell an explosive, die or become bankrupt, or become mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Regulation or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

37. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for licenses or renewals of licenses shall, if not otherwise provided, be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals; the licenses themselves being issued on plain paper. But when the licenses themselves are written or printed on impressed stamps, the application may be on plain paper. When an application for a license is written on an impressed stamp, and the license is refused, the value of the stamp will on application be refunded to the applicant.

38. All licenses, except licenses to manufacture an explosive under Rule 13, shall expire on the 31st of December of the year for which they are granted. Licenses granted under Rule 13 shall be current for the term therein specified. But a license may, unless the circumstances have so changed that the grant of a new license would either not be authorized under the Regulation and rules or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed on payment of the original fee.

39. When a license granted in accordance with these rules is lost, or accidentally destroyed, a duplicate may be granted to the licensee on payment of a fee of 8 annas.

40. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same, when called upon to do so by any Magistrate, or by any Police officer in charge of a police station, or by any Police officer of higher rank or by any person authorized by the Government of Mysore to inspect explosives.

41. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Government.

42. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Mysore Arms Regulation 1890.

43. It shall be lawful for the District Magistrate or for any subordinate Magistrate or Police Officer not below the rank of an Inspector deputed in this behalf by the District Magistrate, or any person authorized by the Government of Mysore to inspect explosives,

(a) to enter, inspect and examine any house, erection or other place or any cart, truck, boat or other vehicle in which explosive is being manufactured, possessed, used, sold, or transported, or in which they have reason to believe that explosive is being manufactured, possessed, used, sold, or transported;

(b) to search for explosives therein;

(c) to take samples of any explosives found therein on payment of the value thereof;

(d) at their discretion to seize, detain, remove and, if necessary for the public safety, destroy any explosive found therein in respect of which there is reason to believe that the provisions of the Regulation or of these rules have been contravened.

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive manufactured, of all stock in hand, and of all sales in such form as the Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books and records of manufacture and sales to any Magistrate or to any Police Officer not below the rank of Inspector, or any person authorized by the Government of Mysore to inspect explosives, when such officer may call upon him so to do.

4. The explosive shall be manufactured in a tent or any lightly constructed building exclusively appropriated for the purpose and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or any place where explosive is stored, by the distance :—

(*a*) in the case of gunpowder or an explosive of the 1st division of the 7th (firework) class, of 100 yards,

(*b*) in the case of an explosive of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, of 50 yards,

and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

5. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

6. Explosive shall not be sold to any child apparently under the age of 13 years.

7. Explosive possessed by the license shall be kept in a substantially constructed uninflammable building or fire-proof safe approved by the licensing officer and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or other place where explosive is stored, by the distances laid down in condition 4, and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 50 lbs. of gunpowder or explosive of the 1st divisoin of the 7th (firework) class, or in lieu of each pound of gunpowder or of such explosive 2 lbs. of explosive contained in ammunition of the 1st division of the 6th class, or in manufactured fireworks belonging to the 2nd division of the 7th class, may be kept in a dwelling house, or other building, which does not satisfy the preceding conditions, in a secure receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 1st division of the 6th class made with gunpowder shall be kept in a fire-proof safe.

8. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe, or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive nor the fire-proof safe or receptacle referred to above shall have any exposed iron or steel (except machinery necessary for the manufacture) in the interior thereof and persons entering such building or place shall not have any iron or steel in their possession or attached to or on their boots or shoes.

10. All explosive exceeding 5 lbs. in amount of the 1st division of the 6th class or of the 2nd division of the 7th class, and all other explosive exceeding 1 lb. in amount, shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost package or receptacle containing such explosive shall have affixed the name of the explosive and the word "Explosive,, in the following languages .... in conspicuous characters with a red circle 1½ inches in internal

and 3 inches in external diameter or as nearly that size as the dimensions of the package or receptacle will permit.

11. Each description of explosive, which may be kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other. Explosives of the same class however may be kept together and gunpowder may be kept with safety fuzes.

12 *The license-holder shall affix to his shop or place of business a signboard as required by rule 7 of the rules framed under the Mysore Arms Regulation 1890, and shall post up in his shop a copy of Section 23 of that Act in the languages above mentioned.

13 *The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under Form IV, V, VI or VII of the forms prescribed under the Mysore Arms Regulation, 1890, or Form C or D in the schedule to the rules under the Mysore Explosives Regulation, 1888, the following particulars :—

(*a*) the name and address of the person who takes delivery of the articles sold ;

(*b*) the nature and amount of the articles sold ;

(*c*) the date of sale ;

and shall append his signature to the endorsement.

*These conditions are to be added only when the authority granting this license directs, by an order written thereon, that it shall have the effect of a like license granted under the Mysore Arms Regulation, 1890.

_____District, (Seal.) (Signature.)

_____1 of

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools, or implements for work connected with, the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean: and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor the conductivity of which shall be tested at least once a year.

6. Before repairs are done to or in any room or part of the magazine, it shall, as far as practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part; and after such cleaning, these conditions shall cease to apply to such room or part of the magazine until explosive is again taken into it.

7. Except after such cleaning, all tools and implements used in or in any repairs to any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and other similar means, for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, and character, as not to cause any danger of fire or explosion and which shall be approved by a person specially authorized by the Government to inspect explosives.

FORM D.

(See Rule 15.)

[Fee five rupees in stamps.]

License to possess small quantities of specified explosives.

Name, &c., of license-holder, and place of residence.	Exact statement of place where the explosive is to be possessed.	Description of explosive.	Maximum quantity of explosive not exceeding 60 lbs. kept at any one time.	Date on which license expires.

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. The explosive shall be kept in a substantially constructed uninflammable building or place exclusively appropriated for the purpose which must be approved by the licensing officer and at such distance not less than 20 yards from any dwelling house, highway, street, public thoroughfare or other public or frequented place or any place where explosive is stored, as such officer may direct, and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 5 lbs. of such explosive may be kept inside any building other than as last aforesaid in a receptacle exclusively appropriated to keeping explosive and approved of by the licensing officer.

3. All articles or substances of any explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building or receptacle containing the same.

4. Neither the building exclusively appropriated for the purpose of keeping the explosive nor the receptacle shall have any exposed iron or steel in the interior thereof and persons entering such building or receptacle shall not have any iron or steel in their possession or attached to or on their boots or shoes.

5. All such explosive exceeding 1 lb. in amount shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping.

6. Each description of explosive, which may be lawfully kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other.

7. The license-holder shall at the time of purchase have the following particulars endorsed upon his license by the vendor from whom he purchases and under the vendor's signature:—

(*a*) the name and address of the person who takes delivery of the articles purchased;

(*b*) the nature and amount of the articles purchased;

(*c*) the date of purchase.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications :—

(*a*) The various explosives of the 1st (gunpowder), 2nd (nitrate-mixture) 3rd (nitro-compound), and 4th (chlorate-mixture) classes, safety fuze belonging to the 1st division of the 6th (ammunition) class, and such of the various explosives of the 2nd division of the same class as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.

(*b*) The various explosives of the 1st division of the 6th (ammunition) class, may be kept with each other without any intervening partition or space.

(*c*) Such of the various explosives of the 2nd division of the 6th (ammunition) class, as contain any exposed iron or steel may be kept with each other without any intervening partition or space.

(*d*) The various explosives of the 3rd division of the 6th (ammunition) class, may be kept with each other without any intervening partition or space.

(*e*) the various explosives of the 7th (firework) class may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorized persons from having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

No. 15326—*Legis.* 88, *dated* 23*rd May* 1898.

CORRIGENDUM.

In Section 16 of the Mysore Merchandize Marks Regulation, 1892, as published in the issue of the *Mysore Gazette*, Part III, dated the 5th May 1892, the figure "10" shall be substituted for the figure "12," the entry of which latter was due to an error. As corrected, the said Section 16 will read as follows:—

"For the purposes of Section 10 of this Regulation, the Government of Mysore may, by Notification in the Official Gazette, declare what classes of goods are included in the expression 'piece-goods, such as are ordinarily sold by length or by the piece'."

No. 15407—*Mis. F.* 349-92, *dated* 26*th May* 1898.

The Government of Mysore are pleased to direct that the following clause be substituted for clause (c) of Rule 9 inserted under the authority of Notification No. 3789—G. F. 349-92, dated the 3rd September 1894, in the Rules relating to the Mysore Local Service Examinations published under Notification No. 18948—G. F. 349-92 of the 15th May 1893:—

"(c) Officials employed in the Treasury and Account Departments of the State, whose substantive pay is not less than Rs. 15 per mensem, will however be allowed to appear for the Accounts Examination".

No. 15503—*Mis.* 3270, *dated* 27*th May* 1898.

It having been brought to notice that a large number of Commissariat Followers of the late Tirah Expeditionary Force, who have been invalided, have returned to India without having had their claims to pay, &c., settled, notice is hereby given, at the instance of the Military authorities, that all Commissariat Transport Followers returned from the front, who may have any claims against Government, should present themselves at the office of the Chief Commissariat Officer, Bangalore, with a statement of their claims or, in case of their being unable to prefer their claims in person, to send them to the Chief Commissariat Officer, before the 16th June next, after which date no claims will be entertained.

No. 15130—*L. F.* 65-96, *dated* 19*th May* 1898.

This locality chosen for improvement is very congested; has no drains, during rains every house in it will be damp and its well overflowing, and the many narrow tortuous lanes in it will be so many streams of water all emptying into the big stream, Nala street, which will be almost impassable during rains. Hence this part is proposed to be thoroughly opened out and provided with drains. The amount of compensation is estimated to be Rs. 7,749.

The following revised Regulations for the occupation and preservation of travellers' bungalows in Mysore, issued in supersession of existing Regulations are published for general information.

REGULATIONS FOR TRAVELLERS' BUNGALOWS IN MYSORE.

1. The bungalows are for the temporary accommodation of travellers.

2. The fee per diem for each person occupying a separate room is 1 rupee for a first class bungalow, 8 annas for a second class bungalow, and 4 annas for a third class bungalow. Two or more persons (whether married couples or not) occupying the same room will pay half as much again as the full fee, namely rupee 1 annas 8, or 12 annas, or 6 annas, according to the class of the bungalow. Fees at the same rate will be levied for every additional occupancy of 24 hours or a fraction thereof.

3. Travellers passing the night at the bungalow will pay the full fee.

4. Travellers occupying the bungalows between sunrise and sunset only are subject to half fee.

5. Travellers alighting for not more than an hour and taking no meal are subject to no fee.

6. Officers in the service of Government are subject to the same fees for occupancy when travelling on duty as under other circumstances; but those drawing a salary of Rs. 200 and under will be charged with half the full fee when travelling on duty.

7. No one may occupy the same bungalow for more than three consecutive days, if the accommodation is otherwise required, without the permission of the Deputy Commissioner of the district.

8. No person may occupy more than one room when the others are in demand.

9. The kitchens for high caste Hindus added to travellers' bungalows are intended to be used by "Vegetarian Hindus" only, and this rule will be invariably enforced.

10. No part of a bungalow or of the bungalow compound may be used, nor may the servants be employed, without payment of the prescribed fee. But a traveller not making use of the bungalow but merely pitching his tent within the compound or merely using such of the out houses as are not required by those occupying the bungalow will be charged half the ordinary fee.

11. Where a traveller does not himself occupy a bungalow or compound, but only pickets his horse or horses in the stable or compound, half the prescribed rate for personal occupancy will be charged.

12. Travellers are prohibited from sheltering their horses, or other cattle, or vehicles within the verandahs of the bungalows. The personal baggage alone of travellers will be admitted into the bungalow compound.

13. Travellers will be held responsible for damage done by themselves or their servants to the bungalows or furniture or other article. All articles injured or broken must be paid for, prior to the travellers' departure, according to the scale, if any, fixed by the Deputy Commissioner.

14. The Deputy Commissioner is responsible that the rooms be adequately furnished with plain cots, tables and chairs.

15. The person in charge at each bungalow is bound to assist travellers in procuring supplies and carriage for ready money.

16. The messmen who are established in some bungalows are required to place conspicuously in each room a list of charges countersigned in approval by the Deputy Commissioner. If travellers prefer to procure their own meals the person in charge is bound to afford them assistance, and they have the use of the cookroom.

17. In the printed form, or book, kept in the bungalow for the purpose travellers are requested to enter their names, dates of arrival and departure, and amount of fees paid.

18. The Deputy Commissioner is the referee in all cases of dispute. Travellers who have any complaints to make should address that officer by letter, or enter their complaint in the "Remarks" column of the printed form or book.

19. All fees and demands, in accordance with the foregoing regulations, and the mess charges authorised by the Deputy Commissioner must be paid by travellers before leaving the bungalow, any irregularity, inconvenience or other supposed cause for exemption from the regulated payment being referred to the Deputy Commissioner.

20. It is the duty of the person in charge of the bungalow to report any violation of the foregoing regulations. The Amildar or other public servant on the spot should report to the Deputy Commissioner any maltreatment of the bungalow servants and generally any deviations from these rules which may come under his knowledge or be brought to his notice by the person in immediate charge of the bungalow. The master will be held responsible for any intringement of the rules by his servants.

This locality chosen for improvement is very congested; has no drains, during rains every house in it will be damp and its well overflowing, and the many narrow tortuous lanes in it will be so many streams of water all emptying into the big stream, Nala street, which will be almost impassable during rains. Hence this part is proposed to be thoroughly opened out and provided with drains. The amount of compensation is estimated to be Rs. 7,749.

No. 11676—*Ex.* 476, *dated* 14*th June* 1898.

Under Sections 5, 13, 20 and 55 of the Excise Act XXII of 1881, as amended by Act VI of 1885, and introduced into Mysore by Regulation III of 1885, the Government of Mysore are pleased to make the following Rules in supersession of all existing rules on the subject of the disposal of the exclusive privilege of selling Toddy in Shops or Groups of Shops and the grant of Licenses for sale, for the tapping of Toddy-producing trees, &c.

PART I.

I. The exclusive privilege of selling toddy in each shop or group of shops, for each year or any other period that may be specially fixed by Government, shall be disposed of by sale by public auction. Toddy shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head.

II. The sales shall be conducted by the Deputy Commissioner or by an Assistant Commissioner specially authorized by the Deputy Commissioner in that behalf.

III. The results of sales shall be reported to the Excise Commissioner without delay.

IV. The terms and conditions of sale and the issue of licenses shall be as follows :—

1. The exclusive privilege of selling toddy in each shop or group of shops, as may from time to time be notified by Government, shall be put up to public auction at upset prices, and except as hereinafter provided, knocked down to the bidder offering the highest amount of rent above those prices. The licensee is not required to make any additional payment on account of local cess. The officer conducting the sale shall be at liberty to revise when necessary, the grouping of shops and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, unless revised by Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into ; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his license or of the Excise Law or Rules thereunder shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents ; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent ; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him ; and his

surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(i) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.

(ii) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.

(iii) The amount of rent shall be payable into the local Government Treasuries on printed chellans, (in Form B appended) in equal monthly instalments commencing from 1st July of the year to which the license relates. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the same, as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(iv) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall with interest at 6 per cent per annum be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of resale.

(v) If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(vi) Toddy shall not be sold to the public, at less than the retail rates, from time to time notified by Government.

(vii) Toddy shall be sold pure as drawn from trees and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(viii) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the appended form C. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized on this behalf.

(ix) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form A, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open or the disposal of toddy in any other manner, unauthorized by the Rules, are strictly prohibited. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(x) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(xi) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore.

(xii) The licensee shall be bound by the provisions of the Excise Law and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(xiii) The license shall not be transferable except with the permission of the Excise Commissioner.

6. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the tree-tax prescribed in para 14 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in para 14 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bona fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of the applicant himself or of his nominees.

7. Applications for the grant of tree-tapping licenses must be made, in the prescribed form, to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

8. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

9. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

10. On receipt of an application, the Supervisor will at once take steps for the marking of the trees by an officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

11. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

12. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

13. For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of applicants, applications will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period, to which they relate, to take effect from the commencement of such period provided that no toddy shall be drawn except during the currency of such license.

14. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	Tree-tax per annum for each tree including local cess. Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago Palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in para 6 (*b*) and (*c*) above.

15. In addition to the above tax, tree-rent at annas four per tree per annum or at such other rate as may from time to time be fixed by Government with local cess thereon shall be paid by the applicant for Government trees tapped by him, the amount being credited to the respective departments concerned. Provided that the Government may waive the levy of such tree-rent for such period as they think fit, on account of Government trees tapped by licensees of shops in the Mysore State. No trees upon Government occupied land can be tapped without the consent of the owner. The rate of tree-rent payable for such trees shall be settled by the applicant with the owners thereof. The present arrangement as regards trees in alienated land will hold good subject of course to the levy by Government of tree-tax.

16. The tree-tax shall be payable on printed chellan as per appended form D in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April ...	One-third ...	The remaining two-thirds
Between 1st May and 30th June ...	The whole ...	None.

17. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(i) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form D, and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(ii) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(iii) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in the State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(iv) The Supervisor concerned in the Mysore State will issue transport permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(v) Transport permits for toddy exported by rail will be given in batches of seven or any other requisite number, one for each day, to allow of a transport permit being invariably attached to the Way-bill.

18. In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted :—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the District,

or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the Rules in force, are strictly prohibited."

19. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

20. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

21. Every person to whom a tapping license is granted for the manufacture of toddy, either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees:—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be overtapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than three feet from the ground, except in places where permission is specially given.

(*e*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) Not less than eight leaves shall be left on each tree.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

22. In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to resell the exclusive privilege or otherwise dispose of it at the risk of the licensee or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the resale or other disposal of the privilege shall be made good by the licensee or his surety in the manner specified under para 3 of Rule IV above. All sums thus due shall be recovered in the same manner as if they were arrears of land revenue.

23. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of a license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the Law for the time being in force.

PART II.

V. The chellan B referred to in clause (iii) of para 5 of Rule IV shall be in triplicate. One copy shall accompany the Treasury "daily cash" account sent to the District Treasury, another being forwarded by the Taluk Treasury officer to the Deputy Commissioner's office and the third retained with the licensee.

VI. The amounts paid into the Taluk Treasury as per chellans B and D under clause (iii) of para 5 of Rule IV, and under paras 16 and 17 (i) of Rule IV, shall be credited at once to the appropriate budget head under "Excise Revenue," and the local cess to the head "Local Cess on Excise Revenue." The District

Treasury Officers shall furnish the Excise Commissioner with monthly statements of realizations on account of the several items of shop-rent, tree-tax, tree rent, and local cess under separate headings by dates in the form prescribed by the Comptroller.

VII. On receipt of the duplicate chellans referred to in Rule V and in paras 16 and 17 (i) of Rule IV, at the District Office, they shall be compared and verified with the figures in the monthly Abkari Revenue Statements Nos. 6 and 6-A received from the Amildars. The Statements Nos. 6 and 6-A compiled for the whole district shall then be forwarded to the Excise Commissioner's office where they shall be compared and verified with the Treasury monthly statements. The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6-A for the whole State and send them to the Dewan's office after obtaining the Comptroller's certificate of credit.

VIII. The duties to be performed, and the accounts, diaries and reports to be furnished by all Officers and Amildars, the executive members of the Excise Department, and village officials, shall be such as may, from time to time, be ordered by the Excise Commissioner.

IX. Except as otherwise provided, all orders passed and proceedings taken by Officers of the Excise Department under the provisions of these Rules, shall be subject to appeal to their immediate superiors, within two months from the date of the passing of such orders or proceedings.

X. The Officers of the Excise Department, and licensees or their agents, shall conform to such rules of practice as may, from time to time, be issued by the Excise Chmmissioner, not inconsistent with the provisions of the Excise Act and these Rules.

XI. The following persons are hereby empowered to grant passes or permits for possession of transport of toddy in such forms as may be prescribed by the Excise Commissioner :—All the members of Excise Department not below the rank of Abkari Inspector, Assistant Commissioners, Amildars and Sheristadars, and Shekdars, and licensees or their agents.

XII. Date trees for tapping for the purpose of extracting Toddy shall be reserved. Licenses for cutting and removal of leaves by professional rope-makers, basket-makers, &c., and by agriculturists, under such rules as may be issued by Government, shall be restricted only to the groves or trees not reserved for the purposes of toddy revenue, and may extend, in groves on trees reserved, to the the removal of date leaves cut, by licensees for the purpose of drawing toddy.

A

LICENSE GRANTED TO INDEPENDENT TODDY SHOPS OR GROUPS OF SHOPS IN THE DISTRICT OF.....

I.....
Deputy Commissioner of the District of .....
under the provisions of the Excise Act, hereby appoint you,.....
son of.....
residing at.....
to be the Licensee of the exclusive privilege of vending Toddy in the shop or groups of shops of .....in the Taluk of.....
in the District of.....from the 1st day of.....189
to the .....day of.....189..subject to the following Conditions and Stipulations to be observed by you, the said.....

CONDITIONS AND STIPULATIONS.

1. The exclusive privilege conferred by the license extends to the vend of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy.

2. The Deputy Commissioner shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.

3. The licensee shall pay Rs....., being the rent of the above exclusive privilege by equal monthly instalments commencing from 1st July 189 ...Each month's rent shall be paid on or before the 20th of the same month. The licensee is not required to make any additional payment on account of local cess.

4. For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.

5. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be drawn except during the currency of such license.

6. In the case of date trees applied for by him to be tapped, the licensee shall get the requisite spaces on the stems of such trees prepared, so that they may be easily marked by Excise officers. He or his agent shall point out to the marking officer, when required by the latter to do so, the trees applied for by him. Should he fail to do so after reasonable notice, the tree-tax paid by him shall be liable to be forfeited at the Deputy Commissioner's discretion.

7. No trees shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

8. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Description of trees.	Rates of tree-tax including local cess per tree per annum.		
	Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago	1	9	6
Dadasal (Arenga wightii) ...	0	8	6

9. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April ...	One-third	The remaining two-thirds.
Between 1st May and 30th June ...	The whole ...	...

10. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing cancel the license, order the forfeiture of all deposit made by the defaulter and proceed to resell or otherwise dispose of the exclusive privilege at the defaulter's risk as soon after the last day of the month as may be possible.

11. The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by the licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from date of resale. Provided, however, that when the exclusive privilege is resold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the resale of the said privilege and the balance of such arrears and deficits, if any, shall be recoverable from the licensee or his surety or sureties or from both under the Rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall on any account whatever be claimable by the licensee.

12. If the deposit is in Government of India Promissory Notes or Mysore Debentures which the licensee wishes to retain, they will be returned to him on payment of the whole of the rental due by him; otherwise they will be sold, and the sale-proceeds taken towards the payment of the instalments due in the last months of the period of the lease, any balance still due being recovered as if it were an arrear of land revenue. In the case of the resale of the exclusive privilege, the deposit will be applied to cover any arrears which may be due, and the loss, if any, sustained by Government by resale; and if it shall be more than sufficient to do so, the balance will be forfeited. If, however, the deposit should fall short of the arrears due and of the loss by the resale, such arrears and losses, together with interest, shall be recovered by the attachment and sale of the property of the defaulter and of his sureties, if any, under the rules in force for the recovery of the arrears of Land Revenue.

13. The resale referred to will, however, be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at discretion. Such formal confirmation, unless revised by Government, will be tantamount to an acceptance of the bid. The accepted bid will represent the amount which is to be paid for the remaining period of the lease for the exclusive privilege.

14. If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the lease, in which case he shall serve a notice on the licensee informing him of the nature of the arrangements made.

15. If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

16. The licensee will be allowed to take out licenses to tap trees in the Madras Presidency, provided he pays the prescribed tree-tax for them into a Mysore Government Treasury in one instalment and subject to the Tree-tapping Rules in force in the Madras Presidency and in the Mysore State, and subject

also to the payment of tree-rent to the Madras Government at such rate as may be fixed by that Government.

17. The licensee shall not interfere with the licensees for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not reserved for tapping.

18. The licensee shall keep true and correct accounts showing—
(1) the names and situation of date topes from which toddy is drawn
(2) the number of trees tapped;
(3) the quantity of toddy drawn daily;
(4) the quantity of toddy sold daily; and
(5) the names of the shops to which toddy is supplied.

19. These accounts shall be kept in such forms as may be prescribed by the Excise Commissioner, and shall be open to inspection by the Amildar, or any Excise Officer appointed by the Deputy Commissioner for this purpose, and a copy thereof shall be furnished by the licensee to the Deputy Commissioner on requisition, in such form as may be prescribed by the Excise Commissioner.

20. Toddy shall be sold only in shops duly sanctioned and licensed by the Deputy Commissioner, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited.

21. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another within two hundred yards of the sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

22. The licensee shall place the license granted to him in a conspicuous place in the shop.

23. A sign board shall be affixed in a conspicuous part of the front of each shop containing, in the vernacular, the name of the shop-keeper and the rate at which toddy is sold by him.

24. The licensee shall prevent all drunkenness or disorder or gaming within his shops.

25. No shop shall be opened before sunrise.

26. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall authorize the keeping open of particular shops to a later hour.

27. The licensee shall not harbour robbers or thieves or riotous persons but, on the contrary, shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to his shops.

28. The licensee shall not receive any grain, jewels, goods, wearing apparel, or other article in barter or in pawn for toddy, but on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

29. The licensee shall not sell to any person more than three measuring seers of toddy to be consumed in the shop. He shall not allow any one to take out of his shop without a pass more than two seers or imperial quarts, with the exception of bakers who are permitted to purchase and remove the quantity of toddy specified in the pass held by them.

30. The licensee shall be bound to furnish such returns and information as may, from time to time, be required by the Deputy Commissioner.

31. The distillation of spirit from toddy is absolutely prohibited.

32. No ingredients noxious to health shall be put into the toddy either to increase its intoxicating power or for any other reason.

33. Toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any. No diluted or adulterated toddy or toddy unfit for human consumption shall be offered for sale or kept in the shops, or depôts if any.

34. Toddy shall not be sold to the public at less than the retail rates fixed by Government as per particulars below :—

	Price per seer or imperial quart.														
	Date Toddy.			Cocoanut Toddy.			Palmyra Toddy.			Bagani Toddy.			Dadasal Toddy.

In Taluk Kasabas of the District ...															
In Villages															

35. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government.

36. The licensee shall have such measures tested and stamped at his own expense.

37. No toddy shall be sold or given to any European Non-Commissioned Officer or private soldier, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any sailor, nor to any sepoy, member of the Police Force, Excise Officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under twelve years of age, for consumption on the premises; nor shall any toddy be sold *on credit*.

38. The Deputy Commissioner may direct that all shops for the sale of toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

39. The Government reserves the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor or spirit than toddy.

40. Except with the permission of the Excise Commissioner, the licensee shall not sell or sub-rent or transfer his shop or group of shops.

41. Every person placed by the licensee in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. All engagements entered into by persons to be employed by the licensee on or after.....189 , shall be deposited with the Deputy Commissioner within one month from that date, or of the date of executing the engagement.

42. If it comes to the licensee's knowledge that any person employed by him in the manufacture, carriage or sale of toddy, commits any breach of the Excise Law or of the engagements entered into by him, it shall be the licensee's duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the further employment of such person.

43. The licensee shall not during the term of the license have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of vending toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner have any interest direct or indirect in any toddy shop or farm outside the territories of Mysore.

44. The licensee shall provide himself with printed forms of permits for transport and possession of toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise Officers.

45. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

46. The licensee shall be responsible that his servants or agents are prevented from extracting toddy from young immature date trees the trunks of which are less than one yard in height from the ground to the initial incision, nor that any leaves be cut and used by them, except such as may have to be removed for the purpose of drawing toddy, nor shall any trees be tapped in so careless a manner as to lead to their destruction; and any breach of these Rules shall render the licensee liable to the payment of a penalty of Rs. 50 for each offence.

47. The licensee shall employ only professional toddy-drawers for tapping the trees.

48. In case of any breach of the aforesaid conditions either by the licensee or with his connivance or privity by any person in his employment, or in the case of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place the shop or group of shops under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the resale or other disposal of the privilege shall be made good by the licensee, or his surety or his heirs and representatives. All such penalties and loss shall be recovered in the same manner as if they were arrears of Land Revenue.

49. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the law for the time being in force.

50. If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Act, or other law for the time being in force it shall be lawful for the Deputy Commissioner to declare his license forfeited.

51. All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of Land Revenue.

52. Any sums deducted by the Deputy Commissioner, under the powers herein contained, from the deposit made by the licensee for the due performance of the lease, shall be replaced by him or his surety within fifteen days from the receipt of a notice from the Deputy Commissioner informing him of such deductions having been made.

53. The licensee shall be bound by any additional general rules which may, from time to time, be prescribed under the Excise Laws now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.

No. 11676—*Ex.* 476, *dated* 14*th June* 1898.

Under Sections 5, 13, 20 and 55 of the Excise Act XXII of 1881, as amended by Act VI of 1885, and introduced into Mysore by Regulation III of 1885, the Government of Mysore are pleased to make the following Rules in supersession of all existing rules on the subject of the disposal of the exclusive privilege of selling Toddy in Shops or Groups of Shops and the grant of Licenses for sale, for the tapping of Toddy-producing trees, &c.

PART I.

I. The exclusive privilege of selling toddy in each shop or group of shops, for each year or any other period that may be specially fixed by Government, shall be disposed of by sale by public auction. Toddy shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head.

II. The sales shall be conducted by the Deputy Commissioner or by an Assistant Commissioner specially authorized by the Deputy Commissioner in that behalf.

III. The results of sales shall be reported to the Excise Commissioner without delay.

IV. The terms and conditions of sale and the issue of licenses shall be as follows:—

1. The exclusive privilege of selling toddy in each shop or group of shops, as may from time to time be notified by Government, shall be put up to public auction at upset prices, and except as hereinafter provided, knocked down to the bidder offering the highest amount of rent above those prices. The licensee is not required to make any additional payment on account of local cess. The officer conducting the sale shall be at liberty to revise when necessary, the grouping of shops and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, unless revised by Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his license or of the Excise Law or Rules thereunder shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him; and his

surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. In default is made in making the deposit or deposits or in executing the agreement or the security bond if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(i) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.

(ii) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.

(iii) The amount of rent shall be payable into the local Government Treasuries on printed chellans, (in Form B appended) in equal monthly instalments commencing from 1st July of the year to which the license relates. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the same, as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(iv) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall with interest at 6 per cent per annum be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of resale.

(v) If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(vi) Toddy shall not be sold to the public, at less than the retail rates, from time to time notified by Government.

(vii) Toddy shall be sold pure as drawn from trees and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(viii) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the appended form C. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized on this behalf.

(ix) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form A, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open or the disposal of toddy in any other manner, unauthorized by the Rules, are strictly prohibited. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(x) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(xi) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore.

(xii) The licensee shall be bound by the provisions of the Excise Law and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(xiii) The license shall not be transferable except with the permission of the Excise Commissioner.

6. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the tree-tax prescribed in para 14 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in para 14 below, for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bona fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of the applicant himself or of his nominees.

7. Applications for the grant of tree-tapping licenses must be made, in the prescribed form, to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

8. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

9. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

10. On receipt of an application, the Supervisor will at once take steps for the marking of the trees by an officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

11. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

12. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

13. For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of applicants, applications will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period, to which they relate, to take effect from the commencement of such period provided that no toddy shall be drawn except during the currency of such license.

14. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	Tree-tax per annum for each tree including local cess. Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago Palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in para 6 (*b*) and (*c*) above.

15. In addition to the above tax, tree-rent at annas four per tree per annum or at such other rate as may from time to time be fixed by Government with local cess thereon shall be paid by the applicant for Government trees tapped by him, the amount being credited to the respective departments concerned. Provided that the Government may waive the levy of such tree-rent for such period as they think fit, on account of Government trees tapped by licensees of shops in the Mysore State. No trees upon Government occupied land can be tapped without the consent of the owner. The rate of tree-rent payable for such trees shall be settled by the applicant with the owners thereof. The present arrangement as regards trees in alienated land will hold good subject of course to the levy by Government of tree-tax.

16. The tree-tax shall be payable on printed chellan as per appended form D in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April ...	One-third ...	The remaining two-thirds.
Between 1st May and 30th June ...	The whole ...	None.

17. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(i) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form D, and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(ii) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(iii) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in the State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(iv) The Supervisor concerned in the Mysore State will issue transport permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(v) Transport permits for toddy exported by rail will be given in batches of seven or any other requisite number, one for each day, to allow of a transport permit being invariably attached to the Way-bill.

18. In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted :—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the District,

or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the Rules in force, are strictly prohibited."

19. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

20. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

21. Every person to whom a tapping license is granted for the manufacture of toddy, either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be overtapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than three feet from the ground, except in places where permission is specially given.

(*e*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) Not less than eight leaves shall be left on each tree.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

22. In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to resell the exclusive privilege or otherwise dispose of it at the risk of the licensee or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the resale or other disposal of the privilege shall be made good by the licensee or his surety in the manner specified under para 3 of Rule IV above. All sums thus due shall be recovered in the same manner as if they were arrears of land revenue.

23. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of a license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the Law for the time being in force.

PART II.

V. The chellan B referred to in clause (iii) of para 5 of Rule IV shall be in triplicate. One copy shall accompany the Treasury "daily cash" account sent to the District Treasury, another being forwarded by the Taluk Treasury officer to the Deputy Commissioner's office and the third retained with the licensee.

VI. The amounts paid into the Taluk Treasury as per chellans B and D under clause (iii) of para 5 of Rule IV, and under paras 16 and 17 (i) of Rule IV, shall be credited at once to the appropriate budget head under "Excise Revenue," and the local cess to the head "Local Cess on Excise Revenue." The District

Treasury Officers shall furnish the Excise Commissioner with monthly statements of realizations on account of the several items of shop-rent, tree-tax, tree rent, and local cess under separate headings by dates in the form prescribed by the Comptroller.

VII. On receipt of the duplicate chellans referred to in Rule V and in paras 16 and 17 (i) of Rule IV, at the District Office, they shall be compared and verified with the figures in the monthly Abkari Revenue Statements Nos. 6 and 6-A received from the Amildars. The Statements Nos. 6 and 6-A compiled for the whole district shall then be forwarded to the Excise Commissioner's office where they shall be compared and verified with the Treasury monthly statements. The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6-A for the whole State and send them to the Dewan's office after obtaining the Comptroller's certificate of credit.

VIII. The duties to be performed, and the accounts, diaries and reports to be furnished by all Officers and Amildars, the executive members of the Excise Department, and village officials, shall be such as may, from time to time, be ordered by the Excise Commissioner.

IX. Except as otherwise provided, all orders passed and proceedings taken by Officers of the Excise Department under the provisions of these Rules, shall be subject to appeal to their immediate superiors, within two months from the date of the passing of such orders or proceedings.

X. The Officers of the Excise Department, and licensees or their agents, shall conform to such rules of practice as may, from time to time, be issued by the Excise Chmmissioner, not inconsistent with the provisions of the Excise Act and these Rules.

XI. The following persons are hereby empowered to grant passes or permits for possession of transport of toddy in such forms as may be prescribed by the Excise Commissioner: —All the members of Excise Department not below the rank of Abkari Inspector, Assistant Commissioners, Amildars and Sheristadars, and Shekdars, and licensees or their agents.

XII. Date trees for tapping for the purpose of extracting Toddy shall be reserved. Licenses for cutting and removal of leaves by professional rope-makers, basket-makers, &c., and by agriculturists, under such rules as may be issued by Government, shall be restricted only to the groves or trees not reserved for the purposes of toddy revenue, and may extend, in groves on trees reserved, to the the removal of date leaves cut by licensees for the purpose of drawing toddy.

A

LICENSE GRANTED TO INDEPENDENT TODDY SHOPS OR GROUPS OF SHOPS IN THE DISTRICT OF.....

.....
Deputy Commissioner of the District of .....
under the provisions of the Excise Act, hereby appoint you,.....
son of.....
residing at.....
to be the Licensee of the exclusive privilege of vending Toddy in the shop or groups of shops of .....in the Taluk of.....
in the District of.....from the 1st day of.....189
to the .....day of.....189..subject to the following Conditions and Stipulations to be observed by you, the said.....

CONDITIONS AND STIPULATIONS.

1. The exclusive privilege conferred by the license extends to the vend of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy.

2. The Deputy Commissioner shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.

3. The licensee shall pay Rs....., being the rent of the above exclusive privilege by equal monthly instalments commencing from 1st July 189 . Each month's rent shall be paid on or before the 20th of the same month. The licensee is not required to make any additional payment on account of local cess.

4. For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.

5. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be drawn except during the currency of such license.

6. In the case of date trees applied for by him to be tapped, the licensee shall get the requisite spaces on the stems of such trees prepared, so that they may be easily marked by Excise officers. He or his agent shall point out to the marking officer, when required by the latter to do so, the trees applied for by him. Should he fail to do so after reasonable notice, the tree-tax paid by him shall be liable to be forfeited at the Deputy Commissioner's discretion.

7. No trees shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

8. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Description of trees.	Rates of tree-tax including local cess per tree per annum.		
	Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago	1	9	6
Dadasal (Arenga wightii) ...	0	8	6

9. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April ...	One-third	The remaining two-thirds.
Between 1st May and 30th June ...	The whole	...

10. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing cancel the license, order the forfeiture of all deposit made by the defaulter and proceed to resell or otherwise dispose of the exclusive privilege at the defaulter's risk as soon after the last day of the month as may be possible.

11. The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by the licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from date of resale. Provided, however, that when the exclusive privilege is resold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the resale of the said privilege and the balance of such arrears and deficits, if any, shall be recoverable from the licensee or his surety or sureties or from both under the Rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall on any account whatever be claimable by the licensee.

12. If the deposit is in Government of India Promissory Notes or Mysore Debentures which the licensee wishes to retain, they will be returned to him on payment of the whole of the rental due by him; otherwise they will be sold, and the sale-proceeds taken towards the payment of the instalments due in the last months of the period of the lease, any balance still due being recovered as if it were an arrear of land revenue. In the case of the resale of the exclusive privilege, the deposit will be applied to cover any arrears which may be due, and the loss, if any, sustained by Government by resale; and if it shall be more than sufficient to do so, the balance will be forfeited. If, however, the deposit should fall short of the arrears due and of the loss by the resale, such arrears and losses, together with interest, shall be recovered by the attachment and sale of the property of the defaulter and of his sureties, if any, under the rules in force for the recovery of the arrears of Land Revenue.

13. The resale referred to will, however, be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at discretion. Such formal confirmation, unless revised by Government, will be tantamount to an acceptance of the bid. The accepted bid will represent the amount which is to be paid for the remaining period of the lease for the exclusive privilege.

14. If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the lease, in which case he shall serve a notice on the licensee informing him of the nature of the arrangements made.

15. If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

16. The licensee will be allowed to take out licenses to tap trees in the Madras Presidency, provided he pays the prescribed tree-tax for them into a Mysore Government Treasury in one instalment and subject to the Tree-tapping Rules in force in the Madras Presidency and in the Mysore State, and subject

also to the payment of tree-rent to the Madras Government at such rate as may be fixed by that Government.

17. The licensee shall not interfere with the licensees for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not reserved for tapping.

18. The licensee shall keep true and correct accounts showing —

(1) the names and situation of date topes from which toddy is drawn
(2) the number of trees tapped;
(3) the quantity of toddy drawn daily;
(4) the quantity of toddy sold daily; and
(5) the names of the shops to which toddy is supplied.

19. These accounts shall be kept in such forms as may be prescribed by the Excise Commissioner, and shall be open to inspection by the Amildar, or any Excise Officer appointed by the Deputy Commissioner for this purpose, and a copy thereof shall be furnished by the licensee to the Deputy Commissioner on requisition, in such form as may be prescribed by the Excise Commissioner.

20. Toddy shall be sold only in shops duly sanctioned and licensed by the Deputy Commissioner, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited.

21. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another within two hundred yards of the sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

22. The licensee shall place the license granted to him in a conspicuous place in the shop.

23. A sign board shall be affixed in a conspicuous part of the front of each shop containing, in the vernacular, the name of the shop-keeper and the rate at which toddy is sold by him.

24. The licensee shall prevent all drunkenness or disorder or gaming within his shops.

25. No shop shall be opened before sunrise.

26. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall authorize the keeping open of particular shops to a later hour.

27. The licensee shall not harbour robbers or thieves or rietous persons but, on the contrary, shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to his shops.

28. The licensee shall not receive any grain, jewels, goods, wearing apparel, or other article in barter or in pawn for toddy, but on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

29. The licensee shall not sell to any person more than three measuring seers of toddy to be consumed in the shop. He shall not allow any one to take out of his shop without a pass more than two seers or imperial quarts, with the exception of bakers who are permitted to purchase and remove the quantity of toddy specified in the pass held by them.

30. The licensee shall be bound to furnish such returns and information as may, from time to time, be required by the Deputy Commissioner.

31. The distillation of spirit from toddy is absolutely prohibited.

32. No ingredients noxious to health shall be put into the toddy either to increase its intoxicating power or for any other reason.

33. Toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any. No diluted or adulterated toddy or toddy unfit for human consumption shall be offered for sale or kept in the shops, or depôts if any.

34. Toddy shall not be sold to the public at less than the retail rates fixed by Government as per particulars below :—

	Price per seer or imperial quart.														
	Date Toddy.			Cocoanut Toddy.			Palmyra Toddy.			Bagani Toddy.			Dadasal Toddy.

35. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government.

36. The licensee shall have such measures tested and stamped at his own expense.

37. No toddy shall be sold or given to any European Non-Commissioned Officer or private soldier, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any sailor, nor to any sepoy, member of the Police Force, Excise Officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under twelve years of age, for consumption on the premises; nor shall any toddy be sold *on credit.*

38. The Deputy Commissioner may direct that all shops for the sale of toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

39. The Government reserves the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor or spirit than toddy.

40. Except with the permission of the Excise Commissioner, the licensee shall not sell or sub-rent or transfer his shop or group of shops.

41. Every person placed by the licensee in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. All engagements entered into by persons to be employed by the licensee on or after.....189 , shall be deposited with the Deputy Commissioner within one month from that date, or of the date of executing the engagement.

42. If it comes to the licensee's knowledge that any person employed by him in the manufacture, carriage or sale of toddy, commits any breach of the Excise Law or of the engagements entered into by him, it shall be the licensee's duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the further employment of such person.

43. The licensee shall not during the term of the license have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of vending toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner have any interest direct or indirect in any toddy shop or farm outside the territories of Mysore.

44. The licensee shall provide himself with printed forms of permits for transport and possession of toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise Officers.

45. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

46. The licensee shall be responsible that his servants or agents are prevented from extracting toddy from young immature date trees the trunks of which are less than one yard in height from the ground to the initial incision, nor that any leaves be cut and used by them, except such as may have to be removed for the purpose of drawing toddy, nor shall any trees be tapped in so careless a manner as to lead to their destruction; and any breach of these Rules shall render the licensee liable to the payment of a penalty of Rs. 50 for each offence.

47. The licensee shall employ only professional toddy-drawers for tapping the trees.

48. In case of any breach of the aforesaid conditions either by the licensee or with his connivance or privity by any person in his employment, or in the case of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place the shop or group of shops under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the resale or other disposal of the privilege shall be made good by the licensee, or his surety or his heirs and representatives. All such penalties and loss shall be recovered in the same manner as if they were arrears of Land Revenue.

49. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the law for the time being in force.

50. If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Act, or other law for the time being in force it shall be lawful for the Deputy Commissioner to declare his license forfeited.

51. All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of Land Revenue.

52. Any sums deducted by the Deputy Commissioner, under the powers herein contained, from the deposit made by the licensee for the due performance of the lease, shall be replaced by him or his surety within fifteen days from the receipt of a notice from the Deputy Commissioner informing him of such deductions having been made.

53. The licensee shall be bound by any additional general rules which may, from time to time, be prescribed under the Excise Laws now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.

No. 11676—*Ex.* 476, *dated* 14*th June* 1898.

Under Sections 5, 13, 20 and 55 of the Excise Act XXII of 1881, as amended by Act VI of 1885, and introduced into Mysore by Regulation III of 1885, the Government of Mysore are pleased to make the following Rules in supersession of all existing rules on the subject of the disposal of the exclusive privilege of selling Toddy in Shops or Groups of Shops and the grant of Licenses for sale, for the tapping of Toddy-producing trees, &c.

PART I.

I. The exclusive privilege of selling toddy in each shop or group of shops, for each year or any other period that may be specially fixed by Government, shall be disposed of by sale by public auction. Toddy shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head.

II. The sales shall be conducted by the Deputy Commissioner or by an Assistant Commissioner specially authorized by the Deputy Commissioner in that behalf.

III. The results of sales shall be reported to the Excise Commissioner without delay.

IV. The terms and conditions of sale and the issue of licenses shall be as follows:—

1. The exclusive privilege of selling toddy in each shop or group of shops, as may from time to time be notified by Government, shall be put up to public auction at upset prices, and except as hereinafter provided, knocked down to the bidder offering the highest amount of rent above those prices. The licensee is not required to make any additional payment on account of local cess. The officer conducting the sale shall be at liberty to revise when necessary, the grouping of shops and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, unless revised by Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former Licensee who has been guilty of an infringement of the terms of his license or of the Excise Law or Rules thereunder shall be entitled to bid The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him; and his

surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(i) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops ; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.

(ii) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.

(iii) The amount of rent shall be payable into the local Government Treasuries on printed chellans, (in Form B appended) in equal monthly instalments commencing from 1st July of the year to which the license relates. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the same, as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(iv) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall with interest at 6 per cent per annum be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of resale.

(v) If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(vi) Toddy shall not be sold to the public, at less than the retail rates, from time to time notified by Government.

(vii) Toddy shall be sold pure as drawn from trees and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(viii) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the appended form C. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized on this behalf.

(ix) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form A, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open or the disposal of toddy in any other manner, unauthorized by the Rules, are strictly prohibited. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(x) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(xi) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore.

(xii) The licensee shall be bound by the provisions of the Excise Law and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(xiii) The license shall not be transferable except with the permission of the Excise Commissioner.

6. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the tree-tax prescribed in para 14 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in para 14 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bona fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of the applicant himself or of his nominees.

7. Applications for the grant of tree-tapping licenses must be made, in the prescribed form, to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

8. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

9. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

10. On receipt of an application, the Supervisor will at once take steps for the marking of the trees by an officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

11. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

12. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

13. For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of applicants, applications will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period, to which they relate, to take effect from the commencement of such period provided that no toddy shall be drawn except during the currency of such license.

14. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	Tree-tax per annum for each tree including local cess. Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago Palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in para 6 (*b*) and (*c*) above.

15. In addition to the above tax, tree-rent at annas four per tree per annum or at such other rate as may from time to time be fixed by Government with local cess thereon shall be paid by the applicant for Government trees tapped by him, the amount being credited to the respective departments concerned. Provided that the Government may waive the levy of such tree-rent for such period as they think fit, on account of Government trees tapped by licensees of shops in the Mysore State. No trees upon Government occupied land can be tapped without the consent of the owner. The rate of tree-rent payable for such trees shall be settled by the applicant with the owners thereof. The present arrangement as regards trees in alienated land will hold good subject of course to the levy by Government of tree-tax.

16. The tree-tax shall be payable on printed chellan as per appended form D in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April ...	One-third ...	The remaining two-thirds.
Between 1st May and 30th June ...	The whole ...	None.

17. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(i) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form D, and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(ii) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(iii) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in the State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(iv) The Supervisor concerned in the Mysore State will issue transport permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(v) Transport permits for toddy exported by rail will be given in batches of seven or any other requisite number, one for each day, to allow of a transport permit being invariably attached to the Way-bill.

18. In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted :—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the District,

or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the Rules in force, are strictly prohibited."

19. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

20. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

21. Every person to whom a tapping license is granted for the manufacture of toddy, either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be overtapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than three feet from the ground, except in places where permission is specially given.

(*e*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) Not less than eight leaves shall be left on each tree.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

22. In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to resell the exclusive privilege or otherwise dispose of it at the risk of the licensee or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the resale or other disposal of the privilege shall be made good by the licensee or his surety in the manner specified under para 3 of Rule IV above. All sums thus due shall be recovered in the same manner as if they were arrears of land revenue.

23. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of a license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the Law for the time being in force.

PART II.

V. The chellan B referred to in clause (iii) of para 5 of Rule IV shall be in triplicate. One copy shall accompany the Treasury "daily cash" account sent to the District Treasury, another being forwarded by the Taluk Treasury officer to the Deputy Commissioner's office and the third retained with the licensee.

VI. The amounts paid into the Taluk Treasury as per chellans B and D under clause (iii) of para 5 of Rule IV, and under paras 16 and 17 (i) of Rule IV, shall be credited at once to the appropriate budget head under "Excise Revenue," and the local cess to the head "Local Cess on Excise Revenue." The District

Treasury Officers shall furnish the Excise Commissioner with monthly statements of realizations on account of the several items of shop-rent, tree-tax, tree rent, and local cess under separate headings by dates in the form prescribed by the Comptroller.

VII. On receipt of the duplicate chellans referred to in Rule V and in paras 16 and 17 (i) of Rule IV, at the District Office, they shall be compared and verified with the figures in the monthly Abkari Revenue Statements Nos. 6 and 6-A received from the Amildars. The Statements Nos. 6 and 6-A compiled for the whole district shall then be forwarded to the Excise Commissioner's office where they shall be compared and verified with the Treasury monthly statements. The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6-A for the whole State and send them to the Dewan's office after obtaining the Comptroller's certificate of credit.

VIII. The duties to be performed, and the accounts, diaries and reports to be furnished by all Officers and Amildars, the executive members of the Excise Department, and village officials, shall be such as may, from time to time, be ordered by the Excise Commissioner.

IX. Except as otherwise provided, all orders passed and proceedings taken by Officers of the Excise Department under the provisions of these Rules, shall be subject to appeal to their immediate superiors, within two months from the date of the passing of such orders or proceedings.

X. The Officers of the Excise Department, and licensees or their agents, shall conform to such rules of practice as may, from time to time, be issued by the Excise Chmmissioner, not inconsistent with the provisions of the Excise Act and these Rules.

XI. The following persons are hereby empowered to grant passes or permits for possession of transport of toddy in such forms as may be prescribed by the Excise Commissioner:—All the members of Excise Department not below the rank of Abkari Inspector, Assistant Commissioners, Amildars and Sheristadars, and Shekdars, and licensees or their agents.

XII. Date trees for tapping for the purpose of extracting Toddy shall be reserved. Licenses for cutting and removal of leaves by professional rope-makers, basket-makers, &c., and by agriculturists, under such rules as may be issued by Government, shall be restricted only to the groves or trees not reserved for the purposes of toddy revenue, and may extend, in groves on trees reserved, to the the removal of date leaves cut by licensees for the purpose of drawing toddy.

CONDITIONS AND STIPULATIONS.

1. The exclusive privilege conferred by the license extends to the vend of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy.

2. The Deputy Commissioner shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.

3. The licensee shall pay Rs....., being the rent of the above exclusive privilege by equal monthly instalments commencing from 1st July 189 . Each month's rent shall be paid on or before the 20th of the same month. The licensee is not required to make any additional payment on account of local cess.

4. For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.

5. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be drawn except during the currency of such license.

6. In the case of date trees applied for by him to be tapped, the licensee shall get the requisite spaces on the stems of such trees prepared, so that they may be easily marked by Excise officers. He or his agent shall point out to the marking officer, when required by the latter to do so, the trees applied for by him. Should he fail to do so after reasonable notice, the tree-tax paid by him shall be liable to be forfeited at the Deputy Commissioner's discretion.

7. No trees shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

8. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Between 1st May and 30th June ...	The whole	

10. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing cancel the license, order the forfeiture of all deposit made by the defaulter and proceed to resell or otherwise dispose of the exclusive privilege at the defaulter's risk as soon after the last day of the month as may be possible.

11. The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by the licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from date of resale. Provided, however, that when the exclusive privilege is resold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the resale of the said privilege and the balance of such arrears and deficits, if any, shall be recoverable from the licensee or his surety or sureties or from both under the Rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall on any account whatever be claimable by the licensee.

12. If the deposit is in Government of India Promissory Notes or Mysore Debentures which the licensee wishes to retain, they will be returned to him on payment of the whole of the rental due by him; otherwise they will be sold, and the sale-proceeds taken towards the payment of the instalments due in the last months of the period of the lease, any balance still due being recovered as if it were an arrear of land revenue. In the case of the resale of the exclusive privilege, the deposit will be applied to cover any arrears which may be due, and the loss, if any, sustained by Government by resale; and if it shall be more than sufficient to do so, the balance will be forfeited. If, however, the deposit should fall short of the arrears due and of the loss by the resale, such arrears and losses, together with interest, shall be recovered by the attachment and sale of the property of the defaulter and of his sureties, if any, under the rules in force for the recovery of the arrears of Land Revenue.

13. The resale referred to will, however, be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at discretion. Such formal confirmation, unless revised by Government, will be tantamount to an acceptance of the bid. The accepted bid will represent the amount which is to be paid for the remaining period of the lease for the exclusive privilege.

14. If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the lease, in which case he shall serve a notice on the licensee informing him of the nature of the arrangements made.

15. If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

16. The licensee will be allowed to take out licenses to tap trees in the Madras Presidency, provided he pays the prescribed tree-tax for them into a Mysore Government Treasury in one instalment and subject to the Tree-tapping Rules in force in the Madras Presidency and in the Mysore State, and subject

also to the payment of tree-rent to the Madras Government at such rate as may be fixed by that Government.

17. The licensee shall not interfere with the licensees for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not reserved for tapping.

18. The licensee shall keep true and correct accounts showing —

(1) the names and situation of date topes from which toddy is drawn
(2) the number of trees tapped;
(3) the quantity of toddy drawn daily;
(4) the quantity of toddy sold daily; and
(5) the names of the shops to which toddy is supplied.

19. These accounts shall be kept in such forms as may be prescribed by the Excise Commissioner, and shall be open to inspection by the Amildar, or any Excise Officer appointed by the Deputy Commissioner for this purpose, and a copy thereof shall be furnished by the licensee to the Deputy Commissioner on requisition, in such form as may be prescribed by the Excise Commissioner.

20. Toddy shall be sold only in shops duly sanctioned and licensed by the Deputy Commissioner, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited.

21. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another within two hundred yards of the sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

22. The licensee shall place the license granted to him in a conspicuous place in the shop.

23. A sign board shall be affixed in a conspicuous part of the front of each shop containing, in the vernacular, the name of the shop-keeper and the rate at which toddy is sold by him.

24. The licensee shall prevent all drunkenness or disorder or gaming within his shops.

25. No shop shall be opened before sunrise.

26. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall authorize the keeping open of particular shops to a later hour.

27. The licensee shall not harbour robbers or thieves or riotous persons but, on the contrary, shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to his shops.

28. The licensee shall not receive any grain, jewels, goods, wearing apparel, or other article in barter or in pawn for toddy, but on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

29. The licensee shall not sell to any person more than three measuring seers of toddy to be consumed in the shop. He shall not allow any one to take out of his shop without a pass more than two seers or imperial quarts, with the exception of bakers who are permitted to purchase and remove the quantity of toddy specified in the pass held by them.

30. The licensee shall be bound to furnish such returns and information as may, from time to time, be required by the Deputy Commissioner.

31. The distillation of spirit from toddy is absolutely prohibited.

32. No ingredients noxious to health shall be put into the toddy either to increase its intoxicating power or for any other reason.

33. Toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any. No diluted or adulterated toddy or toddy unfit for human consumption shall be offered for sale or kept in the shops, or depôts if any.

34. Toddy shall not be sold to the public at less than the retail rates fixed by Government as per particulars below :—

	Price per seer or imperial quart.														
	Date Toddy.			Cocoanut Toddy.			Palmyra Toddy.			Bagani Toddy.			Dadasal Toddy.

35. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government.

36. The licensee shall have such measures tested and stamped at his own expense.

37. No toddy shall be sold or given to any European Non-Commissioned Officer or private soldier, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any sailor, nor to any sepoy, member of the Police Force, Excise Officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under twelve years of age, for consumption on the premises; nor shall any toddy be sold *on credit*.

38. The Deputy Commissioner may direct that all shops for the sale of toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

39. The Government reserves the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor or spirit than toddy.

40. Except with the permission of the Excise Commissioner, the licensee shall not sell or sub-rent or transfer his shop or group of shops.

41. Every person placed by the licensee in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. All engagements entered into by persons to be employed by the licensee on or after.....189 , shall be deposited with the Deputy Commissioner within one month from that date, or of the date of executing the engagement.

42. If it comes to the licensee's knowledge that any person employed by him in the manufacture, carriage or sale of toddy, commits any breach of the Excise Law or of the engagements entered into by him, it shall be the licensee's duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the further employment of such person.

43. The licensee shall not during the term of the license have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of vending toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner have any interest direct or indirect in any toddy shop or farm outside the territories of Mysore.

44. The licensee shall provide himself with printed forms of permits for transport and possession of toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise Officers.

45. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

46. The licensee shall be responsible that his servants or agents are prevented from extracting toddy from young immature date trees the trunks of which are less than one yard in height from the ground to the initial incision, nor that any leaves be cut and used by them, except such as may have to be removed for the purpose of drawing toddy, nor shall any trees be tapped in so careless a manner as to lead to their destruction; and any breach of these Rules shall render the licensee liable to the payment of a penalty of Rs. 50 for each offence.

47. The licensee shall employ only professional toddy-drawers for tapping the trees.

48. In case of any breach of the aforesaid conditions either by the licensee or with his connivance or privity by any person in his employment, or in the case of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place the shop or group of shops under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the resale or other disposal of the privilege shall be made good by the licensee, or his surety or his heirs and representatives. All such penalties and loss shall be recovered in the same manner as if they were arrears of Land Revenue.

49. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the law for the time being in force.

50. If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Act, or other law for the time being in force it shall be lawful for the Deputy Commissioner to declare his license forfeited.

51. All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of Land Revenue.

52. Any sums deducted by the Deputy Commissioner, under the powers herein contained, from the deposit made by the licensee for the due performance of the lease, shall be replaced by him or his surety within fifteen days from the receipt of a notice from the Deputy Commissioner informing him of such deductions having been made.

53. The licensee shall be bound by any additional general rules which may, from time to time, be prescribed under the Excise Laws now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency except within the limits of a reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some Officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass:

Provided that nothing in this Rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some Officer or other person whose name or official designation has been duly registered in the said office as an Officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any Officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stacked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said Rule.

---

* The following Rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel ;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai ; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this Rule shall be either a pass granted by a competent Officer under No. 3 of the Rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this Rule by an Officer belonging to any of the classes mentioned below :—

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

† Memo by L. R :—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the Rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is situated. (G. R. No. 3806 of 26th May 1886, R. D.)

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing;

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this Rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests, and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this Rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this Rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15. The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely):—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these Rules to be affixed thereto, may be so affixed.

B. K. VENKATAVARADAIENGAR, *Dy. Comr.*

KOLAR DISTRICT.

Dated 14th December 1897.

Notice is hereby given that sealed tenders will be received at the office of the Deputy Commissioner, Forest Department, Kolar district, up to 27th January 1898, for the right of cutting and removing bamboos in the marginally noted forests during a period of seventeen months, that is, from 1st February 1898 to the end of June 1899.

1. That portion of the Narasimhadevarabetta State Forest, which is situated between Nandi-Dodballapur road *viâ* Basavanaghati on the south and Chikballapur-Goribidnur road *viâ* Viratimmammanaghati onthe north in the Chikballapur taluk.
2. Nutuve District Forest in the Malur taluk.

2. Each tender must be accompanied with a deposit of rupees (200) two hundred only in Currencys Notes, as earnest money and be superscribed "Tenders for bamboos in forests."

3. Tenders should be sent for each forest separately stating the highest amount which they agree to pay for the exclusive privilege of cutting and removing bamboos in it.

4. The tenders will be opened at 12 noon on the 20th January 1898 by the District Forest Officer at his office in the presence of such of the tenderers and others as may attend and submitted to the Deputy Commissioner for orders.

5. The Deputy Commissioner does not bind himself to accept the highest or any other tender or to assign reason for the rejection of any.

6. Within eight days from the date of acceptance of the tender, the successful tenderer for Narasimhadevarabetta Forest shall deposit Rs. 300 in addition to the earnest money already presented by him with the tender. In the case of Nutuve District Forest the whole of the lease amount should be paid in a lump sum. The lessee or lessees shall execute mutchalikas embodying among others the following conditions, in default of which, their tenders are liable to be cancelled and the earnest money forfeited to Government. Local cess at one anna per rupee shall be levied on the lease amount.

7. The earnest money deposited by the unsuccessful tenderers will be returned after the tenders are disposed of.

Conditions.

8. The balance of the lease amount for Narasimhadevarabetta Forest shall be paid in four instalments as follows—1st April 1898, 1st July 1898, 1st September 1898, 1st December 1898. Should the lessee fail to pay up any of the instalments within the prescribed date the lease shall be cancelled, the bamboos felled and collected be confiscated to Government and steps taken to recover the amount as revenue demand.

9. The contractor is allowed to cut down or uproot as he chooses all the dead clumps throughout the whole area In the case of living clumps not less than eight green culms should be left uncut in each, and the remainder should be felled as close to the ground as practicable.

10. The felling must be commenced on one side and proceeded on regularly by blocks of 100-200 acres which will be previously marked by the Forest officials. On no account should felling be made throughout the whole area.

11. All the bamboos shall be covered with forest way permits before they are removed from the site. Bamboos removed without passes are liable to seizure by Forest, Police or Revenue officials.

12. The contractor will be permitted to burn charcoal out of dead bamboos or their roots from June to the end of November, if he likes to do so, at places to be approved by the Forest Department and subject to such safeguards as may be necessary to prevent risk of fire or surreptitious use of other wood.

13. All the materials felled in a block including tops and lops shall be removed or such as are not worth removal burnt before another block is marked out, failing which the same shall be liable to be disposed of to the advantage of Government by the District Forest Officer.

Dated 4th December 1897.

1. Tenders are hereby invited and will be received up to the end of January 1898 for purchasing "Kamara firewood" and timber cut and stored in stacks in the Kamara kaval, near Bommagondanakere in the Molakalmuru taluk.

2. This kaval lies on both sides of the Bangalore-Bellary high road between the 148th and 153rd miles and is easily accessible to carts.

3. About 150 firewood stacks of 400 c. ft. each are exposed for sale besides 2,000 trunks (more or less) of various dimensions.

4. The tenderers should state distinctly the highest rate which they agree to pay :—

1stly—per stack of billeted fuel.
2ndly—per cart load or c. ft. of Kamara trunks.

5. No local cess will be charged on the sale amount.

6. Tenders should be addressed to the "Deputy Commissioner, Chitaldrug district" and sent in registered, sealed covers superscribed with the words "Tenders for Kamara fuel and timber in the Kamara Kaval" and be accompanied with Rs. 100 as earnest money, which will be returned after the tenders are disposed of.

The tenders will be opened in the District Forest Office at Chitaldrug on the 1st February 1898 at 2 P. M. in the presence of such tenderers as may choose to be present on the occasion.

The Deputy Commissioner does not bind himself to accept the highest or any other tender.

TANGADI BARK SALE.

Notice, dated 15th December 1897.

It is hereby notified for general information that the exclusive privilege of collecting Tangadi (*Cassia auriculata*) bark on all Government unoccupied lands, including Amrut Mahal kavals, of the undermentioned taluk of this district, from 1st March 1898 to the 30th of June 1899, will be sold by public auction by the Deputy Commissioner, or other Officer deputed by him, on the date and at the place specified below :—

Name of taluk.	Date of sale.	Place of sale—Taluk Cutcherry at.	Remarks.
Jagalur	7th February 1898.	Jagalur.	The sale may be held talukwar or hobliwar as may be found advantageous to the Government at the time of sale.

2. The auction will commence at 2 P. M. on each day of sale, and if the sale is not completed on the same day it will be continued on the next following day at the same hour.

3. The exclusive privilege above described will be disposed of to the highest bidder, subject to the confirmation of the Deputy Commissioner, who is at liberty to accept or reject the bid at his discretion. The accepted bid will represent the amount which is to be paid for the period of sixteen months for the abovesaid privileges (*i. e.*, 1st March 1898 to the 30th June 1899).

4. Parties intending to bid must attend either in person or by duly accredited agents, and no person will be permitted to bid either on his own behalf or on account of any one else, unless he deposits a sum of Rs. 50. The deposits made by the unsuccessful bidders will be returned at the close of sale. Each successful bidder shall, at the close of the sale, credit into the Government Treasury of the taluk concerned, one-fourth of the total rental including the deposit already made. Should he fail to do so, the deposit will be forfeited and the exclusive privilege will be re-sold by the Officer conducting the sale.

5. Re-sales effected under the above para will be at the risk of the defaulting bidder, who will forfeit all gain ; and in the event of a loss by the re-sale shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale.

6. The lessee shall sign an agreement binding himself to observe the conditions below, and it should be executed within fifteen days from the date on which the confirmation of the sale may be intimated to him.

7. The balance of lease amount and the local cess at one anna in the rupee on the whole sum shall be paid in full before the end of February 1898, failing which the lessee will forfeit the one-fourth sum already credited and also his claim to the produce; and the right of collecting the same is liable to be re-sold.

Conditions.

(1) To coppice all shoots, whether large or small, over one year old.

(2) To hold himself responsible to prevent the felling of tender stems by his servants or sub-contractors; that is, stems under one year old.

(3) To furnish a list of sub-contractors and mestris who may be appointed by them for the collection of bark in the different working circles, showing the names of storing kotis in each.

(4) The barked wood to be the property of the lessee.

(5) To keep accounts showing the quantity of the bark removed in accordance with the lease and to permit inspection of such accounts by the Deputy Commissioner or the District Forest Officer or any other Officer deputed by either of them.

(6) To provide passes for each cart-load of bark in such manner as may be laid down by the District Forest Officer.

(7) To remove out of the limits of the district, before the end of June 1899, all bark cut, collected or stored in the several kotis of the district as well as railway stations.

(8) In the event of breach of any of the above conditions, the lease is liable to be cancelled, and all the bark collected and stored up to date to be confiscated.

FOREST DEPARTMENT.

The 21st December 1897.

The following notification as now amended is republished for information :—

Notification, dated 20th September 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency except within the limits of a reserved Forest (whether a village forest or not) or of a protected forest,

* The following Rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this Rule shall be either a pass granted by a competent Officer under No. 3 of the Rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this Rule by an Officer belonging to any of the classes mentioned below :—

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some Officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass:

Provided that nothing in this Rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some Officer or other person whose name or official designation has been duly registered in the said office as an Officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any Officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stacked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said Rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing;

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this Rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests, and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this Rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this Rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

---

† Memo by L. R:—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the Rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is situated. (G. R. No. 3806 of 26th May 1886, R. D.)

Rule 15.—The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely) :—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these Rules to be affixed thereto, may be so affixed.

B. K. VENKATAVARADAIENGAR, *Dy. Comr.*

The 5th January 1898.

The depositors of the Mysore Government Savings Bank, are hereby requested to present their pass books, at this Treasury for adjustment of interest for the year 1896-97.

M. ANNAJI RAO, *Treasury Officer.*

KOLAR DISTRICT.

Dated 14th December 1897.

Notice is hereby given that sealed tenders will be received at the office of the Deputy Commissioner, Forest Department, Kolar district, up to 27th January 1898, for the right of cutting and removing bamboos in the marginally noted forests during a period of seventeen months, that is, from 1st February 1898 to the end of June 1899.

1. That portion of the Narasimhadevarabetta State Forest, which is situated between Nandi-Dodballapur road *viâ* Basavanaghati on the south and Chikballapur-Goribidnur road *viâ* Viratimmammanaghati on the north in the Chikballapur taluk.
2. Nutuve District Forest in the Malur taluk.

2. Each tender must be accompanied with a deposit of rupees (200) two hundred only in Currencys Notes, as earnest money and be superscribed "Tenders for bamboos in forests."

3. Tenders should be sent for each forest separately stating the highest amount which they agree to pay for the exclusive privilege of cutting and removing bamboos in it.

4. The tenders will be opened at 12 noon on the 20th January 1898 by the District Forest Officer at his office in the presence of such of the tenderers and others as may attend and submitted to the Deputy Commissioner for orders.

5. The Deputy Commissioner does not bind himself to accept the highest or any other tender or to assign reason for the rejection of any.

6 Within eight days from the date of acceptance of the tender, the successful tenderer for Narasimhadevarabetta Forest shall deposit Rs. 300 in addition to the earnest money already presented by him with the tender. In the case of Nutuve District Forest the whole of the lease amount should be paid in a lump sum. The lessee or lessees shall execute mutchalikas embodying among others the following conditions, in default of which, their tenders are liable to be cancelled and the earnest money forfeited to Government. Local cess at one anna per rupee shall be levied on the lease amount.

7. The earnest money deposited by the unsuccessful tenderers will be returned after the tenders are disposed of.

Conditions.

8. The balance of the lease amount for Narasimhadevarabetta Forest shall be paid in four instalments as follows—1st April 1898, 1st July 1898, 1st September 1898, 1st December 1898. Should the lessee fail to pay up any of the instalments within the prescribed date the lease shall be cancelled, the bamboos felled and collected be confiscated to Government and steps taken to recover the amount as revenue demand.

9. The contractor is allowed to cut down or uproot as he chooses all the dead clumps throughout the whole area In the case of living clumps not less than eight green culms should be left uncut in each, and the remainder should be felled as close to the ground as practicable.

10. The felling must be commenced on one side and proceeded on regularly by blocks of 100-200 acres which will be previously marked by the Forest officails. On no account should felling be made throughout the whole area.

11. All the bamboos shall be covered with forest way permits before they are removed from the site. Bamboos removed without passes are liable to seizure by Forest, Police or Revenue officials.

12. The contractor will be permitted to burn charcoal out of dead bamboos or their roots from June to the end of November, if he likes to do so, at places to be approved by the Forest Department and subject to such safeguards as may be necessary to prevent risk of fire or surreptitious use of other wood.

13. All the materials felled in a block including tops and lops shall be removed or such as are not worth removal burnt before another block is marked out, failing which the same shall be liable to be disposed of to the advantage of Government by the District Forest Officer.

B. RAMASWAMI IYER, for *Dy. Comr.*

MYSORE DISTRICT.

Notification, dated 5th January 1898.

It is hereby notified for public information that the undermentioned Government unoccupied lands, which are irrigable by the Chamraj Channel Extension, in the Yedatore taluk, will be sold by public auction on the spot by the Deputy Commissioner or such officer as he may appoint in this behalf, on the 10th February 1898 and on the following days. The sale will commence at 11 A. M. and the lands will be knocked down to the highest bidders without reserve.

2. Purchasers will be required to deposit (25) twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of the sale, the money so deposited shall be liable to forfeiture.

3. When such deposit shall not be made, nor the remaining purchase money paid up, the land shall be re-sold at the expense and risk of the first purchaser who shall forfeit all claim to the land or to any part of the sum for which it may subsequently be sold.

4. If the proceeds of the re-sale be less than the price bid by such defaulting purchaser, the difference shall be recovered from him as an arrear of land revenue.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals; otherwise their bids will be rejected.

6. The sale of the land will not become absolute until confirmed by the Deputy Commissioner.

7. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession of the land and granted a written permission by the Amildar to enter upon occupation. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

8. Provided, parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within thirty days from the date of sale, and the purchase shall be conditional on the final order on such appeal.

9. Purchasers will be required to pay a wet assessment on the lands purchased by them, commencing from the year in which they are put in possession of the lands. Such assessment shall be payable first at the rates temporarily fixed by the Deputy Commissioner and then at those finally settled by the Survey Department.

10. Further particulars may be obtained on application to the Amildar of the Yedatore taluk.

TUMKUR DISTRICT.

Notification, dated 6th January 1898.

It is hereby notified for public information that the right of collecting Kuranga or whet stones in the undermentioned taluks of the Tumkur district for the year 1897-98, *i. e.*, from 1st July 1897 to 30th June 1898, will be sold by public auction on the dates and places noted against them, commencing at 11 A. M.

Taluk.		Date.		Place.
Maddagiri	..	4th February 189	..	Maddagiri.
Gubbi	..	4th do	..	Gubbi.

2. The Amildar or Sheristadar will hold the sale.

3. The acceptance of the highest offer will be subject to confirmation by the Deputy Commissioner, Tumkur district.

4. Persons bidding at the sale should state whether they bid on their own account or as agents, and in the latter case should deposit authority signed by their principals; otherwise their bids will be rejected.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale, and if the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, be not paid within seven days from the date of his being informed by the Amildar of the confirmation of the sale, the money so depos ted shall be liable to forfeiture. If such deposits be not made, or if the remaining purchase money be not paid up, the right shall be re-sold at the expense and risk of the first purchaser.

6. The lessee is not to collect the stones on occupied lands, except with the consent of the occupants, who, however, are not authorized to collect the stones on their lands, or to sell them to any person other than the lessee.

7. The lessee is not to interfere with the grazing right of the bulbanni izardars or renters of pasture.

8. The lessee is to allow unoccupied lands to be given out by Government for cultivation, reserving to himself the right of collecting the stones wherever found in them.

9. The lessee shall not dig up the lands for the collection of the stones, and if the lands are dug up, he shall fill up the pits so as to leave the lands fit for cultivation.

10. The lessee shall not remove the collected material except under a free license granted by the Amildar of the taluk in which the stones are found, specifying the village in which the stone was collected, the quantity to be removed in maunds, and the place to which it is to be exported.

CHITALDRUG DISTRICT.

TANGADI BARK SALE.

Notice, dated 15th December 1897.

It is hereby notified for general information that the exclusive privilege of collecting Tangadi (*Cassia auriculata*) bark on all Government unoccupied lands, including Amrut Mahal kavals, of the undermentioned taluk of this district, from 1st March 1898 to the 30th of June 1899, will be sold by public auction by the Deputy Commissioner, or other Officer deputed by him, on the date and at the place specified below :—

Name of taluk.	Date of sale.	Place of sale—Taluk Cutcherry at.	Remarks.
Jagalur	7th February 1898.	Jagalur.	The sale may be held talukwar or hobliwar as may be found advantageous to the Government at the time of sale.

2. The auction will commence at 2 P. M. on each day of sale, and if the sale is not completed on the same day it will be continued on the next following day at the same hour.

3. The exclusive privilege above described will be disposed of to the highest bidder, subject to the confirmation of the Deputy Commissioner, who is at liberty to accept or reject the bid at his discretion. The accepted bid will represent the amount which is to be paid for the period of sixteen months for the abovesaid privileges (*i. e.*, 1st March 1898 to the 30th June 1899).

4. Parties intending to bid must attend either in person or by duly accredited agents, and no person will be permitted to bid either on his own behalf or on account of any one else, unless he deposits a sum of Rs. 50. The deposits made by the unsuccessful bidders will be returned at the close of sale. Each successful bidder shall, at the close of the sale, credit into the Government Treasury of the taluk concerned, one-fourth of the total rental including the deposit already made. Should he fail to do so, the deposit will be forfeited and the exclusive privilege will be re-sold by the Officer conducting the sale.

5. Re-sales effected under the above para will be at the risk of the defaulting bidder, who will forfeit all gain ; and in the event of a loss by the re-sale shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale.

6. The lessee shall sign an agreement binding himself to observe the conditions below, and it should be executed within fifteen days from the date on which the confirmation of the sale may be intimated to him.

7. The balance of lease amount and the local cess at one anna in the rupee on the whole sum shall be paid in full before the end of Feb[illegible] failing which the lessee will forfeit the one-fourth sum already credited and also his claim to the [illegible] ; and the right of collecting the same is liable to be re-sold.

Conditions.

INAM DEPARTMENT.

Notice No. 4, dated 18th January 1898.

The investigation of Inams in the Sringeri Jabgir will be made by Mr. K. Ramaswamaiengar, Special Assistant Superintendent of Inam Settlements, and commence at Sringeri on the 1st February 1898, between which date and 31st March all parties interested should appear in person or by authorized agent to prosecute their claims.

J. P. GRANT, *Supt. of Inam Settlements.*

FOREST DEPARTMENT.

The 21st December 1897.

The following Notification as now amended is re-published for information :—

Notification, dated 20th September 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency except within the limits of a reserved forest (whether a village forest or not) or of a protected forest,

---

* The following Rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

—The pass required by this Rule shall be either a pass granted by a competent Officer, under No. 3 of the Rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this Rule by an Officer belonging to any of the classes mentioned below :—

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 506, and Notification N 941, Bombay Government Gazette, 1885, page 144.)

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some Officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass:

Provided that nothing in this Rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some Officer or other person whose name or official designation has been duly registered in the said office as an Officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any Officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stacked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said Rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing;

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this Rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests, and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this Rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this Rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

---

† Memo by L. R:—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the Rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is situated. (G. R. No. 3806 of 26th May 1886, R. D.)

Rule 15.—The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely) :—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these Rules to be affixed thereto, may be so affixed.

APPENDIX A.

2. The elephants are stationed within 15 miles of the Nanjangud railway station and may be inspected on three days' previous notice to the Khedda Superintendent or Field Inspector.

3. Applications should be sealed and registered and superscribed "Tender for Elephants" and reach the undersigned at Bangalore on or before the 28th February next, specifying the Serial No. of elephants and the *highest* price offered for each accompanied by a sum of Rs. 50 as earnest money for each elephant.

4. Within three days of receipt of intimation of acceptance of any tender, such amount as with the earnest money will make up 25 per cent of the tendered amount should be remitted, failing which the earnest money will be forfeited to Government and the acceptance of tender be considered cancelled. The balance of purchase money must be paid within ten days from receipt of intimation of acceptance of offer and the animals taken charge of, failing which they will be *entirely* at the risk of the tenderer and Rs. 5 per day per elephant will be charged for feed and attendance. If within a fortnight from the latter date (*i. e.* from the date an elephant is at the risk of the tenderer) it is not fully paid for and removed it will be liable to be re-sold, any loss on such re-sale being recovered from the tenderer as a revenue demand.

6. Elephants must be conveyed by purchasers to their destination at their own cost and risk, but needful assistance will be rendered as regards mahouts and kumki elephants if purchasers are willing to bear the charges which must be deposited with the undersigned.

7. The earnest money of rejected tenders will be returned as well as the 25 per cent of the tender amount paid if the elephant dies within ten days of the communication of the acceptance of the tender. Any surplus of money deposited under para 6 will also be refunded, purchasers being liable for any excess expenditure which will be recoverable as a revenue demand.

8. The undersigned reserves the right to accept or reject any tender without assigning any reason.

J. CAMPBELL WALKER, COL.,
Conservator of Forests in Mysore.

Notification, dated 30th December 1897.

It is hereby notified for general information that the right of removing dry bamboos in the undermentioned State Forests of the Bangalore district up to the 30th June 1898 will be sold by public auction on the dates and at the places specified against each forest. The sale will be subject to the confirmation of the Deputy Commissioner.

2. The purchaser will be required to deposit twenty-five per cent of the purchase money soon after the sale is closed and to pay the remainder within thirty days from the date of sale, failing which the deposit shall be forfeited and the right shall be re-sold at the risk of the first purchaser, who will not be entitled to any excess amount that may be obtained in the sale.

3 The purchaser shall hold himself responsible should any fire occur in the forest or tract of forest in which he is permitted to collect dry bamboos. Should the contractor or his men commit within his limit any forest offence, the same will be dealt with under the Forest Rules.

Notification, dated 7th January 1898.

It is hereby notified for general information that dead and dying timber trees of reserved and unreserved kinds available in the undermentioned State Forests of the Kankanhalli taluk will be sold on license system by the District Forest Officer of the Bangalore district up to the 30th June 1898.

2. The auction will commence at 2 P. M. on each day of sale, and if the sale is not completed on the name day, it will be continued on the next followiug day at the same hour.

3. The exclusive privilege above described will be disposed of to the highest bidder and the District Forest Officer is at liberty either to accept or to reject the bid at his discretion.

4. Parties intending to bid must attend either in person or by duly accredited agents and no person will be permitted to bid either on his own behalf or on account of any one else unless he deposits a sum of Rs. 100 (one hundred). The deposits made by the unsuccessful bidder will be returned at the close of the sale. Each successful bidder shall, within three days after the confirmation of the sale is intimated to him, credit into the Government Treasury of the taluk concerned one-fourth of the total rental including the deposit already made. The balance of the lease amount shall be paid in full within 15 days from the date of the sale. Should he fail to do so, the deposit will be forfeited to Government and the exclusive privilege will be re-sold by the District Forest Officer.

5. Re-sales effected under the above para will be at the risk of the defaulting bidder, who will forfeit all gain and in the event of a loss by the re-sale, shall make good the deficiency between the total amount under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. If the deficit be not paid on demand, it will be liable to be recovered as a revenue demand.

6. The lessee shall sign an agreement binding on himself to observe the conditions below, and it should be executed within three days from the date on which the confirmation of the sale may be intimated to him; in default the deposit will be forfeited and the right re-sold.

Conditions.

1. No stem or shoot under one year old to be cut or barked.

2. To hold himself responsible to prevent the felling of tender stems by his servants or sub-contractors.

3. To furnish a list of sub-contractors and mestris who may be appointed by him for the collection of barks in the different working circles.

4. The barked wood to be the property of the lessee.

5. To keep accounts showing the quantity of the barks removed in accordance with the lease and to permit inspection of such accounts by the District Forest Officer, Forest Range Officer, and Forester, or any other Officer deputed by them.

6. To provide passes for each cart-load of bark in such manner as may be laid down by the District Forest Officer.

7. To remove, out of the limits of the Tumkur district and before the end of June 1898, all barks cut, collected or stored.

8. No fire either open or covered shall be carried through the State Forest or Plantation.

9. No fire should be lighted or kindled within the limits of the State Forest or Plantation.

10. No person shall enter or remain in the State Forest or Plantation either before 6 A. M. or after 6 P. M. every day.

11. To abide by the conditions that may, from time to time, be laid down by the District Forest Officer for the fire protection of the State Forests.

12. To hold himself responsible to prevent the felling of species other than Tangadi.

13. To collect the bark only in the specified block of the State Forest or Plantation.

14. In the event of breach of any of the conditions the lease is liable to be cancelled, all the barks collected and barked wood to be confiscated, and the whole of the amount paid by him or such portion thereof as may be decided by the District Forest Officer, to be forfeited to Government. Also the lessee is liable to be prosecuted under Section 40 of the Mysore Forest Rules of 1878.

Notification, dated 14th January 1898.

It is hereby notified for the information of the public that about 100 (one hundred) maunds of gall-nut collected departmentally in the Kudre Kanve State Forest in the Huliyar sub-taluk will be sold by public auction by the District Forest Officer, Tumkur, on the 22nd February 1898, at Huliyar, in the travellers' bangalo.

2. Watch and ward rest with the purchaser from the date of the sale or payment.

3. *Terms of sale.*—Twenty-five per cent of the purchase money should be deposited immediately after the sale is closed. The balance should be paid within a week from the date of the sale; in default the produce will be re-sold at the risk of the first purchaser and the deposit amount forfeited. In the event of any gain at the re-sale the first purchaser will not participate.

M. ANNAJI RAO, *Treasury Officer.*

KOLAR DISTRICT.

Dated 14th December 1897.

Notice is hereby given that sealed tenders will be received at the office of the Deputy Commissioner, Forest Department, Kolar district, up to 27th January 1898, for the right of cutting and removing bamboos in the marginally noted forests during a period of seventeen months, that is, from 1st February 1898 to the end of June 1899.

1. That portion of the Narasimhadevarabetta State Forest, which is situated between Nandi-Dodballapur road *viâ* Basavanaghati on the south and Chikballapur-Goribidnur road *viâ* Viratimmammanaghati on the north in the Chikballapur taluk.
2. Nutuve District Forest in the Malur taluk.

2. Each tender must be accompanied with a deposit of rupees (200) two hundred only in Currencys Notes, as earnest money and be superscribed "Tenders for bamboos in forests."

3. Tenders should be sent for each forest separately stating the highest amount which they agree to pay for the exclusive privilege of cutting and removing bamboos in it.

4. The tenders will be opened at 12 noon on the 20th January 1898 by the District Forest Officer at his office in the presence of such of the tenderers and others as may attend and submitted to the Deputy Commissioner for orders.

5. The Deputy Commissioner does not bind himself to accept the highest or any other tender or to assign reason for the rejection of any.

6. Within eight days from the date of acceptance of the tender, the successful tenderer for Narasimhadevarabetta Forest shall deposit Rs. 300 in addition to the earnest money already presented by him with the tender. In the case of Nutuve District Forest the whole of the lease amount should be paid in a lump sum. The lessee or lessees shall execute mutchalikas embodying among others the following conditions, in default of which, their tenders are liable to be cancelled and the earnest money forfeited to Government. Local cess at one anna per rupee shall be levied on the lease amount.

7. The earnest money deposited by the unsuccessful tenderers will be returned after the tenders are disposed of.

Conditions.

8. The balance of the lease amount for Narasimhadevarabetta Forest shall be paid in four instalments as follows—1st April 1898, 1st July 1898, 1st September 1898, 1st December 1898. Should the lessee fail to pay up any of the instalments within the prescribed date the lease shall be cancelled, the bamboos felled and collected be confiscated to Government and steps taken to recover the amount as revenue demand.

9. The contractor is allowed to cut down or uproot as he chooses all the dead clumps throughout the whole area In the case of living clumps not less than eight green culms should be left uncut in each, and the remainder should be felled as close to the ground as practicable.

10. The felling must be commenced on one side and proceeded on regularly by blocks of 100-200 acres which will be previously marked by the Forest officials. On no account should felling be made throughout the whole area.

11. All the bamboos shall be covered with forest way permits before they are removed from the site. Bamboos removed without passes are liable to seizure by Forest, Police or Revenue officials.

12. The contractor will be permitted to burn charcoal out of dead bamboos or their roots from June to the end of November, if he likes to do so, at places to be approved by the Forest Department and subject to such safeguards as may be necessary to prevent risk of fire or surreptitious use of other wood.

13. All the materials felled in a block including tops and lops shall be removed or such as are not worth removal burnt before another block is marked out, failing which the same shall be liable to be disposed of to the advantage of Government by the District Forest Officer.

B. RAMASWAMI IYER, for *Dy. Comr.*

MYSORE DISTRICT.

Notification, dated 5th January 1898.

It is hereby notified for public information that the undermentioned Government unoccupied lands, which are irrigable by the Chamraj Channel Extension, in the Yedatore taluk, will be sold by public auction on the spot by the Deputy Commissioner or such officer as he may appoint in this behalf, on the 10th February 1898 and on the following days. The sale will commence at 11 A. M. and the lands will be knocked down to the highest bidders without reserve.

2. Purchasers will be required to deposit (25) twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of the sale, the money so deposited shall be liable to forfeiture.

3. When such deposit shall not be made, nor the remaining purchase money paid up, the land shall be re-sold at the expense and risk of the first purchaser who shall forfeit all claim to the land or to any part of the sum for which it may subsequently be sold.

4. If the proceeds of the re-sale be less than the price bid by such defaulting purchaser, the difference shall be recovered from him as an arrear of land revenue.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals; otherwise their bids will be rejected.

6. The sale of the land will not become absolute until confirmed by the Deputy Commissioner.

7. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession of the land and granted a written permission by the Amildar to enter upon occupation. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

8. Provided, parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within thirty days from the date of sale, and the purchase shall be conditional on the final order on such appeal.

9. Purchasers will be required to pay a wet assessment on the lands purchased by them, commencing from the year in which they are put in possession of the lands. Such assessment shall be payable first at the rates temporarily fixed by the Deputy Commissioner and then at those finally settled by the Survey Department.

10. Further particulars may be obtained on application to the Amildar of the Yedatore taluk.

The 14th January 1898.

It is hereby notified that in satisfaction of arrears of land revenue due by the revenue defaulter, Krishna Raya, the undermentioned immovable property which has been declared forfeited, will be sold by public auction at the Taluk Cutcherry, Mysore, in the Mysore district, on 5th February 1898. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole year is has as shown in detail in the statement at foot.

3. Purchasers will be required to deposit twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the date of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be re-sold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account, or as agents, and in the latter case to deposit a written authority signed by their principals ; otherwise their bids may be rejected.

6. The sale shall be stayed if the defaulter, or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money, will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession, and the property will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within thirty days from the date of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

J. P. GRANT, *Supt. of Inam Settlements.*

JUDICIAL DEPARTMENT.

Notification, dated 19*th January* 1898.

It is hereby notified that the following Rules for the service and execution of processes issued by the Civil Courts in the Mysore Province, and the fees chargeable therefor, framed by the Chief Court under the provisions of Section 20 of the Court Fees Act, in supersession of those contained in the Chief Commissioner's Notifications Nos. 261 and 262, dated 10th January 1880, and the Chief Court Circular letter No. 549-4, dated 5th July 1882, which have received the sanction of Government, shall come into force from the 1st day of February 1898.

I. There shall be one General Establishment of Amins and Peons for the execution and service of processes issued by all the Civil Courts at each of the following stations and at such other places as the Chief Court may hereafter direct:—Bangalore, Mysore, Shimoga.

Such establishment shall be under the immediate direction of a Central Nazir and the control of the Principal Munsiff.

II. At all other stations the Process Establishment shall be under the immediate direction of a Deputy Nazir, who shall be under the control of the Munsiff having jurisdiction at such station.

III. (*a*) There shall be two classes of Central Nazirs, and their pay shall be—

						Rs.
1st Class	...	...	...	..	...	50 a month
2nd „	...	...	...	...	...	40 „

provided that no Central Nazir shall be placed in the 1st class unless the Process Establishment to be supervised by him consists of 70 peons and 20 amins;

(*b*) There shall be two classes of Deputy Nazirs, and their pay shall be—

						Rs.
1st Class	...	...	...	...	...	25 a month
2nd „	...	...	...	...	...	20 „

Deputy Nazirs of the 1st class shall be provided for the Munsiff's Courts graded as 1st class, and Deputy Nazirs of the 2nd class for the Munsiffs' Courts graded as 2nd and 3rd classes.

(c) There shall be two classes of Amins, and their pay shall be—

	Rs.
1st Class	16 a month
2nd „	14 „

The proportion of Amins in the higher grade shall not exceed one to two in the lower grade.

(d) There shall be two classes of Peons, and their pay shall be—

	Rs.
1st Class	8 a month
2nd „	7 „

The proportion of Peons in the higher grade shall not exceed one to three in the lower grade.

The Central Nazir and his Process Establishment shall be appointed by the District Judge. The apppointment of Deputy Nazir and his establishment shall be made by the Munsiff to whose Court they are attached. All appointments shall be subject to the provisions of Section 21 of the Civil Courts Regulation No. I of 1883.

All the charges of the Nazarat Establishment shall be debited to the Process Service Fund.

IV. Each Central Nazir must furnish security in a sum of Rs. 500, and each Deputy Nazir in a sum of Rs. 250. Each Amin of the 1st class must furnish security in the sum of Rs. 120 and each Amin of the 2nd class in the sum of Rs. 100. The security for Peons of both classes shall be Rs. 50.

V. The security to be furnished by Nazirs and Amins shall either be by bond, or by deposit of title deeds of immovable property, or by deposit of cash or Government Promissory Notes ; and the security to be furnished by Peons shall be by bond with two sureties, or by deposit of cash, which should be invested in the District Savings Bank in the name of the depositor.

VI. The "proper officer" to whom processes shall be transmitted for service under Section 72 of the Code of Civil Procedure, 1882, shall be—

(a) *The Central Nazir*, in respect of all processes issued by any Court located or having jurisdiction at a station where there is a Central Nazir, for service within the jurisdiction of a Munsiff located at such station ;

(b) *The Deputy Nazir*, at a station where there is no Central Nazir, and in respect of processes issued by any Court for service within the jurisdiction of an outlying Munsiff.

VII. The processes of each Court shall be numbered consecutively, as soon as all batta charges have been paid, and shall be entered in a register in the Form A or AA, as the case may be, annexed hereto.

VIII. At stations where there is a Central Nazir, at 3 P. M. daily, the chief ministerial officer of each Court shall sign the Register A, and transmit it to the Central Nazir, together with the processes to be served or executed by him, which have been prepared up to that hour, and the witnesses' batta. Such processes prepared after 3 P. M. shall be sent to the Nazir not later than 11-30 the following morning, together with the register signed as above.

After verifying the entries relating to himself, the Central Nazir shall return the register to the Court concerned with his counter-signature.

This rule shall also apply to processes to be served or executed by the Deputy Nazirs.

IX. One hour before the Post time for each outlying Munsiff's station, the chief ministerial officer of each superior Court shall have a list prepared in the Form AA of all processes to be served or executed within the jurisdiction of such outlying Munsiff, and such list shall be forthwith sent by Post on Mysore Government Service to the Deputy Nazir of such Munsiff, together with all such processes.

X. On receiving any batch of processes, the Central or Deputy Nazir, as the case may be, shall give them general numbers and enter them in a register, which shall be kept by himself or under his superintendence in the Form B annexed hereto.

XI. He shall thereupon arrange for the distribution of the processes, and, after the necessary entries have been made in the Roster (Form C hereto annexed), shall deliver them to the several process-servers. As far as possible, all processes other than warrants of arrest, for persons residing in the same neighbourhood shall be served by one process-server and not by several, whether issued by the same or by different Courts.

XII. Every day, at such hours as the Munsiff may fix, having regard (when necessary) to the hours at which the Post closes, the Central Nazir and each Deputy Nazir shall prepare a list for each Court of the processes to be returned to it giving them their original Court numbers, and shall transmit them with the list to the chief ministerial officer, who shall sign and return the list.

XIII. It shall be the duty of the chief ministerial officer to have the processes returned struck off in his Register A or AA, as the case may be, and to bring to the notice of the presiding Judge any unusual delay. Where such Judge is not the District Judge, he shall report such delay to the District Judge in the absence of satisfactory explanation. The District Judge will report all such cases to the Chief Court.

XIV. At the close of each day, every Central and Deputy Nazir shall enter in the Register B the number of processes distributed during the day and the number of peons remaining unemployed after the distribution.

XV. The return of service shall ordinarily be verified by affidavit, and, under Section 197 (*b*) of the Code of Civil Procedure, all Nazirs and Deputy Nazirs are hereby empowered to administer the oath to any process-server. Such affidavit may be read at the hearing and used as proof of service.

When a process is returned under Section 80, 168 or 343, the Court is required to examine the serving officer on oath ; but under Section 386 (*c*), in the case of the process-servers of an outlying Court, such examination may generally be taken under a Commission. The Commission will be in the form of an authority (written or printed at the foot of, or attached to, every process) to the Munsiff to examine the process-server if necessary.

XVI. When any person has been arrested, or movable property seized, by a process-server of an outlying Court under a warrant issued by a superior Court, the process-server shall forthwith bring such person or property to the station of such Court and deliver him or it to the Central or Deputy Nazir, as the case may be, provided that this rule shall not apply to property not required to be brought to the Court-house.

Such Central or Deputy Nazir shall immediately give the process-server a receipt and send him back to his own Court, and shall produce such person or property before the Court which issued the process.

When money shall have been paid upon any such process, it shall be received by the outlying Munsiff and duly transmitted, together with the process, to the Court concerned : provided that, where such sum does not exceed the batta due (or likely to become due within three days) by such Court, the Munsiff may order it to be credited to such Court's Batta Account, sending immediate notice of the same that the Court concerned may pay the judgment-creditor out of the batta accumulations.

XVII. A permanent advance of Rs. 100 will be made to each Central or Deputy Nazir for the batta of witnesses, &c. The amount of batta to be paid must be notified on each process sent to it for service, but shall be retained in the Court issuing the process until the accumulations reach Rs. 50, or till the end of the month. Whenever the sum of Rs. 50 is due by any one Court to another, and at the close of each month in any case, the full amount due must be remitted through the Government Treasury, if there is a Treasury at the outlying station, and if not, by a Postal Money Order, the cost of which may be charged in the Contingent Bill.

The Chief Court may, at its discretion, increase or reduce the permanent advance of any particular Central or Deputy Nazir.

XVIII. On or before the 6th of each month the Central Nazir or the Deputy Nazir (as the case may be) of each Court shall send to each Court concerned a statement showing the account between them, as it stood at the close of the preceding month, and any subsequent remittance. Such accounts, when furnished to any other Court than the District Court, shall be sent on to the District Judge after verification and with any explanation which may seem necessary. It shall be the duty of the District Judge to see that no excessive sum of money is retained in any Court.

XIX. The presiding Judge of any Court may, for any sufficient reason, at any hour of the day, transmit a process for emergent execution within the jurisdiction of the head-quarter Munsiff, and it shall be the duty of the Central or Deputy Nazir (as the case may be), on receiving such process signed by the Judge, to make immediate arrangements accordingly.

In a case of very special urgency, the presiding Judge may deliver any such process to one of the process-servers in attendance on his Court for immediate service or execution.

XX. The Deputy Nazirs of outlying Courts shall on no account delay any process which may be signed by a presiding Judge as emergent. All other processes it shall be lawful for them to keep back for any period, not exceeding three days, which may be necessary to admit of a sufficient number accumulating for a particular neighbourhood.

XXI. The presiding Judge of any superior Court may direct, on the application of the party applying for any particular process which would ordinarily be sent for service to an outlying Court, that it be served or executed by a special process-server from head-quarters: provided that the pay of such process-server at the rate of 4 annas a day for a peon or 8 annas for an amin, for the time he is likely to be employed on such duty, be paid in advance; and the Judge may, for any sufficient reason, direct that such extra charge be costs of the suit or proceeding.

XXII. Except for very special reasons, which must be recorded in writing, no Court shall direct, under Section 349, that a judgment-debtor be left in the custody of a peon, unless a second peon is deputed to assist him and the pay of both, at 4 annas a day for each up to the time fixed for the adjourned hearing, be paid in advance.

Payments under this and the preceding rule shall be made in Process Service stamps.

XXIII. Unless the Chief Court shall otherwise direct, upon due cause being shown, the number of amins and peons to be employed under any Nazir or Deputy Nazir shall be sufficient, and no more than sufficient, for the execution of not less than 100 processes a year by each amin and not less than 300 processes a year by each peon: provided that three peons for each Court shall be told off in rotation for ten days at a time to attend the Court to help to keep order and guard the Court-house and to be available for emergent processes under Rule XIX.

In calculating the number of processes, if more than one of the same description have been issued on behalf of the same party at the same time in the same suit or proceeding and executed in the same town or village, the first only shall be reckoned as a full process, and each subsequent set of three or part thereof shall count as but one process, whether executed by one or more peons. Three processes will be counted for each emergent process and one for each day that a peon is in charge of a judgment-debtor or engaged on any special duty.

XXIV. Every Central or Deputy Nazir shall, at the end of each month, report to the District Judge through the Munsiff the number of processes, calculated as above, which may have been executed by their subordinates within the month; and such report shall show the number declared by each Court to be emergent. The District Judge shall forward the Report to the Chief Court with his remarks thereon.

The Chief Court may reduce the number of peons in the Central Nazarat, or any outlying Court, whenever the average number of processes for each man (exclusive of those allowed under Rule XXIII to be in attendance in the Courts) falls short of the prescribed minimum by more than ten per centum.

The periodical returns of receipts and disbursements on account of Process-service Fees, furnished to the Chief Court, shall show the average number of processes actually executed by each peon or amin.

XXV. The fees chargeable for serving and executing process issued by the Civil Court shall be:—

		Rs	a.	p.
1.	Summons to Defendant	0	8	0
	And for every additional Defendant if applied for at the same time, and if Defendant resides in the same neighbourhood ...	0	4	0
2.	Sommons to a Witness	0	8	0
	And for every additional Witness, if applied for at the same time, and if the Witness resides in the same neighbourhood ...	0	4	0
3.	Warrant of Arrest	1	0	0
4.	Proclamation of Attachment or Sale	0	8	0
5.	Warrant of Attachment of movable or immovable property ...	1	0	0
6.	Warrant of delivery of possession of property, movable or immovable if no attachment has taken place	The fee for attachment of said property.		
	If the attachment has taken place—			
	For movable property	0	8	0
	For immovable property	1	0	0
7.	Injunction, Order or Notice not otherwise provided for	0	8	0

N. B.—(1) When it is found necessary to employ more than one amin or peon (as for instance where property is situated in different places) double fees are to be charged.

(2) When it is necessary to appoint a custodian of the property attached under Section 269 of the Civil Procedure Code, an additional fee at the same rate shall be levied, from the party on whose application the warrant was issued, at the end of five days and for every additional period of five days or less during which the property is kept under attachment.

2. The elephants are stationed within 15 miles of the Nanjangud railway station and may be inspected on three days' previous notice to the Khedda Superintendent or Field Inspector.

3. Applications should be sealed and registered and superscribed "Tender for Elephants" and reach the undersigned at Bangalore on or before the 28th February next, specifying the Serial No. of elephants and the *highest* price offered for each accompanied by a sum of Rs. 50 as earnest money for each elephant.

4. Within three days of receipt of intimation of acceptance of any tender, such amount as with the earnest money will make up 25 per cent of the tendered amount should be remitted, failing which the earnest money will be forfeited to Government and the acceptance of tender be considered cancelled. The balance of purchase money must be paid within ten days from receipt of intimation of acceptance of offer and the animals taken charge of, failing which they will be *entirely* at the risk of the tenderer and Rs. 5 per day per elephant will be charged for feed and attendance. If within a fortnight from the latter date (*i. e.* from the date an elephant is at the risk of the tenderer) it is not fully paid for and removed it will be liable to be re-sold, any loss on such re-sale being recovered from the tenderer as a revenue demand.

6. Elephants must be conveyed by purchasers to their destination at their own cost and risk, but needful assistance will be rendered as regards mahouts and kumki elephants if purchasers are willing to bear the charges which must be deposited with the undersigned.

7. The earnest money of rejected tenders will be returned as well as the 25 per cent of the tender amount paid if the elephant dies within ten days of the communication of the acceptance of the tender. Any surplus of money deposited under para 6 will also be refunded, purchasers being liable for any excess expenditure which will be recoverable as a revenue demand.

8. The undersigned reserves the right to accept or reject any tender without assigning any reason.

4. Parties intending to bid must attend either in person or by duly accredited agents and no person will be permitted to bid either on his own behalf or on account of any one else unless he deposits a sum of Rs. 100 (one hundred). The deposits made by the unsuccessful bidder will be returned at the close of the sale. Each successful bidder shall, within three days after the confirmation of the sale is intimated to him, credit into the Government Treasury of the taluk concerned one-fourth of the total rental including the deposit already made. The balance of the lease amount shall be paid in full within 15 days from the date of the sale. Should he fail to do so, the deposit will be forfeited to Government and the exclusive privilege will be re-sold by the District Forest Officer.

5. Re-sales effected under the above para will be at the risk of the defaulting bidder, who will forfeit all gain and in the event of a loss by the re-sale, shall make good the deficiency between the total amount under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. If the deficit be not paid on demand, it will be liable to be recovered as a revenue demand.

6. The lessee shall sign an agreement binding on himself to observe the conditions below, and it should be executed within three days from the date on which the confirmation of the sale may be intimated to him, in default the deposit will be forfeited and the right re-sold.

Conditions.

1. No stem or shoot under one year old to be cut or barked.

2. To hold himself responsible to prevent the felling of tender stems by his servants or sub-contractors.

3. To furnish a list of sub-contractors and mestris who may be appointed by him for the collection of barks in the different working circles.

4. The barked wood to be the property of the lessee.

5. To keep accounts showing the quantity of the barks removed in accordance with the lease and to permit inspection of such accounts by the District Forest Officer, Forest Range Officer, and Forester, or any other Officer deputed by them.

6. To provide passes for each cart-load of bark in such manner as may be laid down by the District Forest Officer.

MYSORE DISTRICT.

Notification, dated 5th January 1898.

It is hereby notified for public information that the undermentioned Government unoccupied lands, which are irrigable by the Chamraj Channel Extension, in the Yedatore taluk, will be sold by public auction on the spot by the Deputy Commissioner or such officer as he may appoint in this behalf, on the 10th February 1898 and on the following days. The sale will commence at 11 A. M. and the lands will be knocked down to the highest bidders without reserve.

2. Purchasers will be required to deposit (25) twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of the sale, the money so deposited shall be liable to forfeiture.

3. When such deposit shall not be made, nor the remaining purchase money paid up, the land shall be re-sold at the expense and risk of the first purchaser who shall forfeit all claim to the land or to any part of the sum for which it may subsequently be sold.

4. If the proceeds of the re-sale be less than the price bid by such defaulting purchaser, the difference shall be recovered from him as an arrear of land revenue.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals; otherwise their bids will be rejected.

6. The sale of the land will not become absolute until confirmed by the Deputy Commissioner.

7. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession of the land and granted a written permission by the Amildar to enter upon occupation. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

8. Provided, parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within thirty days from the date of sale, and the purchase shall be conditional on the final order on such appeal.

9. Purchasers will be required to pay a wet assessment on the lands purchased by them, commencing from the year in which they are put in possession of the lands. Such assessment shall be payable first at the rates temporarily fixed by the Deputy Commissioner and then at those finally settled by the Survey Department.

10. Further particulars may be obtained on application to the Amildar of the Yedatore taluk.

The 14th January 1898.

It is hereby notified that in satisfaction of arrears of land revenue due by the revenue defaulter, Krishna Haya, the undermentioned immovable property which has been declared forfeited, will be sold by public auction at the Taluk Cutcherry, Mysore, in the Mysore district, on 5th February 1898. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole year is has as shown in detail in the statement at foot.

3. Purchasers will be required to deposit twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the date of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be re-sold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account, or as agents, and in the latter case to deposit a written authority signed by their principals; otherwise their bids may be rejected.

6. The sale shall be stayed if the defaulter, or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money, will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession, and the property will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within thirty days from the date of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

3. Read proposal from Mr. Ibbalasetti *alias* Puttanna, R. M., from the Yedatore taluk, stating that Mirle-Saligram road is out of order and that as jungle streams crossing it are not provided with tunnels, cart traffic is rendered difficult, and requesting that the road be repaired and tunnels constructed.

Resolved that the improvement of roads may be undertaken as funds permit and that no new roads need be opened unless this and other roads are brought to trafficable order.

4. Read proposal from the same gentleman, requesting that notice may be taken of the encroachment on the road from Mirle to Chunchankatte and steps taken to acquire the lands for re-opening the road.

Resolved that the Amildar be requested to prevent encroachments and to acquire lands already encroached upon.

5. Read proposal from the same gentleman, requesting that a bathing ghat may be constructed at Yedatore for Ligayets and others.

Resolved that no funds are available for the work.

6. Read proposal from Mr. H. Subba Rao, R. M., from the Hunsur taluk, stating that the village road between Bettadapur and Frazerpet is not in a good condition and that the villagers are unable to repair it and requesting that it may be repaired at Government cost.

Resolved that a sum of Rs. 1,000 be sanctioned to be spent for the construction of the tunnels in the current year's District Fund Budget provided earth-work is executed by the raiyats.

7. Read proposal from Mr. Rayappa, R. M., from the Hunsur taluk, requesting that the big halla across the road from Hunsur to Hanagode may be bridged.

Resolved that no funds are available for the work.

8. Read proposal from Mr. Venkatasetti, R. M., from the Chamrajnagar taluk, requesting that tunnels or bridges may be constructed across the jungle streams crossing the principal road from Chamrajnagar to Santemarahalli which is in a very bad condition.

Resolved that for surfacing the road an estimate for Rs. 23,848, be sanctioned and that a sum of Rs. 6,000, be provided for appropriation during the current year in the District Fund Budget for the work and further improvement be undertaken as funds permit.

9. Read proposal from Mr. K. Venkatasubbaiya, R. M., from the Nanjangud taluk, requesting that a market may be constructed at Hadinaru in the Nanjangud taluk.

Resolved that the work is not necessary.

10. Read proposal from the same gentleman, requesting that a musafirkhana may be constructed at Nanjangud.

Resolved that the question be considered at the next budget meeting.

11. Read proposal by the Chamrajnagar Amildar that as it is difficult to sweep and clean the market at Santemarahalli by the sweeper entertained for the village an additional sweeper on Rs. 5 per month may be sanctioned.

Resolved that an additional sweeper on Rs. 5 per month be sanctioned.

12. Read report No. 292 of the 10th December 1897, from the Amildar of the Chamrajnagar taluk, soliciting sanction for Rs. 48 for supplying drinking water to the people that assemble at the large fair at Santemarahalli on sante days during the five months of the hot season.

Resolved that a sum of Rs. 60 be sanctioned for the purpose.

13. Read proposal from Mr. Amble Annaiya Pandit, requesting that musafirkhanas may be constructed as per plan now produced before the Board by him.

Resolved that the plan be referred to the Executive Engineer for favor of opinion with an estimate as regards its probable cost.

14. Read proposal from the same gentleman requesting that it may be decided at what rate and on what articles fees should be levied in the new market at Santemarahalli.

Resolved that the question be deferred till the next meeting so as to allow time to the President to visit and regulate fees.

15. Read proposal from the same gentleman, requesting that a verandah might be constructed at Chamrajnagar opposite to the cart stand for the use of travellers.

Resolved that the proposal be considered at the next budget meeting.

16. Read proposal from the same gentleman, requesting that cattle pounds might be constructed at a radius of a mile from one another.

Resolved that the proposal is impracticable to adopt.

17. Read report No. 129, dated 13th December 1897, from the Amildar of T. Narsipur taluk, requesting sanction for Rs. 100 and Rs. 150 for the construction of tunnels and drains, respectively, at Talkad.

Resolved that the amounts required be sanctioned from Local Fund General.

18. Read report No. 36 of the 12th December 1897 from the Amildar of the Heggaddevankote taluk, soliciting sanction for the entertainment of two sweepers on Rs. 6 each per mensem for the musafirkhanas at Karapur and Antarsante.

Resolved that pending further report from the Amildar the disposal of the question be deferred.

19. Read report No. 292, dated 10th December 1897, from the Amildar of Chamrajnagar taluk, suggesting that roofing supported by stone pillars may be put up to the platforms at Santemarahalli.

Resolved that the Amildar's attention be drawn to Resolution No. 6 of the Board's proceedings, dated 9th August 1897, sanctioning the work and calling for an estimate therefor.

20. Read report No. 292, dated 10th December 1897, from the Amildar of the Chamrajnagar taluk, requesting that an Irish drain may be constructed across the waste weir channel of the Kodimole tank on the Honganur-Chamrajnagar cart-track.

Resolved that the work be sanctioned from Local Funds General.

21. Read report No. 292, dated 10th December 1897, from the Amildar of Chamrajnagar taluk, requesting that a sum of Rs. 500 be sanctioned for the construction of two tunnels, one at Rajamballi and the other at Punajur.

Resolved that the works be sanctioned from Local Funds General.

22. Read report No. 292, dated 10th December 1897, from the same Amildar, requesting that a sum of Rs. 700 be sanctioned for the construction of a toll gate at Punajur.

Resolved that the disposal of the question be deferred until the site has been fixed.

23. Read an extract from the District Fund Annual Administration Report for 1896-97, suggesting the desirability of transferring the management of the three marginally noted roads from the District Fund to the Provincial Fund.

	Length.	Annual cost. Rs.
1. Yelval-Hassan road...	26	2,600
2. Narsipur-Chamrajnagar road ...	21	1,260
3. Chamrajnagar-Gundlupet road	20	1,600
Total.. ...	67	5,460

Resolved that the proposal be recommended for the favorable consideration of Government as funds at the disposal of the Board are limited.

24. Mr. Amble Annaiya Pandit proposed that the benefits derived from the dispensaries at Old Agrahar, Erangere, and Nazarbad are entirely confined to the inhabitants of the Mysore City Municipality and Government be requested to relieve the District Fund Board of the quota of its share of contribution.

Resolved that the proposal be recommended for the favorable consideratio n Government as the inhabitants of the rural parts derive no benefits therefrom.

25. *Resolved* that the revised budget estimates as shown below be approved and submitted to Government for sanction.

" B. Kesavaiengar, Amildar of Channarayapatna.
" B. Sankaraiya, Amildar of Arkalgud.
" H. S. Venkata Char, Acting Amildar of Belur.

ABSENT.

Mr. A. Viraraghavalu Naidu, Amildar of Arsikere.
" M. Gulam Mohadin, Amildar of Manjarabad.

Non-Official Members.

PRESENT.

Mr. Kalasapur Tammaiya, Coffee Planter.
" Ramasastri, Landholder.
" Venkataramaiya, Sahukar.

ABSENT.

Mr. J. G. H. Crawford. | Mr. Venkatasubbaiya, Inamdar.
" Banavar Venkatesaiya. | " Muhammad Ghaus Sahib.

Note.—The Deputy Amildar of Alur was also present.

1. Read statement of receipts and expenditure for the year 1896-97.

Resolution.—Recorded.

2. Read Executive Engineer's docket No. 3264, dated 20th September last, proposing the conversion of the undermentioned inspection lodges into 3rd class travellers' bangalos.

(1) Inspection lodge at Dudda on Dudda-Arsikere road, Hassan taluk.
(2) Inspection lodge at Halebid on Banavar-Belur road, Belur taluk.
(3) Inspection lodge at Kemphole on Bangalore-Mangalore road, Manjarabad taluk.
(4) Inspection lodge at Sukravarsante on Iyahalli-Yesalurpet road, Manjarabad taluk.
(5) Inspection lodge at Ramnathpur on Hassan-Periyapatna-Cannanore road, Arkalgud taluk.

Resolution.—Of the above, the lodges at Halebid and Sukravarasante may be taken up as 3rd class travellers' bangalos. The rest are too small to be used as such and are not generally made use of by the public.

3. Read Executive Engineer's docket No. 3335, dated 25th September 1897, forwarding extract from audit note for June 1897, and requesting to obtain the approval of the District Fund Board to pass the expenditure therein alluded to without appropriation, to be met from budget savings.

Resolution.—The expenditure noted in the extract is passed, as the re-appropriations, recently sanctioned, will cover the same.

4. Read Tumkur Deputy Commissioner's docket No. 569, dated 28th September 1897, stating that the question of metalling the Channarayapatna-Tiptur road lying in his district can only be taken up after other more important roads have been metalled.

Resolution.—The Board is of opinion that the traffic on this road has increased of late to such an extent that unless some measures are taken to make the road "pukka" much inconvenience to the public is likely to be caused. During the last rainy season, the road was simply impassable. Rs. 5,643 have been spent to improve the portion of the road in this district and further allotments are asked for by the Executive Engineer of this division. Unless the road in the Tumkur district is simultaneously taken up on hand the inconvenience will not be altogether removed. Further reference should be made to the Deputy Commissioner, Tumkur.

5. Read Executive Engineer's docket No. 3540, dated 12th October 1897, requesting the approval of the President to the outlay of Rs. 311 incurred in improving the Dudda-Arsikere road being passed without appropriation.

Resolution.—The expenditure may be passed as savings are expected under the "A. Public Works to be executed by the Public Works Department, I. Original Works," in the current year's District Fund Budget.

6. Read Government Proceedings No. 5914-6—L. F. 73-94, dated 24th November 1897, reducing the travellers' bangalos at Marnahalli and Dandiganahalli from 2nd to 3rd class from 1st December 1897.

Resolved that provision be made in a Supplemental Budget for the pay of the sweepers attached to these bangalos.

7. Read Executive Engineer's docket No. 1945, dated 26th May 1897, bringing to notice the necessity for raising the mileage allotment for annual repairs of the first ten miles of Hassan-Tiptur road from Rs. 100 to Rs. 150.

Resolution.—The traffic on this portion of the road being very heavy, resolved that the allotment may be enhanced as proposed.

8. (1) Read Executive Engineer's letter No. 4207, dated 2nd instant, forwarding a revised statement of public works to be executed by Public Works Department.

(2) Read also Supplemental Budget estimates for 1897-98 and explained as follows :—

RECEIPTS.

The opening balance is raised by Rs. 19,176 so as to make it correspond with the actual balance Rs. 91,308.

EXPENDITURE.

A. Public Works to be executed by Public Works Department.—The supplemental grant of Rs. 667 is chiefly due to the four miles of extension of Aiyahalli-Yeslurpet road having been provided for for annual maintenance at Rs. 75 per mile (*vide* Resolution No. 13, dated 26th June 1897), as well as to the raising of the annual maintenance allotment for the first ten miles of the Hassan-Tiptur road from Rs. 100 to 150 per mile (*vide* Resolution VII *supra*).

B. Public Works to be executed by Revenue Department.—The provision of Rs. 5,500, entered under the head "I. Original Works" is on account of the incomplete works of the previous years, *vide* Resolution No. 3, dated 23rd August 1897. Under the head "Establishment a sum of Rs. 500" has been provided at 10 per cent on the above amount (Rs. 5,000).

C. CIVIL CHARGES.

Office Establishment.—As the Amildars report that the cost of stationery required for Local Fund work in their taluks cannot be met out of the contingent grant, a sum of Rs. 60 has been entered on account of contingencies of the Taluk and District offices, as this amount is found sufficient for the remaining six months of the year.

Medical Scholarships.—The increase of Rs. 122, provided under this head, is for the following :—

		Rs.
(1)	Medical scholarships, *vide* Government Proceedings No. 5242-50—L. F. 253-96, dated 10th November 1897 ..	74
(2)	Scholarships to two young men to be sent to the Indigenous Hospital, Mysore, for training from February next at Rs. 6 per mensem each. *Vide* Government Proceedings No. 3901-3—L. F. 344-96, dated 24th September 1897	48
	Total ..	122

Hospital and Dispensaries.—The additional provision made under this head, is Rs. 31, as per particulars below :—

		Rs.
(1)	The increased pay of the waterman of the Belur dispensary, sanctioned by Government in Proceedings No. 1134-6—L.F. 227-93, dated 7th February 1896, two-third cost	8
(2)	Charge allowance of the Arehalli Hospital Assistant from 15th May 1897 to the end of June 1897, not drawn, at Rs. 15 per month. *Vide* Senior Surgeon's docket No. 1483, dated 9th November 1897	23
	Total ..	31

Sweepers for Travellers' Bangalos and Musafirkhanas.—The travellers' bangalos at Marnahalli and Dandiganahalli having been reduced to 3rd class by Government in Proceedings No. 5914-6—L. F. 73-94, dated 24th November 1897, an additional sum of Rs. 78 has been provided under this head for the pay of the sweepers or care-takers attached to these bangalos, from 1st December 1897, as noted below :—

		Rs.
(1)	Pay of the sweeper of the Marnahalli bangalo at Rs. 7 per month ..	42
	Ditto Dandiganahalli bangalo at Rs. 6 per month ..	36
	Total ..	78

Contribution.—The supplemental grant of Rs. 1,798, under this head, is made up of the following items :—

		Rs.
(1)	Contribution towards the cost of certain additions to the dispensary at Arsikere, *vide* District Fund Board's Resolution No. 11, dated 15th April 1896	1,315
(2)	Ditto walling up the sides of the verandah of the Alur dispensary	50
(3)	Balance of contribution payable towards the cost of constructing in-patients' wards at Channaraypatna	343
(4)	Ditto dispensary at Hanbal	90
	Total ..	1,798

Construction and repairs of cattle pounds.—Rupees 830, entered under this head, is on account of the incomplete works of the previous years.

Resolution.—Passed.

9. Read Channarayapatna Amildar's report No. 706, dated 14th November 1897, forwarding an estimate for Rs. 140 for converting the old Anche house at Dandiganahalli into an accommodation for travellers.

Resolved that the estimate be sanctioned.

The following papers were read for the information of the Board and recorded :—

(1) Government Proceedings No. 895-904—L. F. 258-96, dated 19th July 1897, stating that the provision under "Reserve" includes not only the cost of unforeseen works but also the establishment charges thereon.

(2) Government Order No. 1434-45—L. F. 38-97, dated 24th July 1897, sanctioning increases to the pay of dandis and other servants of 3rd class travellers' bangalos, as proposed by the Deputy Commissioners of Districts.

(3) Government Order No. 2010-21—L. F. 305-96, dated 6th August 1896, passing orders in regard to imprests for works constructed from Local Funds General.

(4) Government Proceedings No. 1999-2009—L. F. 296-92, dated 6th August 1897, defining the powers of the Presidents of Municipal and Local Fund Boards with regard to excesses over estimates for works.

(5) Government Proceedings No. 4961-70—L. F. 65-97, dated 5th November 1897, directing that the separate head "Reserve" be omitted from future District Fund budgets.

(6) Government Proceedings No. 4533-4—L. F. 127-95, dated 22nd October 1897, directing that all transfers made from one minor head to another, should be communicated to Government in view to the same being noted in the Government Office.

(7) Government Proceedings No. 3901-3—L. F. 344-96, dated 24th September 1897, sanctioning the grant of two scholarships, tenable for three years, for training in native medical treatment in the Indigenous Hospital at Mysore.

(8) Government Proceedings No. 5584-91—L. F. 66-97, dated 16th November 1897, stating that Local Funds General cannot, by the terms of its constitution, be made available for purely local works, such as village roads and coffee estate roads.

J. P. GRANT, *Supt. of Inam Settlements.*

JUDICIAL DEPARTMENT.

Notification, dated 19th January 1898.

It is hereby notified that the following Rules for the service and execution of processes issued by the Civil Courts in the Mysore Province, and the fees chargeable therefor, framed by the Chief Court under the provisions of Section 20 of the Court Fees Act, in supersession of those contained in the Chief Commissioner's Notifications Nos. 261 and 262, dated 10th January 1880, and the Chief Court Circular letter No. 549-4, dated 5th July 1882, which have received the sanction of Government, shall come into force from the 1st day of February 1898.

I. There shall be one General Establishment of Amins and Peons for the execution and service of processes issued by all the Civil Courts at each of the following stations and at such other places as the Chief Court may hereafter direct :—Bangalore, Mysore, Shimoga.

Such establishment shall be under the immediate direction of a Central Nazir and the control of the Principal Munsiff.

II. At all other stations the Process Establishment shall be under the immediate direction of a Deputy Nazir, who shall be under the control of the Munsiff having jurisdiction at such station.

III. (*a*) There shall be two classes of Central Nazirs, and their pay shall be—

	Rs.
1st Class	50 a month
2nd „	40 „

provided that no Central Nazir shall be placed in the 1st class unless the Process Establishment to be supervised by him consists of 70 peons and 20 amins;

(*b*) There shall be two classes of Deputy Nazirs, and their pay shall be—

	Rs.
1st Class	25 a month
2nd „	20 „

Deputy Nazirs of the 1st class shall be provided for the Munsiff's Courts graded as 1st class, and Deputy Nazirs of the 2nd class for the Munsiffs' Courts graded as 2nd and 3rd classes.

(c) There shall be two classes of Amins, and their pay shall be—

	Rs.
1st Class	16 a month
2nd „	14 „

The proportion of Amins in the higher grade shall not exceed one to two in the lower grade.

(d) There shall be two classes of Peons, and their pay shall be—

	Rs.
1st Class	8 a month
2nd „	7 „

The proportion of Peons in the higher grade shall not exceed one to three in the lower grade.

The Central Nazir and his Process Establishment shall be appointed by the District Judge. The apppointment of Deputy Nazir and his establishment shall be made by the Munsiff to whose Court they are attached. All appointments shall be subject to the provisions of Section 21 of the Civil Courts Regulation No. I of 1883.

All the charges of the Nazarat Establishment shall be debited to the Process Service Fund.

IV. Each Central Nazir must furnish security in a sum of Rs. 500, and each Deputy Nazir in a sum of Rs. 250. Each Amin of the 1st class must furnish security in the sum of Rs. 120 and each Amin of the 2nd class in the sum of Rs. 100. The security for Peons of both classes shall be Rs. 50.

V. The security to be furnished by Nazirs and Amins shall either be by bond, or by deposit of title deeds of immovable property, or by deposit of cash or Government Promissory Notes ; and the security to be furnished by Peons shall be by bond with two sureties, or by deposit of cash, which should be invested in the District Savings Bank in the name of the depositor.

VI. The "proper officer" to whom processes shall be transmitted for service under Section 72 of the Code of Civil Procedure, 1882, shall be—

(a) *The Central Nazir*, in respect of all processes issued by any Court located or having jurisdiction at a station where there is a Central Nazir, for service within the jurisdiction of a Munsiff located at such station ;

(b) *The Deputy Nazir*, at a station where there is no Central Nazir, and in respect of processes issued by any Court for service within the jurisdiction of an outlying Munsiff.

VII. The processes of each Court shall be numbered consecutively, as soon as all batta charges have been paid, and shall be entered in a register in the Form A or AA, as the case may be, annexed hereto.

VIII. At stations where there is a Central Nazir, at 3 P. M. daily, the chief ministerial officer of each Court shall sign the Register A, and transmit it to the Central Nazir, together with the processes to be served or executed by him, which have been prepared up to that hour, and the witnesses' batta. Such processes prepared after 3 P. M. shall be sent to the Nazir not later than 11-30 the following morning, together with the register signed as above.

After verifying the entries relating to himself, the Central Nazir shall return the register to the Court concerned with his counter-signature.

This rule shall also apply to processes to be served or executed by the Deputy Nazirs.

IX. One hour before the Post time for each outlying Munsiff's station, the chief ministerial officer of each superior Court shall have a list prepared in the Form AA of all processes to be served or executed within the jurisdiction of such outlying Munsiff, and such list shall be forthwith sent by Post on Mysore Government Service to the Deputy Nazir of such Munsiff, together with all such processes.

X. On receiving any batch of processes, the Central or Deputy Nazir, as the case may be, shall give them general numbers and enter them in a register, which shall be kept by himself or under his superintendence in the Form B annexed hereto.

XI. He shall thereupon arrange for the distribution of the processes, and, after the necessary entries have been made in the Roster (Form C hereto annexed), shall deliver them to the several process-servers. As far as possible, all processes other than warrants of arrest, for persons residing in the same neighbourhood shall be served by one process-server and not by several, whether issued by the same or by different Courts.

XII. Every day, at such hours as the Munsiff may fix, having regard (when necessary) to the hours at which the Post closes, the Central Nazir and each Deputy Nazir shall prepare a list for each Court of the processes to be returned to it giving them their original Court numbers, and shall transmit them with the list to the chief ministerial officer, who shall sign and return the list.

XIII. It shall be the duty of the chief ministerial officer to have the processes returned struck off in his Register A or AA, as the case may be, and to bring to the notice of the presiding Judge any unusual delay. Where such Judge is not the District Judge, he shall report such delay to the District Judge in the absence of satisfactory explanation. The District Judge will report all such cases to the Chief Court.

XIV. At the close of each day, every Central and Deputy Nazir shall enter in the Register B the number of processes distributed during the day and the number of peons remaining unemployed after the distribution.

XV. The return of service shall ordinarily be verified by affidavit, and, under Section 197 (*b*) of the Code of Civil Procedure, all Nazirs and Deputy Nazirs are hereby empowered to administer the oath to any process-server. Such affidavit may be read at the hearing and used as proof of service.

When a process is returned under Section 80, 168 or 343, the Court is required to examine the serving officer on oath ; but under Section 386 (*c*), in the case of the process-servers of an outlying Court, such examination may generally be taken under a Commission. The Commission will be in the form of an authority (written or printed at the foot of, or attached to, every process) to the Munsiff to examine the process-server if necessary.

XVI. When any person has been arrested, or movable property seized, by a process-server of an outlying Court under a warrant issued by a superior Court, the process-server shall forthwith bring such person or property to the station of such Court and deliver him or it to the Central or Deputy Nazir, as the case may be, provided that this rule shall not apply to property not required to be brought to the Court-house.

Such Central or Deputy Nazir shall immediately give the process-server a receipt and send him back to his own Court, and shall produce such person or property before the Court which issued the process.

When money shall have been paid upon any such process, it shall be received by the outlying Munsiff and duly transmitted, together with the process, to the Court concerned : provided that, where such sum does not exceed the batta due (or likely to become due within three days) by such Court, the Munsiff may order it to be credited to such Court's Batta Account, sending immediate notice of the same that the Court concerned may pay the judgment-creditor out of the batta accumulations.

XVII. A permanent advance of Rs. 100 will be made to each Central or Deputy Nazir for the batta of witnesses, &c. The amount of batta to be paid must be notified on each process sent to it for service, but shall be retained in the Court issuing the process until the accumulations reach Rs. 50, or till the end of the month. Whenever the sum of Rs. 50 is due by any one Court to another, and at the close of each month in any case, the full amount due must be remitted through the Government Treasury, if there is a Treasury at the outlying station, and if not, by a Postal Money Order, the cost of which may be charged in the Contingent Bill.

The Chief Court may, at its discretion, increase or reduce the permanent advance of any particular Central or Deputy Nazir.

XVIII. On or before the 6th of each month the Central Nazir or the Deputy Nazir (as the case may be) of each Court shall send to each Court concerned a statement showing the account between them, as it stood at the close of the preceding month, and any subsequent remittance. Such accounts, when furnished to any other Court than the District Court, shall be sent on to the District Judge after verification and with any explanation which may seem necessary. It shall be the duty of the District Judge to see that no excessive sum of money is retained in any Court.

XIX. The presiding Judge of any Court may, for any sufficient reason, at any hour of the day, transmit a process for emergent execution within the jurisdiction of the head-quarter Munsiff, and it shall be the duty of the Central or Deputy Nazir (as the case may be), on receiving such process signed by the Judge, to make immediate arrangements accordingly.

In a case of very special urgency, the presiding Judge may deliver any such process to one of the process-servers in attendance on his Court for immediate service or execution.

XX. The Deputy Nazirs of outlying Courts shall on no account delay any process which may be signed by a presiding Judge as emergent. All other processes it shall be lawful for them to keep back for any period, not exceeding three days, which may be necessary to admit of a sufficient number accumulating for a particular neighbourhood.

XXI. The presiding Judge of any superior Court may direct, on the application of the party applying for any particular process which would ordinarily be sent for service to an outlying Court, that it be served or executed by a special process-server from head-quarters: provided that the pay of such process-server at the rate of 4 annas a day for a peon or 8 annas for an amin, for the time he is likely to be employed on such duty, be paid in advance; and the Judge may, for any sufficient reason, direct that such extra charge be costs of the suit or proceeding.

XXII. Except for very special reasons, which must be recorded in writing, no Court shall direct, under Section 349, that a judgment-debtor be left in the custody of a peon, unless a second peon is deputed to assist him and the pay of both, at 4 annas a day for each up to the time fixed for the adjourned hearing, be paid in advance.

Payments under this and the preceding rule shall be made in Process Service stamps.

XXIII. Unless the Chief Court shall otherwise direct, upon due cause being shown, the number of amins and peons to be employed under any Nazir or Deputy Nazir shall be sufficient, and no more than sufficient, for the execution of not less than 100 processes a year by each amin and not less than 300 processes a year by each peon: provided that three peons for each Court shall be told off in rotation for ten days at a time to attend the Court to help to keep order and guard the Court-house and to be available for emergent processes under Rule XIX.

In calculating the number of processes, if more than one of the same description have been issued on behalf of the same party at the same time in the same suit or proceeding and executed in the same town or village, the first only shall be reckoned as a full process, and each subsequent set of three or part thereof shall count as but one process, whether executed by one or more peons. Three processes will be counted for each emergent process and one for each day that a peon is in charge of a judgment-debtor or engaged on any special duty.

XXIV. Every Central or Deputy Nazir shall, at the end of each month, report to the District Judge through the Munsiff the number of processes, calculated as above, which may have been executed by their subordinates within the month; and such report shall show the number declared by each Court to be emergent. The District Judge shall forward the Report to the Chief Court with his remarks thereon.

The Chief Court may reduce the number of peons in the Central Nazarat, or any outlying Court, whenever the average number of processes for each man (exclusive of those allowed under Rule XXIII to be in attendance in the Courts) falls short of the prescribed minimum by more than ten per centum.

The periodical returns of receipts and disbursements on account of Process-service Fees, furnished to the Chief Court, shall show the average number of processes actually executed by each peon or amin.

XXV. The fees chargeable for serving and executing process issued by the Civil Court shall be:—

		Rs.	a.	p.
1.	Summons to Defendant	0	8	0
	And for every additional Defendant if applied for at the same time, and if Defendant resides in the same neighbourhood ...	0	4	0
2.	Sommons to a Witness	0	8	0
	And for every additional Witness, if applied for at the same time, and if the Witness resides in the same neighbourhood ...	0	4	0
3.	Warrant of Arrest	1	0	0
4.	Proclamation of Attachment or Sale	0	8	0
5.	Warrant of Attachment of movable or immovable property ...	1	0	0
6.	Warrant of delivery of possession of property, movable or immovable if no attachment has taken place	The fee for attachment of said property.		
	If the attachment has taken place—			
	For movable property	0	8	0
	For immovable property	1	0	0
7.	Injunction, Order or Notice not otherwise provided for	0	8	0

N. B.—(1) When it is found necessary to employ more than one amin or peon (as for instance where property is situated in different places) double fees are to be charged.

(2) When it is necessary to appoint a custodian of the property attached under Section 269 of the Civil Procedure Code, an additional fee at the same rate shall be levied, from the party on whose application the warrant was issued, at the end of five days and for every additional period of five days or less during which the property is kept under attachment.

2. The elephants are stationed within 15 miles of the Nanjangud railway station and may be inspected on three days' previous notice to the Khedda Superintendent or Field Inspector.

3. Applications should be sealed and registered and superscribed "Tender for Elephants" and reach the undersigned at Bangalore on or before the 28th February next, specifying the Serial No. of elephants and the *highest* price offered for each accompanied by a sum of Rs. 50 as earnest money for each elephant.

4. Within three days of receipt of intimation of acceptance of any tender, such amount as with the earnest money will make up 25 per cent of the tendered amount should be remitted, failing which the earnest money will be forfeited to Government and the acceptance of tender be considered cancelled. The balance of purchase money must be paid within ten days from receipt of intimation of acceptance of offer and the animals taken charge of, failing which they will be *entirely* at the risk of the tenderer and Rs. 5 per day per elephant will be charged for feed and attendance. If within a fortnight from the latter date (*i. e.*, from the date an elephant is at the risk of the tenderer) it is not fully paid for and removed it will be liable to be re-sold, any loss on such re-sale being recovered from the tenderer as a revenue demand.

6. Elephants must be conveyed by purchasers to their destination at their own cost and risk, but needful assistance will be rendered as regards mahouts and kumki elephants if purchasers are willing to bear the charges which must be deposited with the undersigned.

7. The earnest money of rejected tenders will be returned as well as the 25 per cent of the tender amount paid if the elephant dies within ten days of the communication of the acceptance of the tender. Any surplus of money deposited under para 6 will also be refunded, purchasers being liable for any excess of the amount which shall be found due on the final revenue demand.

The undersigned reserves the right to accept or reject any tender without assigning any reason.

2. The auction will commence at 2 P. M. on each day of sale, and if the sale is not completed on the same day, it will be continued on the next following day at the same hour.

3. The exclusive privilege above described will be disposed of to the highest bidder and the District Forest Officer is at liberty either to accept or to reject any bid.

4. Parties intending to bid must attend either in person or duly accredited agents. No person will be permitted to bid either on his own behalf or on account of any one else unless he deposits a sum of Rs. 100 (one hundred). The deposits made by the unsuccessful bidders will be returned at the close of the sale. Each successful bidder shall, within three days after the confirmation of the sale is intimated to him, credit into the Government Treasury of the taluk concerned one-fourth of the total rental including the deposit already made. The balance of the lease amount shall be paid in full within 15 days from the date of the sale. Should he fail to do so, the deposit will be forfeited to Government and the exclusive privilege will be re-sold by the District Forest Officer.

5. Re-sales effected under the above para will be at the risk of the defaulting bidder, who will forfeit all gain and in the event of a loss by the re-sale, shall make good the deficiency between the total amount under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. If the deficit be not paid on demand, it will be liable to be recovered as a revenue demand.

6. The lessee shall sign an agreement binding on himself to observe the conditions below, and it should be executed within three days from the date on which the confirmation of the sale may be intimated to him, in default the deposit will be forfeited and the right re-sold.

Conditions.

1. No stem or shoot under one year old to be cut or barked.

2. To hold himself responsible to prevent the felling of tender stems by his servants or sub-contractors.

3. To furnish a list of sub-contractors and mestris who may be appointed by him for the collection of barks in the different working circles.

4. The barked wood to be the property of the lessee.

5. To keep accounts showing the quantity of the barks removed in accordance with the lease and to permit inspection of such accounts by the District Forest Officer, Forest Range Officer, and Forester, or any other Officer deputed by them.

6. To provide passes for each cart-load of bark in such manner as may be laid down by the District Forest Officer.

7. To remove, out of the limits of the Tumkur district and before the end of June 1898, all barks cut, collected or stored.

8. No fire either open or covered shall be carried through the State Forest or Plantation.

9. No fire should be lighted or kindled within the limits of the State Forest or Plantation.

10. No person shall enter or remain in the State Forest or Plantation either before 6 A. M. or after 6 P. M. every day.

11. To abide by the conditions that may, from time to time, be laid down by the District Forest Officer for the fire protection of the State Forests.

12. To hold himself responsible to prevent the felling of species other than Tangadi.

13. To collect the bark only in the specified block of the State Forest or Plantation.

14. In the event of breach of any of the conditions the lease is liable to be cancelled, all the barks collected and barked wood to be confiscated, and the whole of the amount paid by him or such portion thereof as may be decided by the District Forest Officer, to be forfeited to Government. Also the lessee is liable to be prosecuted under Section 40 of the Mysore Forest Rules of 1878.

Notification, dated 14th January 1898.

It is hereby notified for the information of the public that about 100 (one hundred) maunds of gall-nut collected departmentally in the Kudre Kanve State Forest in the Huliyar sub-taluk will be sold by public auction by the District Forest Officer, Tumkur, on the 22nd February 1898, at Huliyar, in the travellers' bangalo.

2. Watch and ward rest with the purchaser from the date of the sale or payment.

3. *Terms of sale.*—Twenty-five per cent of the purchase money should be deposited immediately after the sale is closed. The balance should be paid within a week from the date of the sale; in default the produce will be re-sold at the risk of the first purchaser and the deposit amount forfeited. In the event of any gain at the re-sale the first purchaser will not participate.

4. For further particulars, see Government Proceedings No. 99, dated 30th August 1887, published in the *Mysore Gazette*, dated 3rd September 1887.

Notification, dated 27th January 1898.

Under instruction of the Conservator of Forests in Mysore the following amendment of the Notification of the Forest Department of the Tumkur district, dated 18th December 1897, published in the *Mysore Gazette* of the 20th January 1898, is published for general information.

No person shall enter the forests or plantations for the purpose of shooting, beatings for game, or hunting, unless duly authorized by the Conservator of Forests in Mysore or a Forest Officer acting under his authority. Trespassers will be liable to prosecution under the Forest Rules of 1878.

MYSORE DISTRICT.

The 14th January 1898.

It is hereby notified that in satisfaction of arrears of land revenue due by the revenue defaulter, Krishna Raya, the undermentioned immovable property which has been declared forfeited, will be sold by public auction at the Taluk Cutcherry, Mysore, in the Mysore district, on 5th February 1898. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole year is has as shown in detail in the statement at foot.

3. Purchasers will be required to deposit twenty-five per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the date of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be re-sold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account, or as agents, and in the latter case to deposit a written authority signed by their principals ; otherwise their bids may be rejected.

6. The sale shall be stayed if the defaulter, or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money, will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession, and the property will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within thirty days from the date of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

Notice, dated 25th January 1898.

Sealed tenders for the supply of horse gram required for the Imperial and Local Service Regiments, transport ponies, &c., at Bangalore and Mysore for one year (from 15th February 1898 to 15th February 1899), will be received up to 2 P. M. on Saturday the 5th February 1898 in the office of the Chief Commandant, Mysore State Troops, Bangalore.

Conditions.

1. One tender for both the stations or separate tenders for each station may be given at the option of the tenderer, but the tender should show clearly the rate (number of seers per rupee) at which the horse gram can be supplied at Bangalore and Mysore throughout the year.
2. Every tender should be accompanied by a currency note of Rs. 50 as earnest money.
3. The tenderer whose tender is accepted will be required to deposit Rs. 1,500 for Bangalore and Rs. 1,000 for Mysore.
4. The Troop Officers of each Regiment and the Officers in charge of transport ponies at either station will indent on the contractor for the quantity of horse gram required per day, and the contractor will be required to supply the quantity indented for daily at the Sawar Lines at Bangalore and Mysore and obtain receipts.
5. The contractor will present bills once a month for supplies made by him during the month to the Regimentdars, who will arrange for the payment of the amount due to the contractor.
6. Should the contractor fail to comply with any of the conditions detailed above his contract will be forthwith cancelled and the deposit credited to Government.
7. The contractor will be required to execute an agreement for the due fulfilment of the contract.
8. The Chief Commandant reserves to himself the right of accepting or rejecting any tender without assigning any reasons thereof.
9. Probable quantity of horse gram required for one day.

Subjects.

1. Consideration of accounts of receipts and disbursements for the month of November 1897.

Resolution.—Recorded.

2. Application, dated 27th November 1897, from Mr. H. M. Sheik Ibrahim Khuryeshi, Secretary to the Arabic School in the city of Mysore, praying that a grant-in-aid may be sanctioned for the school.

Resolved that this question may await disposal pending Government order on the reference made in this office No. 441, dated 23rd March 1897.

3. Memo No. 6532—L. F. 74-97, dated 6th December 1897, from Secretary to the Government of Mysore, forwarding copy of Government Notification confirming the Bye-law framed to prevent nuisance at the water-supply fountains in the city of Mysore.

Resolution.—Recorded.

4. Consideration of supplemental budget for the year 1897-98.

Resolved that the supplemental budget be referred to the Sub-Committee that considered the original budget, Mr. Madiah taking Mr. Fathikhan's place.

5. Administration report for the year 1896-97.

Resolved that it may be passed and submitted to Government.

6. Government Proceedings No. 6598-600—L. F. 286-92, dated 8th December 1897, sanctioning an allowance of Rs. 10 to the female compounder of Her Highness the Maharani's Hospital at Mysore in addition to her pay for doing the clerical work of the Hospital.

Resolution.—Recorded with the remark that the question of granting an allowance to the female compounder should have been placed before the Board by the Senior Surgeon before obtaining Government sanction.

7. Sanitary Inspector's application, dated 11th November 1897, praying that his present pay of Rs. 50 be raised to Rs. 100 as the Inspector in Bangalore who passed the Sanitary Inspector's Examination with him has been given that amount and the Vice-President's recommendation to raise his pay to Rs. 80 by annual increments, with Senior Surgeon and Sanitary Commissioner's letter No. 2016, dated 17th December 1897, supporting the latter.

Resolved by 9 against 6, including President and Vice-President, that the Sanitary Inspector should be given at once Rs. 100 per month.

8. Government Proceedings No. 7358—L. F. 79-97, dated 13th, 24th December 1897, sanctioning the discontinuance of the exemption from payment of town duties hitherto enjoyed by certain gentlemen under the sannads granted by His late Highness Krishnaraj Wodayar.

Resolution.—Recorded.

9. The following estimates of works are proposed to be undertaken.

(1) One for Rs. 50 for putting slabs over main drain at the junction of Benki Navab and Mochighats streets, Mandimohalla.

(2) One for Rs. 51 for constructing a slab drain in Binthury galli, Mandimohalla.

(3) One for Rs. 96, for sewage connection of several houses at the backyard of Gudianna, Mandimohalla.

(4) One for Rs. 475, for converting the western wing of Mandi market into stalls by having partition walls.

(5) One for Rs. 209, for constructing box drain across and along Mohammedkhan Divankhana street, Mandimohalla.

(6) One for Rs. 186, for constructing a slab drain at Dalayat Sreenivasiah's galli, Mandimohalla.

(7) One for Rs. 125, for constructing a slab drain in Patvegar galli, Mandimohalla.

(8) One for Rs. 69, for constructing a slab drain in Gadi Lingappa's galli, Mandimohalla

(9) One for Rs. 134 for constructing a slab drain in Meese Kallaih's galli, Mandimohalla.

(10) One for Rs. 468 for railing the north edge of the Pleasure Palace road, Nazarbadmohalla.

(11) One compensation statement for Rs. 46 for acquiring houses and lands required for straightening Hayathbeg galli, Mandimohalla.

(12) One compensation statement for Rs. 84 for acquiring houses and lands required for widening Mohamad Khan Devankhana street, Mandimohalla.

(13) One estimate for Rs. 1,868 for constructing a rough stone drain with burnt slab for bed in the Nala street, Kamatgere, Devarajmohalla.

Resolution.—Passed.

C. MADIAH, *President.*

Notes drawn up by the Senior Surgeon and Sanitary Commissioner with the Government of Mysore and issued under the authority of Mr. V.P. Madhava Rao, in Administrative charge of Plague Preventive Measures.

[*These Notes should be given wide publicity to in every Town and Village throughout the State, and a copy put up in every Police Station, Sub-Station, Outpost, and Ukkad by the Police, and in every Village Chavadi by the Patel, and as many copies as are available may be distributed among the people.*]

I. WHAT IS PLAGUE ?

Plague is the most dangerous of all diseases, especially to Natives, often proving fatal within 24 hours; it most frequently attacks those who live in ill-ventilated dwellings and who keep filth in and about their houses. When once it gets into a town or village, it kills more than one-half of the people, and it is with the greatest difficulty got rid of.

II. HOW IS IT RECOGNISED ?

It usually commences suddenly with high fever, and after one or two days lumps or swellings about the size of a lime appear in the groin or arm-pit or neck. The whites of the eyes are congested, and the patient is dull and looks stupified as if drunk.

Any one presenting these signs, and who has come from an infected locality (and the whole of the Bombay Presidency is infected), should be regarded as suffering from Plague.

III. MEASURES TO BE ADOPTED.

No person suffering from Plague should be removed from the place where first discovered, and no one but his relatives should be allowed near him, and they should wear shoes and always wash their hands after touching the patient.

Information should be given at once to the nearest available Medical Officer, and all medical and sanitary instructions issued by him should be strictly attended to and rigidly enforced.

N.B.—The only way of arresting the disease is to detect the first case and isolate it, for which purpose it is best to put the patient and relatives into a temporary shed outside the town or village and no one allowed to go near them except the Medical Officer.

SYLLABUS OF INSTRUCTIONS IN DISINFECTION AND OTHER MATTERS RELATING TO PLAGUE.

1. Procedure to be adopted on the discovery of a Plague case or death in a house—

(a) Immediate removal and complete isolation of patient, in a Plague Hospital, where his belongings are disinfected. In case of death, the body should be buried in the manner hereinafter described. The patient should be carried on a stretcher and not allowed to walk, however strong he may appear to be—this is important medically.

(b) Immediate isolation of all those occupying the house in which the Plague case is found; these people are kept in a segregation camp, apart from the general public and from Plague patients. They are allowed to take with them their cooking pots, bedding, and necessary clothing, which are all disinfected on arrival at the segregation camp. The people of adjacent houses should also be segregated if in the habit of sleeping or eating in the infected house; or if the partition walls between their houses and the infected house are of matting, boarding, or other thin and pervious material.

(c) After the removal of the patient and his friends, close the infected house at once, securely—don't trust to cheap locks, *screwing up the doors* will be the best measure, for the house is very dangerous and infected, and people must be prevented from entering it.

(d) *Unroof the house at once*, after closing it, so as to admit the sun and fresh air freely; these are both excellent disinfectants. Make also openings in the walls if necessary for the same purpose.

2. *Next disinfect the house and things remaining in it* as soon as possible proceeding as follows—

(a) *Open the door of the house*; let a workman with a watering can (provided with a nose) water the ground about the entrance well with the disinfectant solution; next he should enter the house quietly and water the whole floor of the house and all articles lying about on it. He should then take a pump and spray the walls and all articles of furniture freely with the disinfectant solution. The reason for the foregoing is, that presumably the Plague poison does not float in the air, but lies about the floor and walls in the dust and dirt; it is therefore advisable to lay the dust and prevent it rising (with the Plague poison) into the air, so that workmen entering the house should not inhale the latter, and thus become infected.

(b) Next remove all the furniture, clothing, &c., out of the house into the open air. Burn all cheap articles, *e. g.*, grain and other food, matting, firewood, old clothing and rags, putting with these pots, grinding stones, &c.; the latter will be strongly heated and therefore disinfected. There will now remain certain articles, *e.g.*, good furniture and clothing, too valuable to be destroyed. These must be thoroughly dipped and soaked (when possible) in a tub of disinfectant and left there for five minutes. If too large to be dipped, swab and drench them with disinfectant, not allowing a spot of surface to escape. Special attention should be paid to all parts and surfaces of furniture which have rested on the floor of the house, *viz.*, the legs of tables and chairs and bottoms of boxes. These disinfected articles should remain exposed to the sun after this as long as possible.

(c) *Next, the empty house itself should be disinfected.*—The principle here is to thoroughly wet and drench the whole interior surface of the house with disinfectant solution, floor, walls and what may remain of the ceiling. Special attention should be paid to any rat holes, cracks in the walls, and drainage exit holes, also the corners. The Plague poison is presumably most abundant on the floor and the lowest part of the walls, and these should be most thoroughly treated. After the above, the floor, walls, and ceiling (rafters, &c.) should be thoroughly whitewashed, not a spot of any part escaping. To the whitewash it is well to add chlorinated lime (bleaching powder) in considerable quantity, if it can be obtained, as the free chlorine then given off will help to kill the Plague poison. The articles which have been taken out of the house may now be put back into it, and the house should be again securely closed. Such a disinfected house is much safer than it was before disinfection, but still cannot be pronounced absolutely safe. The poison of Plague is extremely minute, and easily escapes the action of disinfectants when hidden away in cracks and crevices in wood and walls. The safest statement to make on this matter is that a disinfected house only becomes *absolutely safe* when all Plague has disappeared for some time from the neighbourhood. Another measure which is very useful in destroying Plague poison in a house is to burn a thick layer of dry grass or straw on the floor; old bamboos which naturally contain some oil are better still, for they burn quickly and fiercely, the result being that the walls and floor of the house become very hot indeed, from the effect of the very rapid and fierce combustion. It is well also to water the immediate surroundings of a house with disinfectants, especially gutters and drains. Disinfecting powder should also be sprinkled about.

(d) All workmen engaged in disinfection of infected places and articles should wear shoes, for it is believed that the Plague poison readily enters the body through wounds, however small. No one with wounds on hands or feet should undertake disinfection work.

3. *Disposal of Plague corpses.*—Not more than four men should be allowed to form the funeral party. If it be impossible to prevent friends attending, they should be kept at a distance of at least ten yards from the body by the Police. Before going near the body, the four men above mentioned should strip off all their clothing with the exception of their dhotas. They should be provided with a large sheet, saturated with disinfectant lotion, which should be thrown over the corpse and tucked round beneath it. They should then raise the body in the sheet and place it upon a cheap bamboo stretcher and carry it away to the burial or burning ground, taking with them the bedding and clothing the patient has been using during his illness, and avoiding, in their journey, people and houses. If buried, bury at least seven feet deep, and cover the body in the grave with a thick layer of quicklime. The grave should then be filled in, and any remaining belongings of the patient, together with the stretcher on which he has been carried, should be completely burnt up. If cremated, the body, bamboo stretcher, and all other belongings of the patient should be thoroughly burnt to ashes. The four men of the funeral party are next thoroughly disinfected, before they go near any one else, or near the rest of their clothing. They may take off their dhotas and steep them in the disinfectant solution for at least five minutes, and wash the whole of their bodies very thoroughly with the same. They then proceed to put on the rest of their clothing and may be allowed to depart. It is best to select your funeral party, if possible, from people in your segregation camp, for you can then keep them under observation. c

4. *Rats and Plague. Rats very easily contract Plague.*—If in any locality, near which the Plague is occurring, several rats are found dead with no marks of injury on them, having to all appearance died natural deaths, it may be concluded

that they have died of Plague. Plague buboes are often present in these rats. Such Plague rats are usually found in the gullies and gutters around a house, sometimes in the house, often in the roof. The important point now to remember is that the tenants of the house near or in which the rats are found are *sure* to be attacked with Plague if they do not vacate the house immediately. Neighbouring houses are also unsafe, as the rats while sick have probably travelled about the immediate vicinity. The tenants therefore of adjoining houses should also vacate their premises, all these people going into a segregation camp, for there is a great likelihood that they are infected, and they should therefore be kept apart from the general population. In the case of a small village in which Plague rats have been found, the wisest course for the people to take is to vacate the whole village and live in temporary shelters in the jungle. If Plague rats are found in the roof of a house, thoroughly remove and burn the rafters, bamboos, tiles, &c., forming it. Plague rats should be burnt to ashes, as they teem with Plague poison. Don't touch the rats with the fingers, but lift and carry them with some implement which should be burnt with the rats.

5. *Disinfectants* (*i.e.*, agencies which thoroughly destroy and kill Plague poison)—

(*a*) Burning to ashes: extremely good.

(*b*) *Exposure to the hot sun and fresh air*: very good, but cannot be counted upon to reach all the poison hidden in any article.

(*c*) Perchloride of mercury, corrosive sublimate: an excellent and powerful disinfectant when used in a strength of *one part* of the perchloride to *thousand parts* of water. One and a half drams of the perchloride to one gallon of water.

N.B.—6 quart bottles = 1 gallon: to get the same strength in *native* weights and measures, take ½ tola of the perchloride to 5 *pukka Bengal seers* of water.

The perchloride of mercury dissolves slowly in water, but its solution can be greatly hastened by adding to the water common salt, in amount about six times the weight of the perchloride taken. The salt and the perchloride being added to the water, stir well for fully ten minutes, and the disinfectant solution is then ready for use. The quantities above recommended really give a strength of 1 part of perchloride to about 800 of water; owing, however, to the low powers of solubility of the mercury, it is well to err on the right side.

N.B.—The perchloride is still more powerful if prepared thus—

(*c*) Perchloride ½ oz.
Hydrochloric acid 1 oz.
Water 3 gallons.

This equals one in thousand parts.

For an immersion bath, use perchloride solution of a weaker strength, *viz.*, 1 to 2,000 or 1 to 3,000 of water. To get this, take the ½ tola (½ dram) of perchloride and add 15 to 20 pukka seers of water (3 to 4 gallons).

N.B.—The perchloride solutions are *very* poisonous, and care should be taken that men and animals do not drink them.

(*d*) Other disinfectants (chemical)—

(1) Carbolic acid: good—of a strength of 1 measure of the acid to 20 measures of water.

(2) Phenyle: another form of carbolic acid; good; should be used in the same proportion as (1).

(3) Jeyes' Fluid: also good; used in similar strength to (1) and (2). *For an immersion bath of* (1), (2) or (3), use 1 part of the disinfectant to 100 of water.

(4) *Permanganate of Potash* 1 per cent, Acid Sulphuric 1 ", } good

(5) Sulphate of copper in 5 per cent solution; good.

(6) *Boiling water*: an excellent disinfectant for clothing, and always obtainable. Put the clothing in a vessel containing boiling water and keep it thoroughly immersed for fully ten minutes.

N.B.—The water must be over a fire and boiling, bubbling *all the time.*

(6) *Implements, Pumps*—

(*a*) *The Holborn brass pump*: very useful; it should be well oiled before use and well washed in water afterwards, as the metal of the pumps is corroded by the perchloride solution.

(*b*) *Chinese wooden pumps*: very good and powerful. Any native made pumps will do equally well, provided they throw a good spray a considerable distance.

(*c*) *Watering cans, whitewash brushes, half barrels and buckets,* are also required for the preparation of the whitewash and disinfectant solution. Galvanized buckets should be painted or japanned.

(7) *Recognition of Plague.*—If in any village or town, in the District, individuals are suddenly attacked with more or less severe fever from which they die in the course of a few days (three to five), the conclusion is that the disease is Plague. This is the more certain if Plague has been gradually approaching the neighbourhood. It must however be remembered that the patient may die after only a few hours' illness, or he may live for a week or two. Swelling known as buboes are usually found in one or more of the following regions: groins, arm-pits and neck. They are often small and better seen than felt, therefore hold up the arms and compare the two exposed arm-pits; compare also the two groins. The patient with Plague looks and feels very ill; the face is often haggard and thinner looking; expression dull and heavy; eyes usually glistening and slightly reddish; often there is a staggering gait and history of falls, for the muscles of the body are much weakened and also made irregular in their action by the poison of the disease. Vomiting frequently occurs at the onset of the disease. The bowels are usually constipated. Cough with much reddish watery phlegm is present in some cases. The tongue when moist is usually thickly coated with white fur and has a red tip and edges; when dry, it is, together with the lips, brown and cracked. The pulse is usually bad and rapidly fails.

Instructions regarding Plague Administration for the general guidance of District and other Officers, issued by the Government of Bombay, under date the 10th January 1898, and re-issued by the Plague Commissioner in Mysore, for the information and guidance of all Officers on Plague Duty.

1. Plague is a disease which is essentially associated with insanitary conditions in human habitation, the chief of which are accumulations of filth, overcrowding and the absence of light and ventilation.

2. It is, in the first instance at least, a disease of locality, and is mainly conveyed from place to place by individuals in their person, clothing and personal effects, who have resided in the infected locality.

3. The essential measures to be taken for preventing the spread of the disease are its early recognition in a locality, the removal of the inmates from the infected locality or area, which, in the first instance, may be only a room or house, their segregation for a specific period, the disinfection of their persons, clothing and personal effects, and of the houses with their contents, situated within the infected locality.

4. The first steps to be taken are in connection with the sickness and mortality. There are, at present, no methods in actual operation by which these can be accurately ascertained. Infectious diseases are not notified, and the registration of deaths is imperfect. Means must be adopted to improve the latter, and check the results by recording in towns all funerals which pass the octroi posts, noting the name of the deceased and the locality of the house in which the death occurred, and by posting trustworthy subordinates, either members of the Police force or of the Revenue Department, at all burying and burning grounds, noting similar information. These subordinates, not being connected with the Municipality, will afford valuable aid in checking the returns, and they will assist the Municipal authorities in arriving at correct results.

5. In villages, the Patils must submit weekly returns of deaths in each village, within their respective jurisdiction, to the Mámlatdár, who will forward them to the Collector of the district, after noting on each any peculiarity in the incidence of the deaths, the mortality for the corresponding week during the past three years, and explaining, if he can, any excess. When the Mámlatdár is not satisfied as to the cause of any excessive or unusual mortality, he should cause special enquiries to be made, and, if necessary, call in the assistance of the nearest medical subordinate.

6. The Patils should also be required to give notice at the police station of the arrival in their villages of any persons from an infected locality. The names of such persons should be entered in a register at the police station, and they should be kept outside the village under observation for ten days and on no account allowed to sleep within the village site. The cause of the death of any person who has recently been in an infected locality should be investigated. In villages remote from a police station the Police Patil should discharge these duties, but the Revenue Patil and the Kulkarni should be held equally responsible.

7. The returns referred to in paragraphs 4 and 5 will show, both in towns and villages, any unusual mortality over the average of previous years, and also the occurrence of two or more deaths in one house or localised area when immediate special enquiry is necessary.

8. For the discovery of cases of sikness it will be necessary to obtain the assistance of the more respectable residents in each quarter, street or group of houses. In any doubtful case of sickness they could obtain the services of the medical subordinate attached to the dispensary, or a hospital assistant may be specially deputed to aid the residents in the work of detection.

9. It should be made obligatory under the Epidemic Diseases Act for the occupier of each room or house in an infected town to notify all cases of sickness and death, occuring in the room or house occupied by him, and for every medical practitioner practising in such a town to report all cases of sikness and death coming to his knowledge in the practice of his profession.

10. When there is reason to believe that cases of plague are occurring in a town or are likely to occur, owing to its proximity to an infected area, the town should be divided into quarters or divisions of a size convenient for effective supervision, and each quarter should be placed, as far as possible, under the charge of an European official, who may be a civil officer, taken from any department, a military or a medical officer, according to circumstances.

11. The quarter under each officer should be sub-divided into defined areas, which might consist of a street, a portion of one, or a group of houses, and each of these sub-divisions should be placed under the charge of a district or local subordinate, who may, for convenience, be called a supervisor. With each supervisor will be associated one or more residents of the sub-division, who will assist the supervisor in obtaining information regarding sikness and mortality in the areas respectively allotted to him. Under each supervisor will be a gang of coolies, varying in number to suit the requirements of each locality. The gangs working in the more populous towns should be divided into three sections, each with defined duties as follows :—

(a) for the detection of cases and their removal to hospital ;
(b) for the evacuation of houses and for the removal of the inmates to camp ; and
(c) for the disinfection of houses.

12. So long as plague exists in the Presidency, it is advisable that the above organisation should be prepared for each town and district area, native Superintendents being substituted for Europeans in the latter, and the members should be ready to act when the necessity arises. At each town exposed to danger an observation camp should be provided where all suspicious arrivals from infected areas may be detained for ten days.

13. It is believed that under such a scheme information regarding all cases of sickness will be easily and readily obtained, but should the people be unwilling to assist the authorities, or withhold the necessary information, then it will be advisable to organis search parties under the charge of the Divisional Superintendent. Each search party should be accompanied by a Medical Officer or subordinate, and by a female, either European or Native.

14. It is absolutely essential to success that all the measures mentioned above for the suppression of the disease should be carried out promptly and effectively. To ensure this being done all the members of the staff engaged in the work should have a clear idea of their duties: the operations will then be conducted in a methodical and systematic manner.

15. The Superintendent should be provided with a suitable office situated in his own division, where he should remain the whole day, except at intervals for meals. The office will be his head-quarters to which all communications should be sent, and at which the Supervisors will make their daily reports. He will exercise a general supervision over all the operations and will issue orders for the necessary action to be taken by each section of the gang of coolies.

16. No house vacated on account of plague may be re-occupied without his sanction, and he may cause a notice to that effec, to be affixed to each vacated house. He should place a seal on boxes containing valuable property left in houses which have been evacuated on account of plague. Such property may be removed by the owner, but if he declines to do so, it will remain at his risk.

17. Property of any value belonging to the poorer class which it may be considered necessary or advisable to destroy as being infected should be appraised by two or more respectable natives and the value paid to the owner by the Superintendent of the division. Compensation should also be given without delay to the very poor for the destruction of clothes, &c., which although they may be of no market value yet serve a useful purpose to the owners.

18. After a house has been disinfected, the door will be secured by a padlock, of which the Superintendent will retain the key or entrance may be barred by any other effectual method.

19. The stock of disinfectants, padlocks and all surplus appliances for divisional use will be kept in or near the office.

20. Each Supervisor will keep a list of all residents in each house in his sub-division. He will inspect all new arrivals, and will obtain information from them as to their previous place of residence. He will, in company with the local resident appointed to assist him, visit all the houses in his sub-division, and obtain information regarding the health of the different inmates, and will, on the conclusion of his rounds, report verbally to his Superintendent the occurrence of all cases of sickness and death and any information regarding arrivals from infected localities. Any case of plague, and all doubtful ones of sickness should be at once reported to the Superintendent at his office by day, and at his house by night,

21. The Supervisor will be provided with a sufficient supply of disinfectants ready for use, with tubs, buckets, watering pots, one or two hand-pumps, either jet or spray, and implements required for unroofing houses and making holes in the walls. There should also be a dooly, charpoy or bamboo frame for the removal of the sick. It should be thoroughly washed or sprayed with perchloride of mercury solution, either at the hospital or sub-divisional depôt after use. This is necessary, as the same dooly may be used for carrying suspected cases to the observation ward. All the above articles should be kept in a room or yard near the centre of his sub-division or at the Superintendent's office.

22. On a report being received by a Superintendent, of the occurrence of a case of plague, he should at once proceed to the house, and when he has satisfied himself that the case is one of plague or of a suspicious nature, he will at once give orders for the removal of the patient, either to the Plague Hospital or to the observation ward, according to the opinion he has formed of the case. The other inmates of the house, with their movable property, should be taken to the segregation camp, in charge of one or more policemen or other responsible persons.

23. They will be supplied with passes by the Superintendent admitting them into hospital and camp. These passes after countersignature by the medical officer or the officer at the camp will be returned through the policemen to the Superintendent.

24. After evacuation of the house, the walls and floors of all rooms, with their contents, except articles of food which it is not intended to destroy, and of all enclosures, should be thoroughly drenched with a solution of perchloride of mercury, and in the course of two or three days coated with freshly prepared limewash. All rags and refuse found in the house or enclosure should be burned in the presence of the supervisor.

25. The roof, if not a pucka one, should be removed, and holes should be made in the walls to admit freely air and light to the smaller rooms and enclosures. On the completion of these operations, the door should be secured with a padlock.

26. The coolies engaged in the work of disinfection, &c., should be provided with boots or shoes, to protect their feet from the danger of infection through abraded surfaces.

27. It may be necessary, owing to the occurrence of several cases in the one area, to vacate a group of houses or a whole sub-division. Should any necessity exist for the adoption of such a measure, it should be carried out as soon as possible by placing a cordon of police or troops, around the area and removing the whole population to the segregation camp. Disinfection and unroofing of the houses to be carried out in due course.

28. Experience has abundantly proved that the evacuation of an infected house or houses is seldom in itself sufficient to stamp out the disease. When plague manifests itself in one house, in an indigenous form, those in the neighbourhood have, as a rule, already become infected, and it usually follows that cases subsequently appear in them. It is therefore always a wise and prudent course on the occurrence of an indigenous case, not only to evacuate the one house but also all those in the immediate neighbourhood.

29. On the evacuation of the houses in the infected area, all the other inhabitants should be encouraged to leave the town and any obstacle which may tend to delay their departure should if possible be removed. The time for prescribing the issue of passes should be carefully considered by the collector, as if the rules prohibiting departure without passes are applied prematurely the exodus of the inhabitants generally will be retarded, more particularly of the poorer classes, who feel diffident about applying for passes or are too apathetic to do so.

30. In a large town where the disease has become of general prevalence, every quarter being affected; and the arrangements for dealing with the epidemic are incomplete and defective, measures must be taken to regulate the departure of the population and prevent them carrying infection to healthy areas. Every effort should in the meantime be made to provide sufficient accommodation in huts for a large proportion of the population.

31. In the case of villages badly infected the whole of the inhabitants should be turned out. Villagers are accustomed to erecting shelters for themselves, but, if necessary, materials for hutting should be supplied. The sick and suspected villagers should be carefully separated from the healthy and an officer should be appointed to examine the daily health of the population and prevent migration to other villages.

32. Daily inspection of villages situated in the neighbourhood of an infected locality should be instituted and maintained during the out-break, and continued for ten days after the occurence of the last case, with special reference to the exclusion of refugees who should be required to camp out.

33. A site for the hospital should be selected as near as possible to the infected population, but a permanent building, suitable in all respects for a hospital, may sometimes be obtained either inside or on the outskirts of the town. It can be easily disinfected when it is no longer required for an hospital, and such a building would be more popular and convenient than huts erected at a distance from the town.

34. If a suitable building is not available it will be necessary to erect huts for plague patients, for convalescents and for the observation of doubtful cases, on the nearest site. The hospital huts intended for females should be some distance apart from those intended for males. The size of each hut will depend on the number of patients expected, but it is advisable not to place a large number of patients in one hut. A series of huts, each capable of accommodating six to twelve patients, will be the best arrangement, and it is one which will admit of the higher and lower castes securing separate accommodation. Movable mat screens should be provided between the beds to secure as much privacy as is possible to each patient. Every patient should be supplied with a cheap substitute for a spittoon, and both it and the vessels used as bed pans, should contain a sufficient quantity of an effective disinfecting solution. The floor of the hospital huts should be freely watered daily with the perchloride of mercury solution, and vessels containing the same solution should always be available for the disinfection of the hands and feet of the native attendants.

35. One relative or friend may be permitted to attend a patient, and a stated time should be set apart for the visits of relatives and friends of the patients.

36. On the arrival of the patient at the hospital, all his clothing should be removed and burnt in the presence of the medical subordinate. Hospital clothing should then be supplied. On recovery the patient may be transferred to the convalescent ward or dismissed. In either case he should be given a warm bath and supplied with new clothes. The hospital clothing, on the discharge or death of the patient, should be disinfected, washed and exposed to the sun for a few hours, after which it may be again taken into use.

37. The hospital and observation wards should be surrounded with a bamboo or other fence.

38. Huts for the segregation of individuals removed from infected houses, and of all suspected persons, should, if possible, be erected at a convenient distance from the hospital compound, and should be surrounded by a bamboo or other fence. Individuals brought for admission into this camp should, for purposes of cleanliness, be bathed in a solution of carbolic acid, one to a hundred parts of water, and their clothing soaked in a solution of one to twenty; if there are no children, perchloride of mercury solution may be used for the latter purposes.

39. All the inmates should be inspected daily, either by the medical officer or a medical subordinate, and any case of plague detected should be removed at once to hospital, and doubtful cases of fever to the observation ward. If no case occurs amongst them, after an interval of 15 to 30 days, they may be allowed to return to their houses, if such houses have been cleaned and disinfected and if the local authority considers that they are fit for re-occupation, or be admitted into the camp for healthy individuals, after a second disinfection of their clothing.

40. Both the hospital compound and the segregation camp should be guarded by troops or police, to prevent the egress of inmates.

41. The establishment of separate hospitals and segregation camps for the reception of members of special castes and religions should be encouraged and every assistance should be given by the local authority for their erection and supervision. The treatment of the patients admitted into these hospitals may, if desired, be placed in the hands of Vaids and Hakims and the internal management of both hospitals and camps may be conducted by members of the caste or religion concerned, subject however to the general supervision of a European doctor where possible and control of the local authorities and to the usual arrangements as regards guards.

42. A camp for the healthy, *i. e.*, for people removed from houses not infected, should also be arranged for. All individuals admitted into it should also be bathed and their clothes disinfected as with admissions into the segregation camp. They should be allowed to pursue their daily employments, on condition that they sleep in camp. The huts should be numbered, inmates registered and a daily inspection made of all the residents. If no case of plague has occurred in a hut for 15 to 30 days, the inmates may, after a second disinfection of clothing, be allowed to return to their houses if such houses have been cleaned and disinfected and if the local authority consider that they are fit for re-occupation.

43. Should a case of plague occur in a hut, the patient should be removed to hospital, and the other inmates to the segregation camp. The hut should be removed, the site disinfected with the perchloride of mercury solution, and the materials of the hut should be similarly disinfected and exposed to the sun for a couple of days, when they can be utilised in the erection of another hut on a new site.

44. The best arrangements should be made for a plentiful supply of water to the different camps. If the water-supply to the town is conveyed through pipes, connections should be carried into the camps. Bathing platforms at some distance apart for the two sexes should be constructed, and provided with surface drains for the removal of surplus water.

45. Separate latrines for the sexes should be erected in connection with the two camps and hospital, and they should be well lighted with ordinary post lamps.

46. Bunniahs' shops with all supplies should be provided for each of the camps.

47. Cases of plague imported into towns and villages, if they are not at once discovered and isolated, will, under existing conditions, develop new centres of the disease and thus infect fresh localities. It is a difficult matter to detect such cases in transit from an infected area.

48. Medical inspection of travallers by rail and road is useful in discovering those actually suffering from the disease or affected with the preliminary symptoms of fever, but as the period of incubation may extend to eight or nine days, it is evident that inspection is of no avail in detecting infected travellers, who are in the stage of incubation. Such travellers cannot be discreminated from the non-infected, and it is necessary for their detection that they should be kept under observation for a period not exceeding ten days.

49. Passengers or travellers who can produce satisfactory evidence that they have not been exposed to infection, may be exempted from detention, as it frequently happens that only one or a few places may be infected in the particular district. The local authorities should give certificates to all persons wishing to travel from the non-infected areas in the district, stating that the holders (giving names, &c.) have not been exposed to infection.

50. The period of observation may, in the case of travellers of ascertained respectability, be converted into one of surveillance at places of destination, if they give satisfactory assurance (or furnish security) that they will report themselves daily to an authorised medical officer. Lists of such passengers should be forwarded either by wire or post to the local authority at place of destination, and any one failing to report may be prosecuted. The medical officer is not at liberty to exempt the individual from attendance without the concurrance of the local authority.

51. The inspecting officer may, however, exercise his discretion as to the necessity of detaining any particular individual.

52. In addition to medicial inspection at select stations a medical officer or subordinate should, if available, be appointed to travel by each train from or passing through an infected district for the purpose of examining passengers booking and alighting at all stations along the line.

53. The object in exercising control over the movements of travellers from an infected area is for the general welfare of the public and not to harass the individuals. It is hoped that by detaining passengers from an infected area, the healthy or non-infected will be eliminated after a few days, and

allowed to proceed on their journey. If the preparatory measures as previously detailed for the suppression of the disease are carried out in an efficient manner, there is every reason to believe that restrictions on travelling will be unnecessary.

54. Any arrangement calculated to prevent the exodus of the healthy from an infected locality or area, must tend to produce a more virulent form of the disease, and its more rapid diffusion among the community.

55. Camps will be established, under the orders of Government, at selected stations suitable for detention of passengers and for the disinfection of clothing and baggage.

56. The above rules will also apply to travellers by road.

57. For preparation of the perchloride of mercury solution for disinfection, see Appendix.

APPENDIX.

The most convenient and satisfactory way of preparing the solution of perchloride of mercury, on a large scale, is that which has been recommended by Dr. Maynard, now on plauge duty in Násik.

The ingredients should be mixed in a 50-gallon cask in the following quantities: to 77 lbs. of perchloride of mercury and 38½ lbs. of pure salt add 15 gallons of boiling water, stir well with a wooden stick, and then fill up the cask with cold water. The solution contains one part of perchloride to 6½ of water, and one ordinary quart bottle, of it, added to 25 gallons of water—the capacity of the ordinary wooden tubs in use—will give a strength of 1 in 1,000.

The standard solution can be carried about in quart bottels placed in partitioned boxes, and is always ready for use without further weighing or measuring.

If the solution is prepared with cold water, the perchloride of mercury must be powdered and two parts of pure salt to one part of perchloride added. The whole should be well stirred until the solids are completely dissolved.

It is of advantage, for several reasons, to add one-half per cent of crude Hydrochloric acid to the solution.

Iron hoops of all casks, tubs, and buckets should be dammered. If iron receptacles are used they should be dammered inside and outside.

If metal pumps are employed for distributing the solution, they should, previous to use, be worked in vegetable oil, and after use thoroughly cleaned in water. This will tend to lessen the corrosive action of the mercury.

Notification No. 37—His. 20, dated 23rd January 1898.

As the bringing of used apparel, bedding, &c., from places which are affected by plague is considered to be highly dangerous, His Highness the Naizam's Government are pleased to direct that all used apparel and bedding (except when carried as personal baggage of travellers), also rags, waste paper, used gunny bags, &c., which may be brought from any portion of the District of Sholapur to any part of His Highness' Dominions will be at once taken charge of by the plague authorities or by the District Officers. If such apparel or bedding is valuable and can be disinfected it will be so disinfected before being made over to the owners, otherwise it will be destroyed by being burnt. The question whether articles shall be disinfected or burnt is left to the discretion of the officials discharging this duty. No claim shall lie against His Highness' Government for losses sustained by the destruction or disinfection of articles under this order, and the public are therefore warned not to import any articles of the kind above described.

PART II.

NOTIFICATIONS BY GOVT. OF INDIA, RESIDENT, CHIEF COURT, &c.

INAM DEPARTMENT.

Notification No. 5, dated 31st January 1898.

Inamdars are hereby informed that (868) final title-deeds for minor inams situated in the Kunigal taluk, have this day been forwarded to the Deputy Commissioner of the Tumkur district, for distribution.

2. They are accordingly to appear to receive the same on receipt of individual notices from the Amildar of the aforesaid taluk, who is hereby instructed to issue such notices without delay.

3. The *ad-interim* extracts already issued for the above inams are hereby declared to be cancelled.

J. P. GRANT, *Supt. of Inam Settlements.*

JUDICIAL DEPARTMENT.

Notification, dated 19th January 1898.

It is hereby notified that the following Rules for the service and execution of processes issued by the Civil Courts in the Mysore Province, and the fees chargeable therefor, framed by the Chief Court under the provisions of Section 20 of the Court Fees Act, in supersession of those contained in the Chief Commissioner's Notifications Nos. 261 and 262, dated 10th January 1880, and the Chief Court Circular letter No. 549-4, dated 5th July 1882, which have received the sanction of Government, shall come into force from the 1st day of February 1898.

I. There shall be one General Establishment of Amins and Peons for the execution and service of processes issued by all the Civil Courts at each of the following stations and at such other places as the Chief Court may hereafter direct :—Bangalore, Mysore, Shimoga.

Such establishment shall be under the immediate direction of a Central Nazir and the control of the Principal Munsiff.

II. At all other stations the Process Establishment shall be under the immediate direction of a Deputy Nazir, who shall be under the control of the Munsiff having jurisdiction at such station.

III. (*a*) There shall be two classes of Central Nazirs, and their pay shall be—

	Rs.
1st Class	50 a month
2nd „	40 „

provided that no Central Nazir shall be placed in the 1st class unless the Process Establishment to be supervised by him consists of 70 peons and 20 amins;

(*b*) There shall be two classes of Deputy Nazirs, and their pay shall be—

	Rs.
1st Class	25 a month
2nd „	20 „

Deputy Nazirs of the 1st class shall be provided for the Munsiff's Courts graded as 1st class, and Deputy Nazirs of the 2nd class for the Munsiffs' Courts graded as 2nd and 3rd classes.

(*c*) There shall be two classes of Amins, and their pay shall be—

	Rs.
1st Class	16 a month
2nd "	14 "

The proportion of Amins in the higher grade shall not exceed one to two in the lower grade.

(*d*) There shall be two classes of Peons, and their pay shall be—

	Rs.
1st Class	8 a month
2nd "	7 "

The proportion of Peons in the higher grade shall not exceed one to three in the lower grade.

The Central Nazir and his Process Establishment shall be appointed by the District Judge. The apppointment of Deputy Nazir and his establishment shall be made by the Munsiff to whose Court they are attached. All appointments shall be subject to the provisions of Section 21 of the Civil Courts Regulation No. I of 1883.

All the charges of the Nazarat Establishment shall be debited to the Process Service Fund.

IV. Each Central Nazir must furnish security in a sum of Rs. 500, and each Deputy Nazir in a sum of Rs. 250. Each Amin of the 1st class must furnish security in the sum of Rs. 120 and each Amin of the 2nd class in the sum of Rs. 100. The security for Peons of both classes shall be Rs. 50.

V. The security to be furnished by Nazirs and Amins shall either be by bond, or by deposit of title deeds of immovable property, or by deposit of cash or Government Promissory Notes ; and the security to be furnished by Peons shall be by bond with two sureties, or by deposit of cash, which should be invested in the District Savings Bank in the name of the depositor.

VI. The "proper officer" to whom processes shall be transmitted for service under Section 72 of the Code of Civil Procedure, 1882, shall be—

(*a*) *The Central Nazir*, in respect of all processes issued by any Court located or having jurisdiction at a station where there is a Central Nazir, for service within the jurisdiction of a Munsiff located at such station ;

(*b*) *The Deputy Nazir*, at a station where there is no Central Nazir, and in respect of processes issued by any Court for service within the jurisdiction of an outlying Munsiff.

VII. The processes of each Court shall be numbered consecutively, as soon as all batta charges have been paid, and shall be entered in a register in the Form A or AA, as the case may be, annexed hereto.

VIII. At stations where there is a Central Nazir, at 3 P. M. daily, the chief ministerial officer of each Court shall sign the Register A, and transmit it to the Central Nazir, together with the processes to be served or executed by him, which have been prepared up to that hour, and the witnesses' batta. Such processes prepared after 3 P. M. shall be sent to the Nazir not later than 11-30 the following morning, together with the register signed as above.

After verifying the entries relating to himself, the Central Nazir shall return the register to the Court concerned with his counter-signature.

This rule shall also apply to processes to be served or executed by the Deputy Nazirs.

IX. One hour before the Post time for each outlying Munsiff's station, the chief ministerial officer of each superior Court shall have a list prepared in the Form AA of all processes to be served or executed within the jurisdiction of such outlying Munsiff, and such list shall be forthwith sent by Post on Mysore Government Service to the Deputy Nazir of such Munsiff, together with all such processes.

X. On receiving any batch of processes, the Central or Deputy Nazir, as the case may be, shall give them general numbers and enter them in a register, which shall be kept by himself or under his superintendence in the Form B annexed hereto.

XI. He shall thereupon arrange for the distribution of the processes, and, after the necessary entries have been made in the Roster (Form C hereto annexed), shall deliver them to the several process-servers. As far as possible, all processes other than warrants of arrest, for persons residing in the same neighbourhood shall be served by one process-server and not by several, whether issued by the same or by different Courts.

XII. Every day, at such hours as the Munsiff may fix, having regard (when necessary) to the hours at which the Post closes, the Central Nazir and each Deputy Nazir shall prepare a list for each Court of the processes to be returned to it giving them their original Court numbers, and shall transmit them with the list to the chief ministerial officer, who shall sign and return the list.

XIII. It shall be the duty of the chief ministerial officer to have the processes returned struck off in his Register A or AA, as the case may be, and to bring to the notice of the presiding Judge any unusual delay. Where such Judge is not the District Judge, he shall report such delay to the District Judge in the absence of satisfactory explanation. The District Judge will report all such cases to the Chief Court.

XIV. At the close of each day, every Central and Deputy Nazir shall enter in the Register B the number of processes distributed during the day and the number of peons remaining unemployed after the distribution.

XV. The return of service shall ordinarily be verified by affidavit, and, under Section 197 (*b*) of the Code of Civil Procedure, all Nazirs and Deputy Nazirs are hereby empowered to administer the oath to any process-server. Such affidavit may be read at the hearing and used as proof of service.

When a process is returned under Section 80, 168 or 343, the Court is required to examine the serving officer on oath; but under Section 386 (*c*), in the case of the process-servers of an outlying Court, such examination may generally be taken under a Commission. The Commission will be in the form of an authority (written or printed at the foot of, or attached to, every process) to the Munsiff to examine the process-server if necessary.

XVI. When any person has been arrested, or movable property seized, by a process-server of an outlying Court under a warrant issued by a superior Court, the process-server shall forthwith bring such person or property to the station of such Court and deliver him or it to the Central or Deputy Nazir, as the case may be, provided that this rule shall not apply to property not required to be brought to the Court-house.

Such Central or Deputy Nazir shall immediately give the process-server a receipt and send him back to his own Court, and shall produce such person or property before the Court which issued the process.

When money shall have been paid upon any such process, it shall be received by the outlying Munsiff and duly transmitted, together with the process, to the Court concerned: provided that, where such sum does not exceed the batta due (or likely to become due within three days) by such Court, the Munsiff may order it to be credited to such Court's Batta Account, sending immediate notice of the same that the Court concerned may pay the judgment-creditor out of the batta accumulations.

XVII. A permanent advance of Rs. 100 will be made to each Central or Deputy Nazir for the batta of witnesses, &c. The amount of batta to be paid must be notified on each process sent to it for service, but shall be retained in the Court issuing the process until the accumulations reach Rs. 50, or till the end of the month. Whenever the sum of Rs. 50 is due by any one Court to another, and at the close of each month in any case, the full amount due must be remitted through the Government Treasury, if there is a Treasury at the outlying station, and if not, by a Postal Money Order, the cost of which may be charged in the Contingent Bill.

The Chief Court may, at its discretion, increase or reduce the permanent advance of any particular Central or Deputy Nazir.

XVIII. On or before the 6th of each month the Central Nazir or the Deputy Nazir (as the case may be) of each Court shall send to each Court concerned a statement showing the account between them, as it stood at the close of the preceding month, and any subsequent remittance. Such accounts, when furnished to any other Court than the District Court, shall be sent on to the District Judge after verification and with any explanation which may seem necessary. It shall be the duty of the District Judge to see that no excessive sum of money is retained in any Court.

XIX. The presiding Judge of any Court may, for any sufficient reason, at any hour of the day, transmit a process for emergent execution within the jurisdiction of the head-quarter Munsiff, and it shall be the duty of the Central or Deputy Nazir (as the case may be), on receiving such process signed by the Judge, to make immediate arrangements accordingly.

In a case of very special urgency, the presiding Judge may deliver any such process to one of the process-servers in attendance on his Court for immediate service or execution.

XX. The Deputy Nazirs of outlying Courts shall on no account delay any process which may be signed by a presiding Judge as emergent. All other processes it shall be lawful for them to keep back for any period, not exceeding three days, which may be necessary to admit of a sufficient number accumulating for a particular neighbourhood.

XXI. The presiding Judge of any superior Court may direct, on the application of the party applying for any particular process which would ordinarily be sent for service to an outlying Court, that it be served or executed by a special process-server from head-quarters: provided that the pay of such process-server at the rate of 4 annas a day for a peon or 8 annas for an amin, for the time he is likely to be employed on such duty, be paid in advance; and the Judge may, for any sufficient reason, direct that such extra charge be costs of the suit or proceeding.

XXII. Except for very special reasons, which must be recorded in writing, no Court shall direct, under Section 349, that a judgment-debtor be left in the custody of a peon, unless a second peon is deputed to assist him and the pay of both, at 4 annas a day for each up to the time fixed for the adjourned hearing, be paid in advance.

Payments under this and the preceding rule shall be made in Process Service stamps.

XXIII. Unless the Chief Court shall otherwise direct, upon due cause being shown, the number of amins and peons to be employed under any Nazir or Deputy Nazir shall be sufficient, and no more than sufficient, for the execution of not less than 100 processes a year by each amin and not less than 300 processes a year by each peon: provided that three peons for each Court shall be told off in rotation for ten days at a time to attend the Court to help to keep order and guard the Court-house and to be available for emergent processes under Rule XIX.

In calculating the number of processes, if more than one of the same description have been issued on behalf of the same party at the same time in the same suit or proceeding and executed in the same town or village, the first only shall be reckoned as a full process, and each subsequent set of three or part thereof shall count as but one process, whether executed by one or more peons. Three processes will be counted for each emergent process and one for each day that a peon is in charge of a judgment-debtor or engaged on any special duty.

XXIV. Every Central or Deputy Nazir shall, at the end of each month, report to the District Judge through the Munsiff the number of processes, calculated as above, which may have been executed by their subordinates within the month; and such report shall show the number declared by each Court to be emergent. The District Judge shall forward the Report to the Chief Court with his remarks thereon.

The Chief Court may reduce the number of peons in the Central Nazarat, or any outlying Court, whenever the average number of processes for each man (exclusive of those allowed under Rule XXIII to be in attendance in the Courts) falls short of the prescribed minimum by more than ten per centum.

The periodical returns of receipts and disbursements on account of Process-service Fees, furnished to the Chief Court, shall show the average number of processes actually executed by each peon or amin.

XXV. The fees chargeable for serving and executing process issued by the Civil Court shall be:—

		Rs.	a.	p.
1.	Summons to Defendant	0	8	0
	And for every additional Defendant if applied for at the same time, and if Defendant resides in the same neighbourhood ...	0	4	0
2.	Sommons to a Witness	0	8	0
	And for every additional Witness, if applied for at the same time, and if the Witness resides in the same neighbourhood ...	0	4	0
3.	Warrant of Arrest	1	0	0
4.	Proclamation of Attachment or Sale	0	8	0
5.	Warrant of Attachment of movable or immovable property ...	1	0	0
6.	Warrant of delivery of possession of property, movable or immovable if no attachment has taken place	The fee for attachment of said property.		
	If the attachment has taken place—			
	For movable property	0	8	0
	For immovable property	1	0	0
7.	Injunction, Order or Notice not otherwise provided for	0	8	0

N. B.—(1) When it is found necessary to employ more than one amin or peon (as for instance where property is situated in different places) double fees are to be charged.

(2) When it is necessary to appoint a custodian of the property attached under Section 269 of the Civil Procedure Code, an additional fee at the same rate shall be levied, from the party on whose application the warrant was issued, at the end of five days and for every additional period of five days or less during which the property is kept under attachment.

All persons claiming to have any interest in the estate of the deceased are hereby called upon to come and see the proceedings on or before the said 28th day of February 1898.

Given under my hand and the seal of the Court this 27th day of January 1898.

By the Court,
V. A. RAJARATNA MUDALIAR, *Registrar.*

FINANCIAL DEPARTMENT.

SPECIAL AUDIT DEPARTMENT.

No. 1892—1467, *dated 5th February* 1898.

To—All Deputy Commissioners of Districts, Treasury Department, and Officer in charge of the State Huzur Treasury, Bangalore.

It is observed that the Extract Registers of Receipts and Re-payments of Revenue and Judicial Deposits, received from some of the districts, are made unnecessarily bulky by the books being made up of a larger number of sheets than needed, nearly half of which are left often blank, and by the entries in each page being made needlessly long and thereby reducing the number of entries thereon. In either way there is much unnecessary waste of printed forms. Moreover, these Registers are to be bound into books and recorded in this office. The Officiating Comptroller has, therefore, the honor to issue the following instructions for the guidance of the Accountant in charge of the District Deposit Accounts.

1. The number of sheets required for each Register should be calculated with reference to the entries to be made therein and stitched in the middle, with the sheets open and placed one within the other, and not folded one over the other as is now done. Each book should have a covering sheet of strong paper to stand wear for nearly two years.

2. The entries of each Extract Register should begin with the 2nd page and close with the last but one. In other words the first and last pages of each Register should be left blank.

3. Each folio of the Receipt Register should have cages ruled for at least 15 entries.

4. Each receipt entry should be in its own cage, which should be wide enough to permit of at least 4 or 5 re-payment entries being made against it.

READ :—

Letters Nos. 918 and 1408, dated 25th and 31st May 1896, respectively, from the Deputy Commissioners, Tumkur and Mysore districts, requesting orders on the subject of affixing stamps to cheques issued by Presidents of District Fund and Municipal Boards in favor of Amildars and others for works carried out from District Funds, &c.

No. 5606-14—FL. 558, DATED BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON—In exercise of the powers conferred by Section 8 of the Stamp Act, 1879, the Government of Mysore are pleased to remit the duty chargeable on Cheques on Government Treasuries issued by Presidents of the District Fund and Municipal Boards in favor of Amildars or others for payment for works sanctioned from Local Funds General, District Funds or Municipal Funds.

2. The elephants are stationed within 15 miles of the Nanjangud railway station and may be inspected on three days' previous notice to the Khedda Superintendent or Field Inspector.

3. Applications should be sealed and registered and superscribed "Tender for Elephants" and reach the undersigned at Bangalore on or before the 28th February next, specifying the Serial No. of elephants and the *highest* price offered for each accompanied by a sum of Rs. 50 as earnest money for each elephant.

4. Within three days of receipt of intimation of acceptance of any tender, such amount as with the earnest money will make up 25 per cent of the tendered amount should be remitted, failing which the earnest money will be forfeited to Government and the acceptance of tender be considered cancelled. The balance of purchase money must be paid within ten days from receipt of intimation of acceptance of offer and the animals taken charge of, failing which they will be *entirely* at the risk of the tenderer and Rs. 5 per day per elephant will be charged for feed and attendance. If within a fortnight from the latter date (*i. e.*, from the date an elephant is at the risk of the tenderer) it is not fully paid for and removed it will be liable to be re-sold, any loss on such re-sale being recovered from the tenderer as a revenue demand.

6. Elephants must be conveyed by purchasers to their destination at their own cost and risk, but needful assistance will be rendered as regards mahouts and kumki elephants if purchasers are willing to bear the charges which must be deposited with the undersigned.

7. The earnest money of rejected tenders will be returned as well as the 25 per cent of the tender amount paid if the elephant dies within ten days of the communication of the acceptance of the tender. Any surplus of money deposited under para 6 will also be refunded, purchasers being liable for any excess expenditure which will be recoverable as a revenue demand.

8. The undersigned reserves the right to accept or reject any tender without assigning any reason.

ABSENT.

Official Members.

1. Mr. Parthasarathi Iyengar, Amildar of the Channapatna taluk. He was otherwise busy.
2. The Civil Surgeon, Bangalore. Explanation called for.

1. Read the correspondence ending with letter, dated the 11th December 1897, from Rai-Bahadur Mr. Arcot Narainsami Mudaliar, regarding the opening of a dry weather road from Sunkenahalli to Vasantapur in the Bangalore taluk.

Resolved that it is not now necessary to repair this track, as the cost is heavy.

2. Read the Executive Engineer's docket No. 1156—372, dated the 20th March 1896, regarding the extension of the tunnel across the kodi channel of the Channarayapatna tank in the Devanhalli taluk.

Resolved that the estimate be passed.

3. Read the correspondence ending with the Closepet Sub-Division Officer's yadi No. 330, dated the 6th November 1897, regarding the repair of the cart-track from Somenahalli to Bangalore-Kankanhalli road.

Resolved that the estimate be passed.

4. Read the correspondence ending with the 3rd Assistant Commissioner's yadi No. 226, dated the 22nd September 1897, regarding the construction of a cattle-pound in the Hessarghatta village of the Nelamangala taluk.

Resolved that the estimate be passed.

5. Read the correspondence ending with the Executive Engineer's docket No. 5464—1547, dated the 3rd November 1897, regarding the improvement of the Channapatna-Halagur road.

Resolved that the estimate be passed.

6. Read the correspondence ending with the Executive Engineer's docket No. 5596—1582, dated the 8th November 1897, regarding the excess amount required for annual repairs to Bangalore-Mysore road *viâ* Kankanhalli.

Resolved that the estimate be passed.

7. Read the 3rd Assistant Commissioner's yadi No. 422, dated the 5th November 1897, regarding the construction of some tunnels on the track to the Hessarghatta village of the Nelamangala taluk.

As the former track on the Hessarghatta tank was closed by the Public Works Department, when that tank was improved, resolved that that Department be requested to construct the tunnels now in question.

8. Read the Bangalore Amildar's report No. 425, dated the 19th November 1897, about the establishment of a cattle-pound at Whitefield.

As there are cattle-pounds in the adjoining villages of Vartur and Kadgodi, resolved that a third pound at Whitefield is not necessary.

9. Read the correspondence ending with the 3rd Assistant Commissioner's yadi No. 486, dated the 22nd November 1897, about re-constructing the cattle-pound at Vartur, in the Bangalore taluk.

Resolved that the estimate be passed.

10. Read the correspondence ending with the 1st Assistant Commissioner's yadi No. 397, dated the 6th December 1897, regarding the fixing of lanterns on the road leading to the railway station from the town of Dodballapur.

As this is mainly for the benefit of the people of Dodballapur, resolved that that Municipality should provide this convenience; but that, as a grant-in-aid, the District Fund bear the cost of putting up the lanterns once for all.

11. Read the Excise Commissioner's docket No. 4902—103, dated the 9th December 1897, urging the necessity of forming a road from Bannerghatta in the Anekal taluk to Kaggalipur in the Kankanhalli taluk.

Resolved that the work be carried out.

12. Read the correspondence ending with the Dodballapur Amildar's report No. 1248, dated the 27th June 1897, for the improvement of the cart-track between Halbhavi and Hosahalli in the Dodballapur taluk.

Resolved that the ghat sections only of the track be repaired.

13. Read the correspondence ending with the Closepet Sub-Division Officer's yadi No. 463, dated the 11th December 1897, regarding the construction of a chavadi at Mullahalli in the Kankanhalli taluk to serve as a musafirkhana for travellers.

Resolved that a regular musafirkhana be built at a cost of Rs. 1,000 on the plan approved by Government in Order No. 11170-8—L. F. 110-95 of the 31st March 1896.

14. Read the correspondence ending with the 3rd Assistant Commissioner's yadi No. 614, dated the 28th December 1897, regarding the improvement of the cart-track from the Chikbidarakallu village in the Nelamangala taluk to the Bangalore-Nelamangala road.

Resolved that the track be improved as proposed.

15. Discussed the District Fund budget to be submitted to Government for the year 1898-99.

Resolved that the budget be passed. The Executive Engineer asks for the increase of the maintenance allowance of the Anekal-Iglur road from Rs. 50 to Rs. 75. Resolved that Rs. 60 per mile be passed. Further resolved that a sum of Rs. 500 be provided for the annual maintenance of the cart-track from Palankere (on the Dodballapur-Hindupur road) to Subbarayan ghat temple and thence to Gunjur on the said road.

16. Read the 2nd Assistant Commissioner's yadi No. 456, dated the 8th January 1898, regarding the construction of an inspection lodge at Sarjapur in the Anekal taluk, and stating that the Superintending Engineer, Eastern Circle, may be addressed in the matter to get the same constructed out of the Provincial Funds.

Resolved that a suggestion may be made as proposed.

17. Read the correspondence ending with the Closepet Sub-Division Officer's yadi No. 474, dated the 16th December 1897, recommending the grant of Rs. 40-15-0 (the cost of stone work) towards the well deepened at Solur in the Magadi taluk for Dasa Holeyars at a cost of Rs. 80-15-0.

Resolved that the grant be made.

18. Read the 2nd Assistant Commissioner's yadi No. 443, dated the 7th January 1898, forwarding an estimate for Rs. 25 for repairing (*i. e.*, for filling in ruts and pits) the road leading from the railway station at Kadgodi to the musafirkhana there.

Resolved that the estimate be passed.

19. Read the correspondence ending with the Closepet Sub-Division Officer's yadi No. 524, dated the 20th December 1897, forwarding an estimate for Rs. 2,069 for repairing the cart-track from Bidadi to Harohalli.

As there are no funds at the disposal of this Board, resolved that the Government be asked to have this road constructed out of the Local Funds General.

20. Read the 2nd Assistant Commissioner's yadi No. 442, dated the 7th January 1898, forwarding an estimate for Rs. 24 for the construction of a latrine close to the musafirkhana at Kadgodi.

Resolved that the estimate be passed.

21. Read the 2nd Assistant Commissioner's yadi No. 421 of the 28th December 1896, forwarding an estimate for Rs. 491 for constructing a kitchen in the compound of the musafirkhana at Hindiganal in the Hoskote taluk.

Resolved that one or two of the rooms in the musafirkhana be converted into kitchens.

22. Read the 2nd Assistant Commissioner's yadi No. 423, dated the 28th December 1897, forwarding an estimate for Rs. 300 for constructing a cattle-pound at Hindiganal village in the Hoskote taluk.

Resolved that the estimate be passed.

23. Read the 2nd Assistant Commissioner's yadi No. 422, dated the 28th December 1897, forwarding an estimate for Rs. 70 for constructing a tunnel over the nala near Nidaghatta in the Hullar hobli of the Hoskote taluk.

Resolved that the estimate be passed.

24. *Resolved* that a loop line be constructed, at once, from the railway station at Dodballapur to the Dodballapur-Devanhalli road.

25. *Resolved* that, as there are no funds at the disposal of this Board, the Government be asked to sanction the proposed road from Anekal to Kankanhalli (*viâ* Maralavadi) which is likely to cost about Rs. 60,000 out of the Local Funds General.

26. *Resolved* that the meetings of this Board be held every other month on the first Monday of that month or the next office day after that day, if that day be the first of the month, or a holiday.

Notice, dated 25th January 1898.

Sealed tenders for the supply of horse gram required for the Imperial and Local Service Regiments, transport ponies, &c., at Bangalore and Mysore for one year (from 15th February 1898 to 15th February 1899), will be received up to 2 P. M. on Saturday the 5th February 1898 in the office of the Chief Commandant, Mysore State Troops, Bangalore.

Conditions.

1. One tender for both the stations or separate tenders for each station may be given at the option of the tenderer, but the tender should show clearly the rate (number of seers per rupee) at which the horse gram can be supplied at Bangalore and Mysore throughout the year.
2. Every tender should be accompanied by a currency note of Rs. 50 as earnest money.
3. The tenderer whose tender is accepted will be required to deposit Rs. 1,500 for Bangalore and Rs. 1,000 for Mysore.
4. The Troop Officers of each Regiment and the Officers in charge of transport ponies at either station will indent on the contractor for the quantity of horse gram required per day, and the contractor will be required to supply the quantity indented for daily at the Sawar Lines at Bangalore and Mysore and obtain receipts.
5. The contractor will present bills once a month for supplies made by him during the month to the Regimentdars, who will arrange for the payment of the amount due to the contractor.
6. Should the contractor fail to comply with any of the conditions detailed above his contract will be forthwith cancelled and the deposit credited to Government.
7. The contractor will be required to execute an agreement for the due fulfilment of the contract.
8. The Chief Commandant reserves to himself the right of accepting or rejecting any tender without assigning any reasons thereof.
9. Probable quantity of horse gram required for one day.

P. H. BENSON, M. B., *Surgeon, Lt.-Colonel,*
Sr. Surgn. & Sany. Comr. with the Govt. of Mysore.

Notification No. 154—*Mis.* 90, *dated 8th February* 1898.

It is understood that butter and milk, tinned in Bombay and Baroda and other places infected with the Plague, are being imported and sold in Bangalore and Mysore and other stations in Mysore. The public are warned against using these articles.

The following papers on the subject of arrangements to be made for the despatch of pilgrims for the Hedjaz are published for general information.

V. P. MADHAVA RAO, *Plague Commissioner in Mysore.*

Letter No. 145 M. Mis., dated the 18th January 1898, from the Secretary to the Government of Madras, Local and Municipal Department, to the Resident in Mysore.

With reference to the letter from the Government of India, Home Department No. 2549, dated 27th November 1897, to my address on the subject of the arrangements to be made for the despatch of pilgrims for the Hedjaz, I am directed to state that this Government has arranged that pilgrims from Mysore, should be detained at a camp of observation at Beypore, near the Feroke Railway Station, until they are certified by the Medical Officer in charge to be free from infection and sent thence for embarkation from the port of Calicut. Arrangements for receiving the pilgrims at the camp will be ready in the course of a week or so but definite information regarding this will be sent to you by telegram later on. I am to request that the pilgrims may be made clearly to understand that such of them as are unable to pay for their passage by sea to Jeddah *viâ* Bombay and Karachi (above Rs. 70) will not be admitted into the camp of observation. I am also to invite attention to para 3 of the resolution of the Government of Bombay No. 7079, dated 20th December 1897, from which it will be seen that the pilgrims are to be segregated and kept under observation a *second* time in Sindh before they are allowed to leave Karachi and to request that you will arrange to make this known to intending pilgrims.

PILGRIMS.

Arrangements at Bombay and Karachi for the despatch of pilgrims to the Hedjaz.

General Department No. 7079, *Bombay Castle, 20th December* 1897.

Memorandum from the Commissioner of Customs No. 5748, dated the 4th December 1897.

Submitting the following letter No. C.—20810, dated the 3rd idem, from the Collector of Customs, Bombay. "With reference to your No. 5541 of date 24th ultimo, I have the honor to report as follows :—

"2. The Persian Steam Navigation Company has been referred to Notification No. 6560 of 25th November 1897, opening the pilgrimage from India under certain restrictions.

"3. There are now in Bombay only 67 who profess themselves pilgrims ; of these none have to be despatched home as being from the prohibited area. They can be housed at Malet Bandar pilgrim shed and can be despatched to Karachi after the (10) days. Many of them will have to be sent at Government expense. I enclose a list of the 67 pilgrims.

"4. I apprehend there are many in Bombay come from up-country, who disclaim being pilgrims though they came to Bombay with the intention of going on the Haj. They will attempt to get away by indirect means. Every precaution has been taken to prevent this, but I would recommend that the probable date of sailing of a vessel from Karachi and the conditions under which pilgrims from outside the presidency will be allowed to proceed in her should be notified as soon as possible. They may then come forward for segregation in a camp of observation, and transport to Karachi."

Telegram from the Commissioner in Sindh No. 1265, dated the 12th December 1897 :—

"In reference to Government Resolution 6668 of 30th will the orders in your telegram* No. 6522 of 24th November, that pilgrims who come to Bombay and are shipped thence to Karachi must be segregated ten days in Sindh before departure thence, apply to pilgrims shipped at Madras Port and transhipped for Karachi in Bombay? I propose keeping them in Manora only till pilgrim ship is ready."

*Printed in the preamble of Government Resolution No. 6560, dated 25th November 1897.

Letter from the Government of India, Home Department (Sanitary), No. 2630, dated the 11th December 1897 :—

Communicating their instructions as regards the arrangements to be made for the despatch from Karachi of pilgrims arriving there as ordinary passengers and of pilgrims from other parts of India sent there from Bombay.

Letter from the Commissioner of Police, Bombay, No. 9873-21, dated the 13th December 1897 :—

"I have the honor to report for the information of Government that on the 2nd instant it was brought to my notice, by the Protector of Emigrants, that amongst the passengers who had shipped per *S. S. Patna* of the B. I. S. N. Company then about to sail for Muscat and other Persian Gulf Ports, there were 33 men suspected to be pilgrims.

From enquiries made by the Protector of Pilgrims it was ascertained that they were Bokhari pilgrims and they were consequently brought on shore, and are at present living in different parts of the city, being unable to proceed to their homes for want of funds.

"2. The Agents of the B. I. S. N. Company have refunded them the cost of their passage tickets minus a sum of Rs. 5 which had to be paid for bringing them from the steamer to the Ballard Pier."

Resolution :—Copy of the letter from the Government of India should be forwarded to the Commissioner in Sindh and the Commissioner of Customs for information and guidance.

2. The Commissioner in Sindh should be requested to make the necessary arrangements to carry out the instructions of the Government of India and should report the place up-country chosen as a pilgrim camp.

3. It appears to Government desirable that the Bombay pilgrims should be segregated at Malet Bandar for about ten days before they are allowed to embark, for the better security both of Karachi and of other pilgrims on the ship. The Madras pilgrims, who will presumably be taken from Bombay Harbour by the same vessels which carry the Bombay pilgrims, must also be segregated in Sindh.

4. The 33 pilgrims referred to by the Commissioner of Police, Bombay, who are assumed to be included in the 67, mentioned by the Commissioner of Customs, should be dealt with under the above instructions if they have funds to pay for their tickets in the usual way. Pilgrims who may in future come to Bombay must be treated as directed by the Government of India in paragraph 2 of their letter of the 11th instant with regard to pilgrims coming direct to Karachi.

5. A copy of these orders should be sent to the Government of India and the various Provincial Governments concerned.

In continuation of letter No. 145—M. Mis., dated the 18th January 1898, from the Secretary to the Government of Madras, Local and Municipal Department, to the Resident in Mysore, regarding the arrangements made for the detention at a Camp of Observation at Beypore of pilgrims for the Hedjaz from the Mysore State, the following letter No. 277—M. Mis., dated the 31st January 1898 from the Acting Secretary to the Government of Madras, Local and Municipal Department, to the Resident in Mysore, is published for general information :—

"In continuation of my letter No. 145—M., dated the 18th instant and telegram of today, I am directed to state that the Deputy Collector of Karachi reports that the last pilgrim steamer must leave Karachi at least 35 days before the Haj, which occurs on the 1st May next. As the pilgrims must be detained for a minimum period of 10 days in the observation camp at Beypore and again for a similar period in Sindh after a voyage of about ten days from Calicut to Karachi, they should get into the camp not later than the 20th February next, and no pilgrims arriving thereafter that date can be sent on. Arrangements for receiving the pilgrims at the Beypore Camp are not yet complete, and, as soon as they are, information will be sent to you by wire".

Telegram, dated the 31st January 1898, from the Secretary to the Government of Madras, Local and Municipal Department, to the Resident in Mysore :—

"Pilgrims for Hedjaz should arrive Beypore Camp by 20th February. Letter follows"

No. 153—*Circular* 91, *dated 7th February* 1898.

The following abstract of orders issued by the Government of India are communicated to the Inspecting Officers on Plague Duty at Harihar, Yeswantpur, Bangalore, Bowringpet and Goribidnur, and to Deputy Commissioners and Superintendents of Police for information and guidance in continuation of the Rules for the inspection, detention, and escort of passengers marked VI.

In order to prevent passengers by rail from the Bombay Presidency, escaping detection by re-booking at intermediate stations, it has been arranged that the tickets of all passengers leaving the infected area should be punch-marked at the border stations of the Bombay Presidency so that there may be no difficulty in recognising them even by a dim light. The special nippers will punch a hole 4-10ths of an inch square in the long side of the tickets ; but until the special nippers are provided a corner of each ticket will be cut off. Persons holding tickets punched as above or with corners cut off should be considered as coming from infected area and be subjected to observation under the rules.

2. The rules about escort of passengers from the infected area already communicated and the new Regulations under the the Act which will be immediately passed, make it unnecessary to reproduce the orders of the Government of India, regarding passengers from the infected area alighting and re-booking at intermediate stations within the Mysore State.

3. Inspecting Officers are further informed that in the absence of any symptoms showing a passenger to be suffering from fever, it is unnecessary to examine his person for the purpose of finding out whether buboes are present and that this practice, if it is at present enforced anywhere, should be discontinued.

4. The Inspecting Police Inspector will give his particular attention to this matter and see that the instructions are properly understood and carried out.

Extracts from Instructions regarding Plague Administration for the general guidance of District and other Officers, issued by the Government of Bombay, under date the 10th January 1898, and re-issued by the Plague Commissioner in Mysore, with the necessary modifications as regards the designation of officials.

* * * *

4. The first steps to be taken are in connection with the sickness and mortality. There are, at present, no methods in actual operation by which these can be accurately ascertained. Infectious diseases are not notified, and the registration of deaths is imperfect. Means must be adopted to improve the latter, and check the results by recording in towns all funerals which pass the octroi posts,

noting the name of the deceased and the locality of the house in which the death occurred, and by posting trustworthy subordinates, either members of the Police Force or of the Revenue Department, at all burying and burning grounds, noting similar information. These subordinates, not being connected with the Municipality, will afford valuable aid in checking the returns, and they will assist the Municipal authorities in arriving at correct results.

5. In villages, the Patels must submit weekly returns of deaths in each village, within their respective jurisdiction, to the Amildar, who will forward them to the Deputy Commissioner of the District, after noting on each any peculiarity in the incidence of the deaths, the mortality for the corresponding week during the past three years, and explaining, if he can, any excess. When the Amildar is not satisfied as to the cause of any excessive or unusual mortality, he should cause special enquiries to be made, and, if necessary, call in the assistance of the nearest medical subordinate.

6. The Patels should also be required to give notice at the Police Station of the arrival in their villages of any persons from an infected locality. The names of such persons should be entered in a register at the Police Station, and they should be kept outside the village under observation for ten days, and on no account allowed to sleep within the village site. The cause of the death of any person who has recently been in an infected locality should be investigated. In villages remote from a Police Station, the Patel should discharge these duties, but the Shanbhog should be held equally responsible.

OFFICE OF THE PLAGUE COMMISSIONER IN MYSORE,

Plague Comr. in Mysore.

Notification No. 37—*Mis.* 20, *dated* 23*rd January* 1898.

As the bringing of used apparel, bedding, &c., from places which are affected by plague is considered to be highly dangerous, His Highness the Naizam's Government are pleased to direct that all used apparel and bedding (except when carried as personal baggage of travellers) also rags, waste paper, used gunny bags, &c., which may be brought from any portion of the District of Sholapur to any part of His Highness' Dominions will be at once taken charge of by the plague authorities or by the District Officers. If such apparel or bedding is valuable and can be disinfected it will be so disinfected before being made over to the owners, otherwise it will be destroyed by being burnt. The question whether articles shall be disinfected or burnt is left to the discretion of the officials discharging this duty. No claim shall lie against His Highness' Government for losses sustained by the destruction or disinfection of articles under this order, and the public are therefore warned not to import any articles of the kind above described.

P. H. BENSON, M. B., *Surgeon, Lt.-Colonel,*
Sr. Surgn. & Sany. Comr. with the Govt. of Mysore.

CIRCULAR.

No. 217--96, *dated* 15*th February* 1898.

I have the honor to invite your attention to the necessity that exists for placing all towns and villages in your jurisdiction in a perfectly sanitary condition in view of the recrudescence of the Plague in Bombay City and its appearance in the Southern Districts of the Bombay Presidency.

2. It has been established that*—

(i) "Plague is a disease which is essentially associated with insanitary conditions in human habitations, the chief of which are accumulations of filth, overcrowding and the absence of light and ventilation.

(ii) "It is in the first instance at least a disease of locality, and is mainly conveyed from place to place by individuals in their person, clothing and personal effects, who have resided in the infected locality."

* Instructions regarding Plague administration for the general guidance of District and other Officers, issued by the Government of Bombay under date the 10th January 1898, and re-issued by the Plague Commissioner in Mysore for information and guidance of all Officers on Plague duty. Paras (i) and (ii).

3. "It is also proved beyond doubt that Plague bacilli thrive best in the filthy silt of drains and sewers and in the vitiated sub-soil water of the town."

4. Sanitation therefore is a matter of vital importance in keeping out Plague; and I have, with the concurrence of the Senior Surgeon and Sanitary Commissioner, to call your attention to some points requiring immediate action. Instructions should issue in all towns and villages in your jurisdiction for—

(*a*) Removing old accumulations of refuse.

(*b*) Clearing, ventilating, and flushing covered drains.

(*c*) Closing of cesspits wherever possible, and the removal of all sewage and sodden soil from ditches and drains to a distance; where it is impossible to close cesspits, lime should be applied frequently.

(d) Preventing over-crowding in houses.

(e) Cleaning, lime-washing and fumigating the interior of houses of the poorer classes. If material be issued free, the people can be induced to do the work themselves.

(f) Letting in air and sunshine into houses, which has been found to be the most important remedy for this disease and which may be easily done by removing a portion of the roofing.

(g) Removal of old and dilapidated houses in thickly populated localities in order to increase the ventilation.

(h) Opening out lanes through densely built blocks of houses.

(i) Draining water-logged localities by cutting ditches and lowering water-level to reduce damp.

(j) Introducing the system of daily conservancy as regards privies.

5. Even more urgent than the measures above indicated is the prevention without delay of the pernicious and highly insanitary practice of burying and burning dead bodies by the side of streams and reservoirs, the water of which is used for drinking purposes.

Government Proceedings No. 1793—Gl. 46, dated 21st May 1877.

6. It was ruled in the "Rules for Conservancy of small Towns and Villages," issued so far back as the 21st May 1877, that "the burying and burning of dead bodies in the beds of rivers and tanks or in *nalas* which form water courses after heavy rain should be strictly prohibited." But this practice and the practice described above are of general prevalence and should be put a stop to without further delay.

7. Strict orders should be given to all Amildars to carry out the instructions in para 5. No excuse, such as that the practice is a long-standing one and could not be stopped, should be allowed to prevail. Suitable sites and grounds should be provided to meet the convenience of the people in lieu of those closed, and the Amildar should be held responsible for the carrying out of these arrangements.

8. I am sure a little exertion on the part of Amildars will lead to this first essential of sanitation being carried into effect without unnecessary hardship to the parties concerned. The names of Amildars who have shown activity in securing this object may be noted and reported to me. All that is required is for the Amildar to call for from the Patel a list of towns and villages in which the practice prevails, and also suggestions from the Shanbhog as to vacant and unoccupied sites available in unobjectionable localities. Such sites if occupied, can be acquired easily by the use of the Amildars' influence, and if they cannot be so acquired, the Amildar may take action under the Land Acquisition Act: such cases must be very few.

9. An Assistant Commissioner in each District and Sub-Division may be assigned the duty of calling for and dealing with reports from the Amildars. The Amildar may send a fortnightly statement showing the action taken by him to the Assistant Commissioner on this duty, who will issue such orders as may be necessary and submit a statement to the Plague Commissioner every month as to the progress made in the District.

10 The manure-pits of the villages should be placed to the north-west and south-east of each village avoiding the directions of the prevailing winds, *viz.*, the north-east and south-west, known as the *Nirutia* and *Eesanya* directions.

11. All stagnant pools in or near towns and villages should be filled up.

12. The washing of clothes or bathing in wells and tanks reserved for drinking purposes should be strictly prohibited. A list of all tanks and wells so reserved may be prepared and submitted to the Deputy Commissioner, and notice boards put up warning people against defiling the water.

13. In my Notification No. 154—90, dated 5th February 1898, the public are warned against using articles of food such as tinned butter and milk from Bombay. The greatest publicity should be given to this notification.

14. I have also to invite your attention to Notification No. 37—Mis. 29, dated 23rd January 1898, issued by the Hyderabad Government prohibiting the importation of rags, sacking, bedding, &c., from infected places, and to Regulation 13 of the Regulations issued by the Mysore Government under the Epidemic Diseases Regulation. The local authorities should be on the look-out for these articles and invariably disinfect and if necessary destroy them.

15. This Circular is issued with the sanction of Government.

V. P. MADHAVA RAO,
Officer in Administrative Charge of Plague Preventive Measures.
